Homosexuality Emmanuel M. Ekwo,2010-09 I have heard many arguments questions and comments in reference to homosexuality and there is now a burden on my heart to express plainly how offensive this is in the sight of God I will try to merge all these arguments questions and comments together and balance them by the Word of God I pray you read this with an open heart and mind Well I am going to point out a few things that may come as a shock to you You must approach this subject with an open mind and form your own conclusions since mind control is about telling people what to do and how to think and I am certainly not trying to control you or your life There are some aspects of reality that people nowadays are not taught due to an overwhelming feeling of fear created by those very aspects of reality There are mass movements of gays and lesbians going on around the world even in largely homophobic enclaves such as in many African societies All of these are not an accident folks it is a careful orchestration by the one who seeks Man s destruction I certainly see a prophetic significance in the recent homosexual upsurge The modern homosexual upswing is one phase of a declining trend in morals When the disciples asked our Lord What shall be the sign of Thy coming and of the consummation of the age He told them that iniquity shall abound Matthew 24 3 12 There is today permissiveness and promiscuity in sexual behavior unprecedented in the history of America and of the world There is little restraint upon the widespread of materials containing pictures and writings depicting erotic behavior intended to cause sexual excitement This would be included in our Lord s prophecy about abounding iniquity      *Male Femininities* Dana Berkowitz,Elroi J. Windsor,C. Winter Han,2023-02-14 This edited volume of first person narratives and empirical studies questions what happens when male bodies do femininity the complexities of male femininities and the conditions under which men engage less with masculinity and more with femininity and the consequences of these practices within a historical moment of gender binary transgressions      *Birthing Justice* Julia Chinyere Oparah,Alicia D. Bonaparte,2015-12-22 There is a global crisis in maternal health care for black women In the United States black women are over three times more likely to perish from pregnancy related complications than white women their babies are half as likely to survive the first year Many black women experience policing coercion and disempowerment during pregnancy and childbirth and are disconnected from alternative birthing traditions This book places black women s voices at the center of the debate on what should be done to fix the broken maternity system and foregrounds black women s agency in the emerging birth justice movement Mixing scholarly activist and personal perspectives the book shows readers how they too can change lives one birth at a time      Birthing Justice Alicia D. **The Final Testaments Vol. 3** Uche Ephraim Chuku,2009-02 Lost children can return home safely if they

possess critical information their names their parents names and their parents correct address Captive human spirits face a more monumental task since they animate human beings in the material universe incapacitated by the fall from eternal glory of perfection As humans we often give too much of our attention to mundane daily life forgetting our Father s name and where he dwells Worst of all many times we do not even realize we are lost Captive human spirits desiring spiritual salvation must first realize they are lost before they can rediscover their true selves If they don t know where they came from they cannot ask to return They must seek and find a genuine guide and friend who can help direct them along the right pathway Jesus Christ is the Father s sole redeemer for all the lost spirits in the universe He has the divine mandate of our heavenly Father and he is ready to help all who seek help concerning the stark realities of the material world We all live the story of the prodigal son and should choose to return to the true God through Jesus Christ

**Precision Community Health** Bechara Choucair, 2020-05-28 When Bechara Choucair was a young doctor he learned an important lesson treating a patient for hypothermia does little good if she has to spend the next night out in the freezing cold As health commissioner of Chicago he was determined to address the societal causes of disease and focus the city's resources on its most vulnerable populations That targeted approach has led to dramatic successes such as lowering rates of smoking teen pregnancy breast cancer mortalities and other serious ills In Precision Community Health Choucair shows how those successes can be replicated and expanded around the country The key is to use advanced technologies to identify which populations are most at risk for specific health threats and avert crises before they begin Big data makes precision community health possible But in our increasingly complex world we also need new strategies for developing effective coalitions media campaigns and policies This book showcases four innovations that move public health departments away from simply dispensing medical care and toward supporting communities to achieve true well being The approach Choucair pioneered in Chicago requires broadening our thinking about what constitutes public health It is not simply about access to a doctor but access to decent housing jobs parks food and social support It also means acknowledging that a one size fits all strategy may exacerbate inequities By focusing on those most in need we create an agenda that is simultaneously more impactful and more achievable The result is a wholesale change in the way public health is practiced and in the well being of all our communities

*Queer Enchantments* Anne E. Duggan, 2013-10-15 Both film and fairy tale studies scholars will enjoy Duggan's fresh look at the distinctive cinema of Jacques Demy

Masculine Pregnancies Aimee Armande Wilson, 2023-12-01 Who is taken seriously as an artist What does gender have to do with it Is there a relationship between artistic creation and physical procreation In Masculine Pregnancies Aimee Armande Wilson argues that modernist writers used depictions of mannish pregnant women and metaphors of male pregnancy to answer these questions The book places masculine pregnancies in works by Djuna

Barnes Willa Cather William Faulkner and Ezra Pound in the context of interwar debates about eugenics immigration midwifery and sexology in order to redefine the relationship between creativity and gender in modernism Attending to recent developments in queer theory Wilson challenges the critical assumption that figures of masculine pregnancy necessarily reinforce oppressive norms The book s first half shows how some writers indeed used such figures to delegitimize artists who were not white male and heterosexual The second half then shows how others used masculine pregnancies to extend legitimacy to mannish women dark skinned immigrants and their pro creations and did so a century before the current boom in queer pregnancy narratives

**Queer Media Images** Theresa Carilli, Jane Campbell, 2013-05-16 Queer Media Images LGBT Perspectives presents fifteen chapters that address how the gay lesbian bisexual and transgendered communities are depicted in the media This collection focuses on how the LGBT community has been silenced or given voice through the media Through a study of queer media images this book scrutinizes LGBT media representations and how these representations contribute to a dialogue about civil rights for this marginalized community While the communication discipline has been open to the LGBT community there has been an absence of published research and a marginalizing or tokenizing of the queer voice Through a study of media representations this unique collection provides a snapshot into the issues surrounding LGBT identity during a time when the Defense of Marriage Act is called into question and explores what it means to study images through a queer lens
