Lawless, 2015-08-05 Includes life histories of four women preachers transcriptions of sermons and analysis by Lawless of both life stories and sermons Reciprocal Ethnography and the Power of Women's Narratives Elaine J. Lawless, 2019-08-09 Folklorist Elaine J Lawless has devoted her career to ethnographic research with underserved groups in the American Midwest including charismatic Pentecostals clergywomen victims of domestic violence and displaced African Americans She has consistently focused her research on women s speech in these contexts and has developed a new approach to ethnographic research which she calls reciprocal ethnography while growing a detailed corpus of work on women's narrative style and expressive speech Reciprocal ethnography is a feminist and collaborative ethnographic approach that Lawless developed as a challenge to the reflexive turn in anthropological fieldwork and research in the 1970s which was often male centric ignoring the contributions by and study of women's culture Collected here for the first time are Lawless s key articles on the topics of reciprocal ethnography and women s narrative which influenced not only folklore but also the allied fields of anthropology sociology performance studies and women s and gender studies Lawless s methods and research continue to be critically relevant in today s global struggle for gender equality Women Preaching Eunjoo Mary Kim, 2009-08-01 Considering the lack of resources that exists in the study of women's preaching Kim makes a very significant contribution to the development of homiletics as it joins together the history of women preachers with theological reflection from other women preachers as well as herself It is the author's hope that this book will provide a broader and deeper basis for the theology of preaching as well as practical ways in which preachers can improve their own preaching by looking at a woman's perspective Kim's ground breaking book is the first comprehensive narrative of women preachers from the Second Testament to the Second Millennium Through Kim s eyes we see women as a constant and forceful if often subversive presence in Christian preaching After focusing on the medieval period the Reformation and the early twentieth century the author brings her autobiography close to the surface as she leads us to consider women and the politics of God in the colonial and post colonial eras with a special focus on Asia The book climaxes with a call to envision preaching as partnership with God that facilitates partnership in the church and world in the service of liberation Ronald J Allen Nettie Sweeney and Hugh
