Spirituality, Feminism, and Pre-Raphaelitism in Modern British Art and Culture Alice Eden,2024-04-17 This book proposes new understandings of modern life in Britain by bringing constructs of female spirituality centre stage and examining three forgotten artists identified with the Pre Raphaelites and Victorianism Thomas Cooper Gotch Robert Anning Bell and Frederick Cayley Robinson are resituated squarely within the tumultuous social and cultural changes of the period Becoming visible again in more inclusive histories allows such artists not only to re inhabit but to reshape narratives of modernism reanimating the scholarly discourse and creating a dynamic cultural history of modern Britain expressed through their striking visions of womanhood This book will be of interest to scholars in art history gender studies and British studies

The Pre-Raphaelite Body J. B. Bullen,1998 Pre Raphaelitism was the first avant garde movement in Britain It shocked its first audience and as it modulated into Aestheticism it continued to disturb the British public In this fresh and original study Professor Bullen traces the sources of that shock to the representation of the human body By examining the discourses which were developed to denounce or to

explain the new art forms he shows that the distorted maimed or eroticized body formed the principal focus of anxiety in nineteenth century criticism Using a truly interdisciplinary method he relates the painting of Millais and other early Pre Raphaelites to fears about cholera and Catholicism he demonstrates how the body of the sexualized female became an object of obsessive fascination in the painting and poetry of Dante Gabriel Rossetti and William Morris he locates the writing of Swinburne and Prater in the context of the debate over the Woman Question and he shows how the responses to the Aesthetic painting of Burne Jones were conditioned by the sexual psychopathology of mid nineteenth century mental science

Scott, 2013-11-26 First Published in 1997 This book is intended as a resource for anyone interested in the artistic contributions and activities of women in nineteenth century Britain It is an index as well as an annotated bibliography and provides sources for information about women well known in their own time and about women who were little known then and are forgotten now

Satanic Feminism Per Faxneld, 2017 The notion of woman as the Devil's accomplice is prominent throughout Christian history and was used to legitimise the subordination of wives and daughters In the 19th century rebellious females performed counter readings of this misogynist tradition and Lucifer was reconceptualised as a feminist liberator Per Faxneld shows how this surprising Satanic feminism was expressed in a wide range of 19th century texts and artistic productions

Lives of the Sonnet, 1787-1895 Marianne Van Remoortel, 2016-05-06 In a series of representative case studies Marianne Van Remoortel traces the development of the sonnet during intense moments of change and stability continuity and conflict from the early Romantic period to the end of the nineteenth century Paying particular attention to the role of the popular press which served as a venue of innovation and as a site of recruitment for aspiring authors Van Remoortel redefines the scope of the genre including the ways in which its development is intricately related to issues of gender Among her subjects are the Della Cruscan and their primary critic William Gifford the young Samuel Taylor Coleridge and his circle Elizabeth Barrett Browning's Sonnets from the Portuguese George Meredith's Modern Love Dante Gabriel Rossetti's House of Life and Augusta Webster's Mother and Daughter As women became a force to be reckoned with among the reading public and the writing community the term sonnet often operated as a satirical label that was not restricted to poetry adhering to the strict formalities of the genre Van Remoortel's study in its attentiveness to the sonnet's feminization during the late eighteenth century offers important insights into the ways in which changing attitudes about gender and genre shaped critics' interpretations of the reception histories of nineteenth century sonnet sequences

A Victorian Muse Julia Straub, 2011-11-03 The figure of Dante's Beatrice can be seen as a cultural phenomenon or myth during the nineteenth century inspiring a wide variety of representations in literature and the visual arts This study looks at the cultural afterlife of Beatrice in the Victorian period in remarkably different contexts Focusing on literary representations and selected examples from the visual arts this book examines works by Dante Gabriel Rossetti and Christina Rossetti George Eliot Alfred Lord Tennyson and Walter Pater as well as by John Ruskin Maria

Rossetti and Arthur Henry Hallam Julia Straub's analysis shows how the various representations of Beatrice in literature and in the visual arts reflect in meaningful ways some of the central social and aesthetic concerns of the Victorian period most importantly its discourse on gender This study offers fascinating insights into the Victorian reception of Dante by exploring the powerful appeal of his muse *The Witch in History* Diane Purkiss, 2003-09-02 Diane Purkiss insists on taking witches seriously Her refusal to write witch believers off as unenlightened has produced some richly intelligent meditations on their and our world The Observer An invigorating and challenging book sets many hares running The Times Higher Education Supplement John Ruskin's Correspondence with Joan Severn Rachel Dickinson, 2017-12-02 The great Library Edition of the Works of John Ruskin spans 39 volumes and over the course of the century further compilations of his private diaries and letters have appeared but the most important epistolary relationship of his later years shared with his Scottish cousin Joan Agnew Ruskin Severn has until now been entirely unpublished These letters more than 3 000 of them have been challenging for Ruskin scholars to draw upon with their baby talk apparent nonsense and unelaborated personal references Yet they contain important statements of Ruskin's opinions on travel on fashion on the ideal arts and crafts home on effective education and other questions and Ruskin often used his letters to Severn as a substitute for his personal diary In this important new edition Dickinson presents an edited annotated selection of a correspondence which until now has been almost inaccessible to scholars of Ruskin and of the Victorian period *Morgan le Fay, Shapeshifter* Jill M. Hebert, 2013-03-12 This study re-examines Morgan le Fay in early medieval and contemporary Arthurian sources arguing that she embodies the concerns of each era even as she defies social and gender expectations Hebert uses leFay as a lens to explore traditional ideas of femininity monstrosity resistance identity and social expectations for women and men alike Dictionary of Artists' Models Jill Berk Jiminez, 2013-10-15 The first reference work devoted to their lives and roles this book provides information on some 200 artists models from the Renaissance to the present day Most entries are illustrated and consist of a brief biography selected works in which the model appears with location a list of further reading This will prove an invaluable reference work for art historians librarians museum and gallery curators as well as students and researchers Holman Hunt and the Light of the World in Oxford Markus Bockmuehl, 2024-11-12 This book provides an up to date introduction to the religious and artistic story behind *The Light of the World* by William Holman Hunt Created in the mid nineteenth century it is often said to be the most widely exhibited work of art in history and remains one of the most widely known Christian paintings to this day The subject matter provides a rich wealth of resources touching on the extraordinary artistic renewal associated with the Oxford Movement its religious and intellectual revolution in recovering early Christian tropes and motives of scriptural interpretation The book also considers the painting's impact on the religious and cultural life of the British Empire as its tour served not just spiritual edification but also the promotion of imperial values The contributions reflect on concerns of decolonisation while illustrating religious art's ability to engage relevantly with

contemporary concerns Enabling a fresh encounter with the painting this book will be of interest to theologians biblical scholars and historians *Soft-Shed Kisses* Małgorzata Łuczyńska-Holdys,2013-07-26 The femme fatale appears with unceasing regularity in the texts of major poets of the nineteenth century She symbolises an intractable mystery a refusal to be defined and a fierce attempt to exist outside the established gender system *Soft Shed Kisses Re visioning the Femme Fatale in English Poetry of the 19th Century* interrogates the construction and use of the fatal woman motif in the poetry of canonical male writers of the times both Romantic and Victorian Subsequent chapters investigate a variety of poems by John Keats Percy Bysshe Shelley Alfred Tennyson Dante Gabriel Rossetti and Charles Algernon Swinburne in which the femme fatale surfaces as the most important character Close readings of poetry are enriched by an examination of the same motif in visual art set against the vivid cultural background of the Victorian era *Over her dead body* Elisabeth Bronfen,2017-06-01 In 1846 Edgar Allen Poe wrote that the death of a beautiful woman is unquestionably the most poetic topic in the world The conjunction of death art and femininity forms a rich and disturbing strata of Western culture explored here in fascinating detail by Elisabeth Bronfen Her examples range from Carmen to Little Nell from Wuthering Heights to Vertigo from Snow White to Frankenstein The text is richly illustrated throughout with thirty seven paintings and photographs
