

the event that would presage the arrival of Antichrist and the Second Coming. Later he saw apocalyptic movements as a danger to public order and no true impetus to reform. By the early 1400s he found the stars predicting that Antichrist would tarry until a later date (1796!) and that the Council of Constance came at a particularly propitious time for Christians to take their destiny into their own hands and reform the church.

D'Ailly dexterously negotiated dangerous theological issues related to determinism and divine sovereignty by appealing to Thomas Aquinas, who argued that the stars had no control over the soul's freedom but, nonetheless, could influence the body and those swayed by bodily passions. He was less successful in countering the scientific objections to astrology, which had received classic and authoritative expression in Augustine's *City of God*. These had been revived and refined, within d'Ailly's lifetime, by Nicholas Oresme and Henry of Langenstein. Smoller shows that d'Ailly was determined to make facts fit his theory. He claimed, when he could not correlate certain rare conjunctions of planets with major events in human history, that the effects of such astrological conjunctions could gestate for hundreds of years.

We have long known that the road to modernity was not smooth; it is increasingly obvious that neither was it straight. Smoller shows that astrology, for all its premodern sensibility, could encourage greater attention to the natural world as a source of divine revelation alongside Scripture. Instead of fostering fatalism, it could encourage making the best of opportunities. Christopher Columbus gained, by reading a volume of collected works by d'Ailly, the fortuitously incorrect information on the size of the earth that emboldened him to attempt a voyage from Spain to China. Just as significant, he gained from the same book his conviction that he had a divinely given mission to usher in the last days by converting peoples hitherto untouched by the gospel. Aftereffects of d'Ailly's obsessions continue to reverberate.

JOSEPH WILSON TRIGG

Preaching Friars and the Civic Ethos: Siena, 1380–1480. By BERNADETTE PATON. London: Centre for Medieval Studies, Queen Mary and Westfield College, University of London, 1992. 367 pp. £27.50.

Almost two decades ago Lester Little gave impetus to a new direction in medieval historical research when he suggested that "the unique achievements of the friars was their creation of new forms of religious expression for the urban sector of society and those people dominant within it." Since then a number of other important studies have appeared which consider the relationship of the religious ministry of the mendicants to the environment in which it evolved. To that list one must now add this carefully executed book by Bernadette Paton, which is devoted to the social message of the friars in late

Preaching Friars And The Civic Ethos

Neil Tarrant

Preaching Friars And The Civic Ethos:

Preaching Friars and the Civic Ethos Bernadette Paton,1992 **Medieval Monastic Preaching** Carolyn Muessig,1998 This book demonstrates that monastic preaching was a diverse activity which included preaching by monks nuns and heretics The study offers a preliminary step in understanding how preaching shaped monastic identity in the Middle Ages **Preachers and People in the Reformations and Early Modern Period** Larissa Taylor,2021-10-01 Sermons are an invaluable source for our knowledge of religious history and sociology anthropology and the mental landscape of men and women in pre modern Europe of what they were taught and what they practiced But how did an individual process the preached message from the pulpit How exactly do written sermons duplicate the preached Word Do they at all The 11 leading scholars who have contributed to this book do not offer uniform answers or an all encompassing study of preaching in the Reformations and early modern period in Europe They do however provide new insights on Catholic Lutheran and Reformed preaching in Western and Central Europe Part One examines changes in sermon structure style and content in Christian sermons from the thematic sermon typical of the Middle Ages to the wide variety of later preaching styles Catholic preaching after Trent proves not to be monolithic and intolerant but a hybrid of forms past and present applied as needed to particular situations Lutheran homiletic theory is traced from Luther and through Melancthon the intention of the sermon being to transform the worship service based on exegesis of Scripture In Reformed worship the expository sermon often given on a daily basis with a continuing exegesis was designed to communicate the tenets of the faith in terms that the laity could understand plain style Part Two deals with the social history of preaching in France where preachers often incited their hearers to attack human beings or holy objects or were themselves attacked in Italy where preaching became a collective and home grown product in early modern Germany where the authorities strove for uniformity of preaching practice and the preacher was seen as a moral guardian in Switzerland where leaders from Zwingli on sought to bring religious practice conduct and government in line with biblical teaching and propagated a pastoral vision of preaching in England where after the Reformation preachers became the indispensable agents of salvation but clergy and congregations were often ill prepared for the task in Scandinavia where post Reformation sermons have a clear didactic aim teaching obedience to the authorities and in the Low Countries characterized by its numerous denominations all with their own churches and particular practices in terms of preaching The volume ends with a consideration of the influence of late medieval preaching on the Reformation concluding that the diversity of emphasis on how the practice of penance was preached and received very likely affected the appeal or not of the Lutheran Reformed message in a given country

Preaching Friars and the Civic Ethos in a Late Medieval Italian Commune, Siena, 1380-1480 Bernadette Paton,1986 **The Imagery and Politics of Sexual Violence in Early Renaissance Italy** Péter Bokody,2023-01-26 This book is the first comprehensive study of images of rape in Italian painting at the dawn of the Renaissance Drawing on a wide

range of primary sources Peter Bokody examines depictions of sexual violence in religion law medicine literature politics and history writing produced in kingdoms Sicily and Naples and city republics Florence Siena Lucca Bologna and Padua Whilst misogynistic endorsement characterized many of these visual discourses some urban communities condemned rape in their propaganda against tyranny Such representations of rape often link gender and aggression to war abduction sodomy prostitution pregnancy and suicide Bokody also traces how the new naturalism in painting introduced by Giotto increased verisimilitude but also fostered imagery that coupled eroticism and violation Exploring images and texts that have long been overlooked Bokody's study provides new insights at the intersection of gender policy and visual culture with evident relevance to our contemporary condition *Churchmen and Urban Government in Late Medieval Italy, c.1200-c.1450*

Frances Andrews, Agata Pincelli, 2013-11-28 Major new study of secular religious boundaries and the role of the clergy in the administration of Italy's late medieval city states **Venice's Most Loyal City** Stephen D. Bowd, 2010-11-15 This innovative microhistory of a fascinating yet neglected city shows how its loyalty to Venice was tested by military attack economic downturn and demographic collapse Despite these trials Brescia experienced cultural revival and political transformation which Bowd uses to explain state formation in a powerful region of Renaissance Italy *The Cult of St Clare of Assisi in Early Modern Italy* Nirit Ben-Aryeh Debby, 2017-07-05 Notwithstanding the wealth of material published about St Clare of Assisi 1193-1253 in the context of medieval scholarship and the wealth of visual material regarding her there is a dearth of published scholarship concerning her cult in the early modern period This work examines the representations of St Clare in the Italian visual tradition from the thirteenth century on but especially between the fifteenth and the mid-seventeenth centuries in the context of mendicant activity Through an examination of such diverse visual images as prints drawings panels sculptures minor arts and frescoes in relation to sermons of Franciscan preachers starting in the thirteenth century but focusing primarily on the later tradition of early modernity the book highlights the cult of women saints and its role in the reform movements of the Osservanza and the Catholic Reformation and in the face of Muslim-Christian encounter of the early modern era Debby's analyses of the preaching of the times and iconographic examination of neglected artistic sources makes the book a significant contribution to research in art history sermon studies gender studies and theology **Preaching Friars and the Civic Ethos in a Late Medieval Italian Commune Siena, 1380-1480** Bernadette Theresa Paton, 1986

Misera Hispania Rosa Vidal Doval, 2013-12-01 *Fortalitium fidei* is one of the central texts in the controversy surrounding the religious and social status of conversos in fifteenth-century Castile This monograph provides a close analysis of the text itself and contextualizes this study through comparison with pro-converso texts and with reference to Alonso de Espina's career as an Observant Franciscan After an outline of the development of the converso problem it offers a biography of Espina and a discussion of the context of production of *Fortalitium fidei* There is then a discussion of three works of theology in defence of conversos Alonso de Cartagena's *Defensorium unitatis christianae* Juan de Torquemada's *Tractatus contra*

madianitas et ismaelitas and Alonso de Oropesa's *Lumen ad revelationem gentium* The rest of the work is detailed reading of *Fortalitium fidei* with chapters on the image of the fortress the treatment of Jews and Judaism and of conversos This volume addresses the extent and nature of the debate about conversos the development of models of genealogical exclusion and the role of Espina and his text in the ending of religious plurality in Spain **Angels and Earthly Creatures** Claire M.

Waters, 2013-06-15 Texts by for and about preachers from the twelfth to the fourteenth centuries reveal an intense interest in the preacher's human nature and its intersection with his angelic role Far from simply denigrating embodiment or excluding it from consideration these works recognize its centrality to the office of preacher and the ways in which preachers like Christ needed humanness to make their performance of doctrine effective for their audiences At the same time the texts warned of the preacher's susceptibility to the fleshly failings of lust vainglory deception and greed Preaching's problematic juxtaposition of the earthly and the spiritual made images of women preachers real and fictional key to understanding and exploiting the power as well as the dangers of the feminized flesh Addressing the underexamined bodies of the clergy in light of both medieval and modern discussions of female authority and the body of Christ in medieval culture *Angels and Earthly Creatures* reinserts women into the history of preaching and brings together discourses that would have been intertwined in the Middle Ages but are often treated separately by scholars The examination of handbooks for preachers as literary texts also demonstrates their extensive interaction with secular literary traditions explored here with particular reference to Chaucer's *Canterbury Tales* Through a close and insightful reading of a wide variety of texts and figures including Hildegard of Bingen Birgitta of Sweden and Catherine of Siena Waters offers an original examination of the preacher's unique role as an intermediary standing between heaven and earth between God and people participating in and responsible to both sides of that divide **The Sainly Politics of Catherine of Siena** F. Thomas Luongo, 2018-07-05 Saint Catherine of Siena 1347-1380 has become a defining figure in the history of medieval religion and one of the main exemplars of the feminine turn in late medieval religious culture Despite a hagiographical tradition and historiography that has placed Catherine at a mystic remove from the politics of her day Catherine's public authority was shaped by politics both locally in Siena and broadly within late fourteenth century contests between the papacy and the Republic of Florence for hegemony in central Italy In *The Sainly Politics of Catherine of Siena* F. Thomas Luongo combines literary critical readings of Catherine's letters she was the author of one of the largest collections of medieval letters with political and social analysis Drawing on a wide range of archival sources Luongo investigates how Catherine's spiritual authority and sanctity were linked with contemporary political and cultural developments He shows how the political situation of the church in Italy and a culture that privileged female spirituality and prophetic speech facilitated Catherine's emergence into a public role The Catherine who emerges from Luongo's well-written pages is a splendid example of what can result when a historian asks fresh questions about a familiar figure's life and brings new materials and methods to bear in formulating answers *The Sainly Politics of Catherine of Siena*

offers a woman more complex and interesting than the figure portrayed in most contemporary scholarship **Siena** Jane Tylus, 2015-05-15 Jane Tylus's *Siena* is a compelling and intimate portrait of this most secretive of cities often overlooked by travelers to Italy. Cultural history, intellectual memoir, travelogue, and guidebook, it takes the reader on a quest of discovery through the well and not so well traveled roads and alleys of a town both medieval and modern. As Tylus leads us through the city, she shares her passion for Siena in novelistic prose while never losing sight of the historical complexities that have made Siena one of the most fascinating and beautiful towns in Europe. Today Siena can appear on the surface standoffish and old-fashioned, especially when compared to its larger flashier cousins Rome and Florence. But first impressions wear away as we learn from Tylus that Siena was an innovator among the cities of Italy: the first to legislate the building and maintenance of its streets, the first to publicly fund its university, the first to institute a municipal bank, and even the first to ban automobile traffic from its city center. We learn about Siena's great artistic and architectural past, hidden behind centuries of painting and rebuilding, and about the distinctive characters of its different neighborhoods, exemplified in the Palio, the highly competitive horserace that takes place twice a year in the city's main piazza and that serves as both a dividing and a uniting force for the Sienese. Throughout, we are guided by the assured voice of a seasoned scholar with a gift for spinning a good story and an eye for the telling detail, whether we are traveling Siena's modern highways, exploring its underground tunnels, tracking the city's financial history, or celebrating giants of painting like Simone Martini or giants of the arena, Siena's former Serie A soccer team. A practical and engaging guide for tourists and armchair travelers alike, *Siena* is a testament to the powers of community and resilience in a place that is not quite as timeless and serene as it may at first appear. **Society and Individual in Renaissance Florence** William J. Connell, 2002-09-10 Essays illustrate the ways Renaissance Florentines expressed or shaped their identities as they interacted with their society. *The Challenges of Capitalism for Virtue, Ethics, and the Common Good* Kleio Akrivou, Alejo José G. Sison, 2016-08-26 The evolution of modern capitalist society is increasingly being marked by an undeniable and consistent tension between pure economic and ethical ways of valuing and acting. This book is a collaborative and cross-disciplinary contribution that challenges the assumptions of capitalist business and society. It ultimately reflects on how to restore benevolence, collaboration, wisdom, and various forms of virtuous deliberation amongst all those who take part in the common good, drawing inspiration from European history and continental philosophical traditions on virtue. **Defining Nature's Limits** Neil Tarrant, 2022-11-18 A look at the history of censorship, science, and magic from the Middle Ages to the post-Reformation era. Neil Tarrant challenges conventional thinking by looking at the longer history of censorship, considering a five hundred year continuity of goals and methods stretching from the late eleventh century to well into the sixteenth. Unlike earlier studies, *Defining Nature's Limits* engages the history of both learned and popular magic. Tarrant explains how the church developed a program that sought to codify what was proper belief through confession, inquisition, and punishment, and prosecuted what they considered superstition or heresy that stretched

beyond the boundaries of religion These efforts were continued by the Roman Inquisition established in 1542 Although it was designed primarily to combat Protestantism from the outset the new institution investigated both practitioners of illicit magic and inquiries into natural philosophy delegitimizing certain practices and thus shaping the development of early modern science Describing the dynamics of censorship that continued well into the post Reformation era Defining Nature's Limits is revisionist history that will interest scholars of the history science the history of magic and the history of the church alike

Medieval Futures John Anthony Burrow, Ian P. Wei, 2000 Studies of varied ways in which medieval people imagined the future reasons behind such representations and the implications for an understanding of medieval society as a whole

Marriage in Italy, 1300-1650 Trevor Dean, K. J. P. Lowe, 2002-05-09 A collection of essays about marriage and the role of women in Renaissance Italy

Observant Reforms and Cultural Production in Europe Pietro Delcorno, Bert Roest, 2023-08-09 The impetus of religious reform between ca 1380 1520 which expressed itself in a variety of Observant initiatives in many religious orders all over Europe and also brought forth the Devotio moderna movement in the late medieval Low Countries had considerable repercussions for the production of a wide range of religious texts and the embrace of other forms of cultural production scribal activities liturgical innovations art music religious architecture At the same time the very impetus of reform within late medieval religious orders and the wish to return to a more modest religious lifestyle in accordance with monastic and mendicant rules and ultimately with the commands of Christ in the Gospel made it difficult to wholeheartedly embrace the material consequences of learning literary and artistic prowess as the very pursuit of such pursuits ran against basic demands of evangelical poverty and humility This volume explores how this tension was negotiated in various Observant and Devotio moderna contexts and how communities connected with these movements instrumentalized various types of writing learning and other forms of cultural expression to further the cause of religious reform defend it against order internal and external criticism to shape recognizable reform identities for themselves and to transform religious life in society as a whole

The Cambridge History of Medieval English Literature David Wallace, 2002-04-25 This was the first full scale history of medieval English literature for nearly a century Thirty three distinguished contributors offer a collaborative account of literature composed or transmitted in England Wales Ireland and Scotland between the Norman conquest and the death of Henry VIII in 1547 The volume has five sections After the Norman Conquest Writing in the British Isles Institutional Productions After the Black Death and Before the Reformation It provides information on a vast range of literary texts and the conditions of their production and reception which will serve both specialists and general readers and also contains a chronology full bibliography and a detailed index This book offers an extensive and vibrant account of the medieval literatures so drastically reconfigured in Tudor England It will thus prove essential reading for scholars of the Renaissance as well as medievalists and for historians as well as literary specialists

Preaching Friars And The Civic Ethos: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. Preaching Friars And The Civic Ethos : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.

Preaching Friars And The Civic Ethos Introduction

In the digital age, access to information has become easier than ever before. The ability to download Preaching Friars And The Civic Ethos has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Preaching Friars And The Civic Ethos has opened up a world of possibilities. Downloading Preaching Friars And The Civic Ethos provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a

button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Preaching Friars And The Civic Ethos has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Preaching Friars And The Civic Ethos. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Preaching Friars And The Civic Ethos. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Preaching Friars And The Civic Ethos, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Preaching Friars And The Civic Ethos has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Preaching Friars And The Civic Ethos Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
