## **Prefabs The History Of The U K Temporary Housing Programme:**

**Prefabs** Brenda Vale,2003-12-16 The book looks at the emergence of the prefab as a unique housing form It examines the reasons prefabs have survived way beyond their design life of fifteen years when other post war housing types have been demolished There is no other single text that sets the temporary housing programme in context *Prefabs* Brenda Vale,2022-02-20 Originally published in 1995 this book unravels the history of the temporary bungalow and shows that perhaps it was more a question of providing a new peace time product for factories than a means of providing accommodation for the homeless Built in a period of housing history which remains fascinating for architects and planners and admired by some of their first occupants but berated by others those prefabs remaining today are subject to preservation orders but also perhaps offer a solution to the ongoing housing crisis in the UK The book includes chapters on the development of the prefab house in the UK comparisons with temporary housing programmes in the USA Sweden and Germany political and economic considerations to the UK Temporary Housing Programme and a discussion of the design of the Arcon Uni Seco Tarran and Aluminium Temporary Bungalows Utopian England Dennis Hardy,2012-12-06 England in the early part of the twentieth century was rich in utopian ventures diverse and intriguing in their scope and aims Two world wars an economic depression and the emergence of fascist states in Europe were all a spur to idealists to seek new limits to escape from the here and now and to create sanctuaries for new and better lives Dennis Hardy explores this fascinating history of utopian ideals the lives of those who pursued them and the utopian communities they created Some communities were fired by a long tradition of land movements others by thoughts of more humane ways of building towns In turn there were experiments devoted to the arts to the promotion of religious doctrine and to a variety of political causes And some were just places of the imagination Utopian England is about just one episode in the perennial search for perfection but what is revealed has lessons that extend well beyond a particular time and place So long as there are failings in society so long as rationality is not enough there will continue to be a place for thinking the impossible for going in search of utopia *Prefabs* Brenda Vale,2022-02-19 Originally published in 1995 this book unravels the history of the temporary bungalow and shows that perhaps it was more a question of providing a new peace time product for factories than a means of providing accommodation for the homeless Built in a period of housing history which remains fascinating for architects and planners and admired by some of their first occupants but berated by others those prefabs remaining today are subject to preservation orders but also perhaps offer a solution to the ongoing housing crisis in the UK The book includes chapters on the development of the prefab house in the UK comparisons with temporary housing programmes in the USA Sweden and Germany political and economic considerations to the UK Temporary Housing Programme and a discussion of the design of the Arcon Uni Seco Tarran and Aluminium Temporary Bungalows The Environmental Case for Brexit Ben Pontin,2019-05-30 The recent Brexit debates present leaving the European Union largely as a threat to environmental

protection and to environmental law This exciting and important new work argues that Brexit represents a real opportunity for environmental protection in the United Kingdom freeing it from a pan European framework not necessarily fit for UK domestic purposes Central to the argument is the belief that environmental protection in the United Kingdom can most effectively be pursued through established domestic institutions looking inwards at local challenges and outwards at more global ones all the while drawing on considerable historical experience The book is designed to address rather than dismiss those concerns raised by environmental lawyers after the outcome of the referendum Provocative and compelling it offers an alternative vision of the UK environmental law framework outside of the European Union **Council Housing and Culture**

Alison Ravetz, 2003-12-16 Named one of the Top 10 books about council housing the Guardian online Born of idealism and once an icon of the Labour movement and pillar of the Welfare State council housing is now nearing its end But do its many failings outweigh its positive contributions to public health and wellbeing Alison Ravetz here provides the first comprehensive and apolitical history from which to arrive at a balanced judgement Drawing on the widest possible evidence from tenant and government records to the built environment itself she tells the story of British council housing from its seeds in Victorian reactions to the Poor in philanthropy and model villages Christian and other varieties of socialism Her depiction of council housing in its mature years shows the often bizarre persistence of utopian attitudes whether in architectural design or management styles its rise to a monopoly position in working class family housing the many compromises consequent on its state finance and local authority control and the impact on working class lives as an intellectuals utopian dream was converted into a social policy for the masses Housing, Architecture and the Edge Condition Ellen Rowley, 2018-11-02 This book presents an architectural overview of Dublin s mass housing building boom from the 1930s to the 1970s During this period Dublin Corporation built tens of thousands of two storey houses developing whole communities from virgin sites and green fields at the city s edge while tentatively building four storey flat blocks in the city centre Author Ellen Rowley examines how and why this endeavour occurred Asking questions around architectural and urban obsolescence she draws on national political and social histories as well as looking at international architectural histories and the influence of post war reconstruction programmes in Britain or the symbolisation of the modern dwelling within the formation of the modern nation Critically the book tackles this housing history as an architectural and design narrative It explores the role of the architectural community in this frenzied provision of housing for the populace Richly illustrated with architectural drawings and photographs from contemporary journals and the private archives of Dublin based architectural practices this book will appeal to academics and researchers interested in the conditions surrounding Dublin s housing history **Innovations in Transportable Healthcare Architecture** Stephen Verderber, 2015-10-05 Innovations in Transportable Healthcare Architecture is the first book to examine the ways that healthcare architecture can provide better assistance in disaster stricken communities Aimed at architects and other professionals working across the disaster relief

sector it provides An overview of the need for rapid response healthcare facilities Global case studies which demonstrate real examples Historical perspectives on redeployables used in past military and civilian contexts Analysis of the advantages challenges and opportunities associated with offsite premanufactured healthcare facilities and their component systems for permanent installations or reuse on multiple sites Planning and design considerations for transportable offsite built healthcare architecture State of the art research on pop up clinics truck based configurations ISO container based outpatient clinical and trauma care centres and modularized facilities for contemporary military and civilian contexts Innovations in Transportable Healthcare Architecture will be an invaluable reference source for architects disaster mitigation planners design and engineering practitioners non governmental medical aid organizations NGOs governmental health ministries and policy specialists across the spectrum of disciplines engaged in disaster mitigation and the provision of healthcare in medically underserved communities globally Between Conventional and Experimental Regine Hess ,Inbal Ben-Asher Gitler,Tzafrir Fainholtz,Yael Allweil,2024-10-07 Mass housing and prefabrication shaped global modernist architecture like no other aspect of industrialised construction This book offers a comprehensive exploration of how both conventional and experimental prototypes and series gave rise to an architecture for all and responded to crises nation building and housing shortages within the context of transnational and regional research The book s contributions explore partially unearthed empirical ground such as cases from Finland and Sweden while others offer a fresh interpretation of prefabrication s role in the history of global architecture notably in the USSR and Italy The chapters topics encompass colonial expansion class international collaboration and the achievements and setbacks of industrialised design The authors scrutinise the cultural impact of mass housing and prefabrication tracing this influence through exhibitions memory culture and typologies ultimately concluding with an outlook on the preservation and repair of structures and their adaptation for the future
