9781138096042 *Armenian-Americans* Anny P. Bakalian, 1993 Based on the results of an extensive mail questionnaire survey in depth interviews and participant observation of communal gatherings this book analyzes the individual and

collective struggles of Armenian Americans to perpetuate their Armenian legacy while actively seeking new pathways to the American Dream This volume shows how men and women of Armenian descent become distanced from their ethnic origins with the passing of generations Yet assimilation and maintenance of ethnic identity go hand in hand The ascribed unconscious compulsive Armenianness of the immigrant generation is transformed into a voluntary rational situational Armenianness The generational change is from being Armenian to feeling Armenian The Armenian American community has grown and prospered in this century American Fuehrer Frederick James Simonelli, 1999 The founder of the American Nazi party and its leader until he was murdered in 1967 George Lincoln Rockwell was one of the most significant extremist strategists and ideologists of the postwar period His influence has only increased since his death A powerful catalyst and innovator Rockwell broadened his constituency beyond the core Radical Right by articulating White Power politics in terms that were subsequently appropriated by the one time klansman David Duke He played a major role in developing Holocaust revisionism now an orthodoxy of the Far Right He also helped politicize Christian Identity America's most influential right wing religious movement and welded together an international organization of neo Nazis All of these extremist movements continue to thrive today Frederick Simonelli's biography of this powerful and enigmatic figure draws on primary sources of extraordinary depth including declassified FBI files and manuscripts and other materials held by Rockwell's family and associates The first objective assessment of the American Nazi party and an authoritative study of the roots of neo nazism neo fascism and White Power extremism in postwar America American Fuehrer is shocking and absorbing reading

Antisemitism in America Leonard Dinnerstein, 1995-11-02 Is antisemitism on the rise in America Did the hymietown comment by Jesse Jackson and the Crown Heights riot signal a resurgence of antisemitism among blacks The surprising answer to both questions according to Leonard Dinnerstein is no Jews have never been more at home in America But what we are seeing today he writes are the well publicized results of a long tradition of prejudice suspicion and hatred against Jews the direct product of the Christian teachings underlying so much of America's national heritage In *Antisemitism in America* Leonard Dinnerstein provides a landmark work the first comprehensive history of prejudice against Jews in the United States from colonial times to the present His richly documented book traces American antisemitism from its roots in the dawn of the Christian era and arrival of the first European settlers to its peak during World War II and its present day permutations with separate chapters on antisemitism in the South and among African Americans showing that prejudice among both whites and blacks flowed from the same stream of Southern evangelical Christianity He shows for example that non Christians were excluded from voting in Rhode Island until 1842 North Carolina until 1868 and in New Hampshire until 1877 and demonstrates how the Civil War brought a new wave of antisemitism as both sides assumed that Jews supported with the enemy We see how the decades that followed marked the emergence of a full fledged antisemitic society as Christian Americans excluded Jews from their social circles and how antisemitic fervor climbed higher after the turn of the

century accelerated by eugenicists fear of Bolshevism the publications of Henry Ford and the Depression Dinnerstein goes on to explain that just before our entry into World War II antisemitism reached a climax as Father Coughlin attacked Jews over the airwaves with the support of much of the Catholic clergy and Charles Lindbergh delivered an openly antisemitic speech to an isolationist meeting After the war Dinnerstein tells us with fresh economic opportunities and increased activities by civil rights advocates antisemitism went into sharp decline though it frequently appeared in shockingly high places including statements by Nixon and his Chairman of the Joint Chiefs of Staff It must also be emphasized Dinnerstein writes that in no Christian country has antisemitism been weaker than it has been in the United States with its traditions of tolerance diversity and a secular national government This book however reveals in disturbing detail the resilience and vehemence of this ugly prejudice Penetrating authoritative and frequently alarming this is the definitive account of a plague that refuses to go away

The Iran-United States Claims Tribunal Charles Nelson Brower, Jason D. Brueschke, 1998-02-12 The Iran United States Claims Tribunal is arguably

the most significant arbitral institution of the twentieth century Although the completion of its last few cases could take a long time the Tribunal's impressive work must be made available now as a guide to the resolution of ongoing disputes and for future tribunals The Tribunal has by this point disposed of well over 98 percent of its caseload Little more remains for its participants to learn but the Tribunal shows no signs of fading away Both of the two States Parties for different reasons see greater advantage in the Tribunal's prolongation than in its elimination The authors have succeeded in dealing with all of the most deserving Tribunal subjects Moreover their intimate involvement in and knowledge of the Tribunal ensure that their book is a fascinating important and indispensable contribution to the literature of International Law This is a definitive book on a monumental event in the law and in history at the close of a century The Iran United States Claims Tribunal was awarded the ASIL Certificate of Merit American Political and Cultural Perspectives on Japan John H.
