Pre Capitalist Iran A Theoretical History:

Pre-capitalist Iran Abbas Vali, 1993 What kind of society was Iran before the constitutional revolution of 1906 feudal or despotic and asiatic In this book the first of its kind Dr Vali critically assesses both arguments examining the works of high social theory from which this long running controversy derives and developing new concepts for the analysis of state and social relations in pre capitalist Iran He also paints an illuminating portrait of politics and society in Qajar Iran Bloomsbury Publishing *Iran in the 20th Century* Touraj Atabaki, 2009-06-17 Political upheaval has marked Iran s history throughout the twentieth century Wars revolutions coups and the impact of modernism have shaped Iran s historiography as they have the country s history Originally based on oral and written sources which underpinned traditional genealogical and dynastic history Iran s historiography was transformed in the early 20th century with the development of a new school of presenting history Here emphasis shifted from the anecdotal story telling genre to social political economic cultural and religious history writing A new understanding of the nation state and the importance of identity and foreign relations in defining Iran s place in the modern world all served to transform the perspective of Iranian historiography Touraj Atabaki here brings together a range of rich contributions from international scholars who cover the leading themes of the historiography of 20th century Iran including constitutional reform and revolution literature and architecture identity women and gender nationalism modernism Orientalism Marxism and Islamism **The A to Z of Iran** John H. Lorentz, 2010-04-14 Iran is a country with a deep and complex history Over several thousand years Iran has been the source of numerous creative contributions to the spiritual and literary world and the site of many remarkable manifestations of material culture The special place that Iran has come to hold in contemporary historical events most recently as a center stage actor in the unfolding and interconnected drama of worldwide nuclear arms proliferation and terrorism is all the more reason to explore the characters and personality of Iran and Iranians The A to Z of Iran is designed to give the reader a quick and understandable overview of specific events movements people political and social groups places and trends Through its extensive chronology introduction bibliography appendixes and more than double the number of cross referenced dictionary entries as in the previous edition the work allows for considerable exploration of a number of historical and contemporary topics and issues In particular the modern period defined as 1800 present is covered extensively *The Forgotten Years of Kurdish Nationalism in Iran* Abbas Vali, 2019-06-26 This book investigates the forgotten years of Kurdish nationalism in Iran from the fall of the Kurdish republic to the advent of the Iranian revolution An original and path breaking investigation of the period it sheds light not only on the historical specificity of the phenomenon of nationalism in exile but also on the political processes and practices defining the development of Kurdish nationalism in the post revolutionary era Although nationalist landmarks such as the Kurdish republic in 1946 and the resurgence of the movement in the revolutionary conjuncture of 1978 79 have attracted the attention of historians and social scientists in recent years little is known about the three decades of Kurdish nationalism in

exile between these two events This analysis draws on contemporary poststructuralist theory to question the concept of the minority in democratic and constitutional theory arguing that it is an effect of the discursive linkage between sovereign power and the dominant ethnic linguistic identity in the nation state This text will appeal to a wide academic audience ranging from the fields of Kurdish Iranian and Middle East Studies to ethnicity nationalism government and political science

The Political Economy of Iran Under the Qajars Hooshang Amirahmadi, 2012-06-28 The political economy of Iran underwent the fundamental transition from feudalism to modernity from the early 19th to the 20th century a period which was a vital watershed in Iran's historical development This book provides a critical analysis of Iran's economic social and political development and shows how the path to modernity far from smooth was hindered by both internal and international factors These included a powerful monarchy with little interest in administrative and economic reform a large aristocracy frequently holding vital provincial governorships and frustrating effective central government and a failure to create a modern civil service military banking finance or communications the essential infrastructure for economic development Reformers were marginalised and business suffered And the all powerful ulema were a further brake on modernisation On the international front the rivalry of Britain and Russia compounded the problems both acting to control Iran and to further their own interests Hooshang Amirahmadi explores the roots of present day challenges to modernisation and progress and using a wealth of primary sources and original research has produced a work which is invaluable for students of modern Iranian history politics and Iran's political economy

Bazaar and State in Iran Arang Keshavarzian, 2007-04-12 The Tehran Bazaar has always been central to the Iranian economy and indeed to the Iranian urban experience Arang Keshavarzian's fascinating book compares the economics and politics of the marketplace under the Pahlavis who sought to undermine it in the drive for modernisation and under the subsequent revolutionary regime which came to power with a mandate to preserve the bazaar as an Islamic institution The outcomes of their respective policies were completely at odds with their intentions Despite the Shah's hostile approach the bazaar flourished under his rule and maintained its organisational autonomy to such an extent that it played an integral role in the Islamic revolution Conversely the Islamic Republic implemented policies that unwittingly transformed the ways in which the bazaar operated thus undermining its capacity for political mobilisation Arang Keshavarzian's book affords unusual insights into the politics economics and society of Iran across four decades

Global 1979 Arang Keshavarzian, Ali Mirsepassi, 2021-07-15 The Iranian revolution of 1979 not only had an impact on regional and international affairs but was made possible by the world and time in which it unfolded

This multi disciplinary volume presents this revolution within its transnational and global contexts Moving deftly from the personal to the global and from the provincial to the national it draws attention to the multiplicity of spaces of the revolution such as streets schools prisons personal lives and histories such as the Cold War and Global 1960s and 70s With a broad range of approaches Global 1979 conceives of the Iranian Revolution not as exceptional or anachronistic but as an uprising constituted by multiple interwoven geographies and histories which disrupt static and bounded notions of the local national regional and global

Recasting Iranian Modernity Kamran Matin,2013-11-07 Critically deploying the idea of uneven and combined development this book provides a novel non Eurocentric account of Iran s experience of modernity and revolution Recasting Iranian Modernity presents the argument that Eurocentrism can be decisively overcome through a social theory that has international relations at its ontological core This will enable a conception of history in which there is an intrinsic international dimension to social change that prevents historical repetition This hitherto under theorized international dimension is the book argues manifest in combined patterns of development which incorporate both foreign and native forms It is the tension prone and unstable nature of these hybrid developmental patterns that mark Iranian modernity and fuelled the socio political dynamics of the 1979 revolution and the rise of political Islam Challenging solely comparative approaches to the Iranian Revolution that explain it away as either a deviation from or a reaction to modernity on the grounds of its religious form this book will be valuable to those interested in an alternative theoretical approach to the Iranian Revolution modern Iran and political Islam working in the fields of International Relations Middle East and Islamic Studies History Political Science Political Sociology Postcolonialism and Comparative Politics

Hegemony Jonathan Joseph,2003-08-27

Hegemony A Realist Analysis is a new and original approach to this important concept It presents a theoretical history of the use of hegemony in a range of work starting with a discussion of Gramsci and Russian Marxism and going on to look at more recent applications It examines the current debates and discusses the new direction to Marx made by Jacques Derrida before outlining a critical realist Marxist alternative This book employs critical realist philosophy in an explanatory way to help clarify the concept of hegemony and its relation to societal processes This work contributes to recent debates in social

science and political philosophy developing both the concept of hegemony itself and the work of critical realism **Kurds and the State in Iran** Abbas Vali, 2014-04-11 In early 1946 Kurds declared an independent republic in north west Iran The Mahabad Republic as it became known was the first time that the Kurds experienced self rule in the modern era Although short lived the Republic had a formative influence on the subsequent development of Kurdish nationalist movements in Iran and the wider region Here Abbas Vali disputes the conventional view that the Kurdish Republic was the result of a Soviet conspiracy to dismember Iran a side effect of the Cold War Instead he emphasizes the diversity of the internal Iranian and Kurdish factors that led to the formation of the Republic arguing that the Republic represents the culmination of a new and modern Kurdish national identity This was an identity which emerged in response to the exclusionary effects of the political and discursive processes and practices of the construction of a modern Iranian nation state and national identity since the Constitutional Revolution of 1906 which often excluded and attempted to override a Kurdish one Vali contends that this process largely due to the socio economic and cultural impact of the rule of Pahlavis in reality forced the Kurdish people of Iran to form and reinforce their own ethno linguistic and ethno national community The expressions of this separate identity can be traced through the formation and dissolution of Kurdish national parties such as the Kurdistan Democratic Party of Iran KDPI Kurds and the State in Iran offers an analysis of the formation and effects of the concepts of the state the nation nationalism and ethnic identity which go beyond current ethnicist and constructivist theories thus making it essential reading for anyone interested in the Kurds or the development of national and state identities in the Middle East **Both Eastern and Western** Afshin Matin-Asgari, 2018-08-16 Since the Iranian Revolution of 1979 many Western observers of Iran have seen the country caught between Eastern history and Western modernity between religion and secularity As a result analysis of political philosophy preceding the Revolution has become subsumed by this narrative Here Afshin Matin Asgari proposes a revisionist work of intellectual history challenging many of the dominant paradigms in Iranian and Middle Eastern historiography and offering a new narration In charting the intellectual construction of Iranian modernity during the twentieth century Matin Asgari focuses on broad patterns of influential ideas and their relation to each other These intellectual trends are studied in a global historical context leading to the assertion that Iranian modernity has been sustained by at least a century of intense intellectual interaction with global ideologies Turning many prevailing narratives on their heads the author concludes that modern Iran can be seen as culturally and intellectually both Eastern and Western

CIRA Newsletter Center for Iranian Research and Analysis, 1991 [The Kurds and the State](#) Denise Natali, 2005-11-11 In tracing the evolution of Kurdish nationalism Denise Natali shows that contrary to popular theories there is nothing natural or fixed about Kurdish identity or the configuration that Kurdish nationalism assumes Rather Kurdish nationalism has been shaped by the development of nation states in the region Although Kurdish communities have maintained some shared sense of Kurdishness Kurdayeti the mobilization of Kurdish identity is interwoven with a much larger series of identities within the

political space of each Kurdish group Different notions of inclusion and exclusion have modified the political and cultural opportunities of Kurds to express their ethnic identities and opening the possibility of assuming alternative identities over time With this book Natali makes a significant contribution to theoretical empirical and policy based scholarship on the Middle East the plight of the Kurds ethnonationalism and ethnopolitical conflict Hers is the first comparative work to examine Kurdish nationalism as a function of diverse political spaces As a vital addition to the literature in the field this book will supplant a number of standard texts on the Kurds *Iraqi Kurdistan in Middle Eastern Politics* Alex

Guillaume Dye,2023-03-20 In recent decades new paradigms have radically altered the historical understanding of the Qur n and Early Islam causing much debate and controversy This volume gathers select proceedings from the first conference of the Early Islamic Studies Seminar These studies explore the history of the Qur n and of formative Islam with the methodological tools set forth in Biblical New Testament and Apocryphal studies as well as the approaches used in the study of Second Temple Judaism Christian and Rabbinic origins It thereby contributes to the interdisciplinary study of formative Islam as part and parcel of the religious landscape of Late Antiquity
