Andean Archaeology I William H. Isbell, Helaine Silverman, 2012-12-06 Study of the origin and development of civilization is of unequalled importance for understanding the cultural processes that create human societies Is cultural evolution directional and regular across human societies and history or is it opportunistic and capricious Do apparent regularities come from the way investigators construct and manage knowledge or are they the result of real constraints on and variations in the actual processes Can such questions even be answered We believe so but not easily By comparing evolutionary sequences from different world civilizations scholars can judge degrees of similarity and difference and then attempt explanation Of course we must be careful to assess the influence that societies of the ancient world had on one another the issue of pristine versus non pristine cultural development see discussion in Fried 1967 Price 1978 The Central Andes were the locus of the only societies to achieve pristine civilization in the southern hemisphere and only in the Central Andes did non literate non written language civilization develop It seems clear that Central Andean civilization was independent on any graph of archaic culture change Scholars have often expressed appreciation of the research opportunities offered by the Central Andes as a testing ground for the study of cultural evolution see e g Carneiro 1970 Ford and Willey 1949 5 Kosok 1965 1 14 Lanning 1967 2 5

Pendejo Cave Richard S. MacNeish, Jane G. Libby, Jane G. Liddy, 2003 This account of the archaeology of a cave in southern New Mexico makes a dramatic contribution to the ongoing debate over how long human beings have lived in the Americas The findings presented here show that human settlement may go back as far as 75 000 years before the present whereas the long accepted Clovis dates showed humans only about 12 000 years ago MacNeish and his colleagues subjected the cave its environs and its contents to rigorous interdisciplinary investigation The first section of this volume comprises their reports on the changing environment of the area The second section concentrates on the excavation of the cave s layers presenting the results of radiocarbon dating and describing the evidence of human occupation including friction skin prints and human hair The third section discusses the cultural implications of the materials recovered and suggests how the ancient peoples may have exploited the changing environment and developed different ways of life throughout the Americas before

the time of Clovis man No serious discussion of early inhabitants in the New World can disregard the findings presented in this monumental work of scholarship *The Archaeology of V. Gordon Childe* Vere Gordon Childe, 1994-07 Although V Gordon Childe died 36 years ago he remains the world's most renowned prehistorian His *What Happened in History* first published in 1942 is probably the most widely read book ever written by an archaeologist His influence and reputation endure despite the fact that many of the theoretical ideas he propounded as well as his interpretations of European and West Asian prehistory have been profoundly modified or even rejected since his death With contributions from such distinguished prehistorians as Kent V Flannery David Harris Leo S Klejn John Mulvaney Colin Renfrew Michael Rowlands and Bruce Trigger *The Archaeology of V Gordon Childe* is an attempt to evaluate Childe's achievement from different partly national perspectives and to assess how far and why his work remains significant today The contributors examine such persistent themes in Childe's thought as the nature of culture and the role of diffusion in cultural evolution and debate the question of whether Childe anticipated processual archaeology in his famous models of the Neolithic and Urban Revolutions Also included are evaluations of Childe's early career in Australia his relations with Soviet archaeology including a previously unknown letter from Childe to Soviet archaeologists and his impact on American archaeology *The President's Report to the Board of Regents for the Academic Year ...
