### **Handbook of Rock Art Research**

David S. Whitley,2001 While there has always been a large public interest in ancient pictures painted or carved on stone the archaeological study of rock art is in its infancy But intensive amounts of research has revolutionized this field in the past decade New methods of dating and analysis help to pinpoint the makers of these beautiful images new interpretive models help us understand this art in relation to culture Identification conservation and management of rock art sites have become major issues in historical preservation worldwide And the number of archaeologically attested sites has mushroomed In this handbook the leading researchers in the rock art area provide cogent state of the art summaries of the technical interpretive and regional advances in rock art research The book offers a comprehensive basic reference of current information on key topics over six continents for archaeologists anthropologists art historians and rock art enthusiasts

### **Exploring Ancient**

**Native America** David Hurst Thomas,2013-08-21 The archaeological remnants of the first Americans tell a story of advanced civilization and culture From the Pueblo dwellings of the Southwest to the buffalo jumps of the Great Plains to the coastal villages of the Northwest the author combines the latest field research with accounts of tribal life to offer a new perspective on Native American history culture and ritual Using a chronological and regional framework Thomas describes each of the prehistoric early native cultures including Paleoindians of the North the moundbuilding Mississippian cultures and the ancient Anasazi peoples of the Southwest Covering nine million square miles and 25 000 years Exploring Ancient Native America suggests more than four hundred accessible sites where individuals can observe the remains of prehistoric American cultures today Thomas also includes relevant contributions from Native American scholars poets and activists on topics such as language oral tradition contact and sacred sites The most comprehensive guide available Exploring Ancient Native America is an excellent primer on early Native American cultures in every region of the country for both the intrepid explorer and the armchair traveler

*Humans, Animals, and the Craft of Slaughter in Archaeo-Historic Societies* Krish

Seetah,2018-10-25 This book conceptualizes butchery as an expression of technological knowledge and culture embedded in action defining the human animal relationship
