Preaching Through The Bible Volume 5:

Expository Sermons on John's Gospel Volume 5 Joe Tolin, Jr., 2015-05-25 This is the fifth and final volume of the expository sermons on John's Gospel from the Grace Fellowship Church pulpit. This volume covers chapters 18-21. Featured in this volume are the sermons on the Lord's trial, crucifixion, resurrection, and ascension. God's Word and Our Words W. Hulitt Gloer, Shawn E. Boyd, 2019-09-18 Written by nationally and internationally known homiletics and preachers, this book offers a fascinating survey of the significant developments in preaching beginning with the Old Testament, moving through the history of preaching, and concluding with a look into the future, all while offering practical suggestions for meeting the challenges that lie ahead. In a unique way, it addresses both the academic issues raised during each period and the practical implications for preaching today and in the future. Evaluating Employee Performance through Christian Virtues Mihai C. Bocarnea, Joshua Henson, Russell L. Huizing, Michael Mahan, Bruce E. Winston, 2018-03-13 In this book, the authors create a statistically validated scale measuring the display of each of the nine fruits of the Spirit in employees. The authors will discuss how biblical values are applicable to contemporary organizational leadership and management. These nine virtues span a wide breadth of important personal and organizational attributes, including benevolence, affection, gladness, relational harmony, tranquility, perseverance, helpfulness, caring for the welfare of others, adherence to the beliefs and values of others, power used soberly, and mastering one's desires. While diverse in nature, the list also suggests a holistic development of personal and organizational character. Understanding the manner in which these traits can be measured will be a significant benefit to HRM and HRD scholars conducting research in Christian servant leadership. *The Branch Exposition of the Bible, Volume 1* Michael A. Eaton, 2020-08-31 If you picture the Bible to be a mighty tree and every word a little branch, I have shaken every one of these branches because I wanted to know what it was and what it meant. MARTIN LUTHER: A great deal of biblical scholarship is written for academics and fails to edify readers or strengthen their Christian ministry. Yet Christians need to be nourished by the word of God so they can mature in faith and righteousness. Filling this gap, *The Branch Exposition of the Bible* is a resource for preachers, scholars, and everyday Christians alike to help open God's word and shed its light into life, ministry, and teaching. Inspired by the words of the great

reformer Martin Luther about shaking every branch of Scripture and with experience in ministering across Africa India and the West Michael A Eaton helps us understand the meaning of the Bible and taste its fruit With an Old Testament volume to follow this exposition of the New Testament accessibly engages with the biblical languages gives application for our lives and leads us through each book of the New Testament so that we can meet the resurrected Jesus Christ in the pages of Scripture

Theologians of the Baptist Tradition Timothy George, David S. Dockery, 2001-05-15 A resource for pastors students and teachers to discover Baptist contributions to Christianity's theological heritage **The Publishers' Trade List Annual**, 1876 Planning Your Preaching Stephen Nelson Rummage, A pastor created and field tested easily adaptable method for planning a comprehensive preaching ministry *The Reading and Preaching of the Scriptures in the Worship of the Christian Church, Vol. 7* Hughes Oliphant Old, 2010 The Reading and Preaching of the Scriptures in the Worship of the Christian Church is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times In Volume 1 The Biblical Period Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel He then examines the preaching of Christ and the Apostles Finally Old looks at the development and practice of Christian preaching in the second and third centuries concluding with the ministry of Origen *Preaching Christ from Ecclesiastes* Sidney Greidanus, 2010-05-03 As Sidney Greidanus points out the biblical book of Ecclesiastes is especially relevant for our contemporary culture because it confronts such secular enticements as materialism hedonism cut throat competition and self sufficiency But how can preachers best convey the ancient Teacher's message to congregations today A respected expert in both hermeneutics and homiletics Greidanus does preachers a great service here by providing the foundations for a series of expository sermons on Ecclesiastes He walks students and preachers through the steps from text to sermon for all of the book's fifteen major literary units explores various ways to move from Ecclesiastes to Jesus Christ in the New Testament and offers insightful expositions that help the preacher in sermon production but omit the theoretical and often impractical discussions in many commentaries

Enlightened Preaching Merethe Roos, 2013-03-27 Balthasar M nter 1735 1793 is known primarily for being the spiritual advisor for Johann Friedrich Struensee in 1772 M nter is however generally interesting as a contributor to the theological development in Denmark Norway in the eighteenth century not least because he left a great number of theological texts to posterity These texts are written in a public and political environment offering shifting conditions for the church This present book analyses M nter's texts and sheds light on the extent to which he changes his preaching and teaching in accordance with the varying contextual conditions the church was given this period The result is a textually oriented research work highlighting important theological texts which have not previously been the subject of scholarly investigation **The Exeter book reporter, or A catalogue of second-hand books ... from the stock of S. Drayton and sons** S. Drayton (and sons.), 1866 **Preaching and Narrative in Piers Plowman** Alastair Bennett, 2025-05-27 William Langland's Piers

Plowman was written and read during a golden age of English preaching. The poem describes a world where sermons took many different forms and were delivered in many different contexts from public events in the life of the realm to pastoral instruction in the parish. It dramatises preaching as part of its allegorical action showing how sermons shaped their listeners' understanding of the world; it also includes polemical critique of corrupt self-interested preaching and offers radical prescriptions for its reform. This book argues that Langland's central insight into the way that sermons moved and engaged their audiences had to do with their characteristic use of narrative. Preachers in the poem address listeners who are absorbed in the concerns of their present moment and encourage them to new forms of social and spiritual endeavour by locating that moment in a larger interpreted plot: the story of an individual life or an emergent community or of salvation history as a whole. The book employs a critical vocabulary derived from Paul Ricoeur to describe the process by which these narratives are composed and to show how they mediate and reconfigure their listeners' experiences.

The Production of Prophecy Diana Vikander Edelman, Ehud Ben Zvi, 2014-12-18. The Persian and Hellenistic periods saw the production and use of a variety of authoritative texts in Israel. The Production of Prophecy brings together a range of influential biblical scholars to examine the construction of prophecy and prophetic books during the Persian period. Drawing on methodological and comparative research and studies of particular biblical texts, the volume explores biblical prophecy as a written phenomenon, examining the prophets of the past setting this within the general history of Yehud. The relationship between prophetic and other authoritative written texts is explored as well as the general social and ideological setting in which the prophetic books emerged.

On Biblical Poetry F.W. Dobbs-Allsopp, 2015-08-19. On Biblical Poetry takes a fresh look at the nature of biblical Hebrew poetry beyond its currently best-known feature, parallelism. F.W. Dobbs-Allsopp argues that biblical poetry is in most respects just like any other verse tradition and therefore biblical poems should be read and interpreted like other poems using the same critical tools and with the same kinds of guiding assumptions in place. He offers a series of programmatic essays on major facets of biblical verse, each aspiring to alter currently regnant conceptualizations in the field and to show that attention to aspects of prosody, rhythm, lineation and the like allied with close reading can yield interesting, valuable and even pleasurable interpretations. What distinguishes the verse of the Bible, says Dobbs-Allsopp, is its historicity and cultural specificity: those peculiar encrustations and encumbrances that typify all human artifacts. Both the literary and the historical then are in view throughout. The concluding essay elaborates a close reading of Psalm 133. This chapter enacts the final movement to the set of literary and historical arguments mounted throughout the volume: an example of the holistic staging which Dobbs-Allsopp argues is much needed in the field of Biblical Studies.
