Preaching As A Social Act:

Preaching as a Social Act Arthur Van Seters, 1988 An excellent set of essays each exploring the sociological nature of preaching Setting the sermon and the congregation each within the larger social frame many of the essays cover the relationship of discourse rhetor audience speaking feedback language action **Preaching as Local Theology and Folk Art** Leonora Tubbs Tisdale, 1997 Showing that good sermons are really local theology and folk art Princeton s Leonora Tubbs Tisdale tells how to analyze a congregation to fit a sermon to the audience The book then gives practical help for preparing and delivering sermons that are meaningful and appropriate Tisdale draws from contextual theology and congregational studies **Religious Involvement in Hearing Sermons** Theo Pleizier, 2010 **Social Crisis Preaching** Tyshawn Gardner, 2023-02-01 This book provides a theology for social crisis preaching by arguing that Christian proclamation is the best prescription for the social crises in our world Social Crisis Preaching positions the pastor as a sacred anthropologist one who is aware of both the crises in one s community but also as one who has a firm understanding of the people in the pews It also equips the preacher with both the hermeneutical and homiletical tools to confront social crisis with biblical integrity Lastly this book argues that social crisis preaching develops Christians disciples and congregations as those who care about and confront the social crisis in their neighbor s community following the biblical mandate to love your neighbor as yourself

The Renewal of Preaching in the Twenty-first Century, Second Edition David J. Randolph, 2008-07-01 Deep faith meets high tech here in The Renewal of Preaching in the Twenty first Century A communications revolution is sweeping through the churches leaving some on fire and others burned out This work shows what makes the difference for church leaders and communities who are using new media to advance Christian preaching Join them by recovering the great tradition and expanding it through creative use encouraged by artists and filmmakers as well as preachers and professors This work explores ways to maximize the promise of preaching and confront the perils leading to the renewal of church and society Beginning with review of the situation today we proceed step by step through the preparation and presentation of the sermon leading to transformation The sermon in the local parish is seen as the microcosm of the macrocosm that is the communication of God s good news *Social Crisis Preaching* Kelly Miller Smith, 2000-09 [A Philosophy of Pastoral Preaching](#) David A. Christensen, 2023-05-26 I am a pastor I preach Doesn t that make me a pastoral preacher Not necessarily Many preach missional rather than pastoral sermons designed to appeal to the unchurched not the churchd The popularity of regional churches and the global reach of the internet allow preachers to focus their sermons on people they do not know and market a message to an audience they never see Evangelical leaders produce many resources on attractional preaching but who is developing a vision for pastoral preaching David Christensen draws on years of experience to develop a philosophy of pastoral preaching He writes Social media changes the way we preach More and more pastors are preaching clickbait sermons These are sermons designed to get clicks or attract interest rather than teach truth We want catchy titles

and clever analogies that will grab people's attention because the digital world is built on attention whatever will get likes or drive outrage However pastoral preaching builds community It is rooted in local soil to the people we know in the place we live We need a philosophy of preaching that shepherds a community of disciples who worship together in one place

American Congregations, Volume 2 James P. Wind, James W. Lewis, 1998-09 Continuing this two part series on American religion Volume 2 addresses three questions Where is the congregation located on the broader map of American cultural and religious life What are congregations distinctive roles in American culture And what patterns of leadership characterize congregations in America *Preaching and Culture in Latino Congregations* Kenneth G. Davis, Jorge L. Presmanes, 2000 A collection of articles about preaching in Latino assemblies *Preaching the Topical Sermon* Ronald J. Allen, 1992-01-01 This book offers a practical model for developing sermons for occasions when the Bible offers little specific guidance for interpreting an issue need or situation Ronald Allen describes why and how topical sermons should be used discusses special occasions when they are appropriate and outlines strategies for developing topical sermons giving particular attention to controversial issues The last chapter includes sample sermons by other preachers Symposium on Social Action (JCR Vol. 08 No. 01) Kerby Anderson, David Chilton, Edward Coleson, Ricky Cotton, Vern Crisler, Michael Gilstrap, Archie Jones, George M. Marsden, James M. Peters, Tommy W. Rogers, Tom Rose, John Whitehead, In a thought provoking exploration of the historical tension between fundamentalist beliefs and social action the narrative delves deep into the roots of mistrust that have shaped American perspectives over the years With incisive analysis and sharp wit the book challenges traditional notions of engagement social within evangelical circles shedding light on the complexities of theological conservatism in a rapidly changing world From the struggles of the Great Reversal to the modern day debates on liberalism and activism this book offers a fresh perspective on the intersection of faith and social responsibility Through a rich tapestry of historical anecdotes theological reflections and contemporary critiques the reader is invited to reconsider long held assumptions and explore the potential for a more nuanced understanding of Christian social action A must read for those seeking to navigate the complexities of faith and societal engagement in today's world Social constructionism and theology [electronic resource] Chris A. M. Hermans, 2002 Practical theology starts its theological reflections from practices aims at analyzing empirically practices and is directed towards the transformation of these practices From this practice orientation there is a strong connection between practical theology and the social sciences Social constructionism is a growing theory within the social sciences This volume offers a theological and social scientific reflection on this emerging concept of social constructionism The Witness of Preaching, Second Edition Thomas G. Long, 2005-10-20 This thorough and detailed revision of *The Witness of Preaching* is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and included more examples of sermon forms illustrations and conclusions He continues to critically engage the best thinkers in the field of homiletics bringing into the conversation both

important new voices and the latest works of those who appeared in the first edition In addition he addresses some of the new forces at work such as the use of video clips and PowerPoint presentations in sermons

Handbook of Contemporary Preaching Dr. Michael Duduit, 1993-03-01 Contributors included Calvin Miller Joel Gregory Stuart Briscoe James Cox Elizabeth Achtemeier Thomas Long James Earl Massey and many more

Crossover City Andrew Davey, 2010-06-03 Is an urban based approach to mission still relevant in a networked global society If so what is particular about the urban context for the heart of God's mission How is that mission understood in terms of evangelism and proclamation sin and salvation the work of the sacraments and the Holy Spirit and challenge of Christ in the lives of his followers Theological reflection case studies and new insights come together as practitioners theologians and urban clergy reflect on the presence of the Church in urban communities *Crossover City* confronts the theological priorities of the Church as it attempts to hold the tensions between expectations of its partnership in social regeneration and welfare and its prophetic voice through its continued and transformative presence in marginalized communities It challenges the way theology is often done in isolated factions that deny openness and collaboration which must underpin the transformative mission our urban areas cry out for Critical reading for those in theological training and parish ministry seeking resources for a creative and radical witness in our increasingly urban world

Pitfalls in Preaching Richard Eslinger, 1996 Richard Eslinger discusses with insight humor and concision what he sees as the most critical pitfalls in the various contexts of preaching and offers practical strategies for avoiding them

Expository Preaching in a World of Spiritual Nominalism R. T. Johnson Raih, 2021-10-06 The spiritual decay of nominalism threatens the established church worldwide While spiritual lethargy is often addressed from the perspective of theology and discipleship little attention has been given to the role of homiletics in revitalizing a congregation's spiritual health In this study Dr Johnson Raih explores the impact of preaching on members of Baptist churches in Imphal Manipur India from 2000 to 2015 He utilizes interviews and questionnaires from pastors church leaders and lay members to assess the presence of nominalism within church congregations along with the effects of various preaching methods on increasing or decreasing spiritual vitality Combining this qualitative research with scriptural and theological insight Raih suggests that expository preaching has the power to confront and even eradicate nominalism within the church He draws on biblical examples along with the methodology of John Stott and Timothy Keller to offer ten practical recommendations for countering nominalism homiletically whether in Imphal India or around the world

Preaching on Social Suffering Jeremy Kangsan Kim, 2023-03-01 In this book Jeremy Kim criticizes current Korean and Asian American homiletical strategies for their lack of a theological point of view on social suffering He argues that preachers must develop an alternative theological homiletical viewpoint on social suffering one that has pastoral and prophetic approaches These two approaches offer people a refuge and a voice not only in the church community but also in the larger social community Thus the author suggests that preachers adopt the biblical lament highlighting its dual tasks of

compassion the pastoral dimension and resistance the prophetic dimension The author who is a non Western Asian American preacher also incorporates East Asian philosophical and hermeneutical research on ren a positive element of Confucianism into his argument He applies this core concept of Confucianism to the preacher s homiletical strategy toward social suffering Thus the author proposes that Korean preachers should recover ren which contains sincere compassion for others as well as a voice of resistance that reveals unjust social structures as the cause of social suffering and expresses both within Uri we the community

Preaching Justice Christine Marie Smith, 2008-11-01 Preaching Justice brings together eight very diverse voices from eight distinct cultural ethnic communities challenging them to articulate the specific justice concerns issues and passions that give rise to a preaching ministry within the their own community and beyond Theological analyses are offered by these persons representing their particular communities Kathy Black persons with disabilities Martin Brokeniege Native Americans Teresa Fry Brown African Americans Eleazar Fernandez Filipino Americans Justo Gonzalez Hispanics Eunjo Mary Kim Korean Americans Stacy Offner Jews Christine Marie Smith lesbians and gays This volume offers a rare vision of what transforms preaching might sound and look like and urges that all preaching whatever community it comes from whatever community it hopes to reach be grounded in the sacred acts of listening and knowing
