Prelude To The Partition Of West Africa:

Prelude to the Partition of West Africa John D. Hargreaves, 1963 **Prelude to the Partition of West Africa** John Desmond Hargreaves, 1970 **Prelude to the Partition of West Africa** Robin Hallett, 1966 *West Africa Partitioned* John D. Hargreaves, 1985-06-18 **Colonial West Africa** Michael Crowder, 2013-01-11 Originally published in 1978 this volume provides a selection of Michael Crowder's writings on the impact of colonial rule in West Africa and African reaction to it from the conquest to independence. Key themes include the impact of European culture on African culture, the resistance of Africans to European conquest, African reaction to colonial rule, the differences between French and British administrative, social and economic politics, and the consequences of these differences for those subjected to them, the extent to which Africans accepted the new socio-political structures imposed on them, and the point at which they began to take control over them, and finally the importance or otherwise of the colonial period in African history as a whole. **West Africa Under Colonial Rule** Michael Crowder, 2023-07-07 Originally published in 1968 this book became the standard work on the colonial period in the vast and varied areas of the coast and hinterland of West Africa. It is a comprehensive survey of the domination of West Africa by the British and the French, which challenges the accepted view of the colonialists that their rule was generally beneficial. Penetrating descriptions of the colonial economic system are given, and the quality of colonial administration is analysed, as well as the impact of two World Wars. **Western Africa and Cabo Verde, 1790s-1830s** George E. Brooks, 2010-12-10 *Western Africa and Cabo Verde 1790s-1830s: Symbiosis of Slave and Legitimate Trades* addresses the collaboration of slave traders and shipmasters engaged in legitimate commerce. This monograph is the third volume of a trilogy treating the history of western Africa from the 11th to the 19th centuries. It follows *Landlords and Strangers: Ecology, Society and Trade in Western Africa 1000-1630* (Westview Press, 1993) and *Eurafricans in Western Africa: Commerce, Social Status, Gender and Religious Observance from the Sixteenth to the Eighteenth Century* (Ohio University Press, 2003). All three monographs describe commercial, social and cultural links between the Cape Verde archipelago, Senegal, The Gambia, Guinea-Bissau, Guinea, Conakry and Sierra Leone. **An Economic History of West Africa** A. G. Hopkins, 2014-09-19 This is the standard account of the economic history of the vast area conventionally known as West Africa. Ranging from prehistoric time to independence, it covers the former French as well as British colonies. **A History of Africa: African societies and the establishment of colonial rule, 1800-1915** Assa Okoth, 2006 Contesting Historical Divides in Francophone Africa Claire Griffiths, 2013-06-30 From Senegal in the west to the Comoros islands in the east, this collection of essays casts a critical eye over fifty years of independence in former French colonial possessions of Africa and the Indian Ocean. With methods and perspectives that cross traditional disciplinary barriers, *Contesting Historical Divides in Francophone Africa* proposes fresh insights into the process of decolonisation in this part of the world. Gender, Geography and Empire Cheryl McEwan, 2019-06-03 This title was first published 2000. This text is intended to draw together

two important developments in contemporary geography firstly the recognition of the need to write critical histories of geographical thought and particularly the relationship between modern geography and European imperialism and secondly the attempt by feminist geographers to countervail the absence of women in the histories The author focuses on the narratives of British women travellers in West Africa between 1840 and 1915 exploring their contributions to British imperial culture the ways in which they were empowered in the imperial context by virtue of both race and class and their various representations of West African landscapes and peoples The book argues for the inclusion of women and their experiences in histories of geographical thought and explores the possibilities and problems of combining feminist and post colonial approaches to these histories

Veiled Power Doreen Lustig, 2020-05-27 Veiled Power conducts a thorough historical study of the relationship between international law and business corporations It chronicles the emergence of the contemporary legal architecture for corporations in international law between 1886 and 1981 Doreen Lustig traces the relationship between two legal veils the sovereign veil of the state and the corporate veil of the company The interplay between these two veils constitutes the conceptual framework this book offers for the legal analysis of corporations in international law By weaving together five in depth case studies Firestone in Liberia the Industrialist Trials at Nuremberg the Anglo Iranian Oil Company Barcelona Traction and the emergence of the international investment law regime a variety of contexts are covered including international criminal law human rights natural resources and the multinational corporation as a subject of regulatory concern Together these case studies offer a multifaceted account of the history of corporations in international law over time The book seeks to demonstrate the facilitative role of international law in shaping and limiting the scope of responsibility of the private business corporation from the late nineteenth century and throughout the twentieth century Ultimately Lustig suggests that contrary to the prevailing belief that international law failed to adequately regulate private corporations there is a history of close engagement between the two that allowed corporations to exert influence under a variety of legal regimes while obscuring their agency

Slaves for Peanuts Jori Lewis, 2022-04-19 Finalist James Beard Foundation Book Award for Reference History and Scholarship A stunning work of popular history the story of how a crop transformed the history of slavery Americans consume over 15 billion pounds of peanut products every year But few of us know the peanut's tumultuous history or its intimate connection to slavery and freedom Lyrical and powerful Slaves for Peanuts deftly weaves together the natural and human history of a crop that transformed the lives of millions Author Jori Lewis reveals how demand for peanut oil in Europe ensured that slavery in Africa would persist well into the twentieth century long after the European powers had officially banned it in the territories they controlled Delving deep into West African and European archives Lewis recreates a world on the coast of Africa that is breathtakingly real and unlike anything modern readers have experienced Slaves for Peanuts is told through the eyes of a set of richly detailed characters from an African born French missionary

harboring runaway slaves to the leader of a Wolof state navigating the politics of French imperialism who challenge our most basic assumptions of the motives and people who supported human bondage At a time when Americans are grappling with the enduring consequences of slavery here is a new and revealing chapter in its global history **Christian Missions and Theological Training 1842-1970** J.K. Agbeti,2023-10-09 The training of African Christian ministers had been a matter of concern to the erstwhile International Missionary Council now merged with the World Council of Churches The reason was that it was believed by some critics that missionaries gave only low priority to theological training This book recounts how the missionaries actually trained the indigenous leaders in the mission fields The study covers the world of British German Swiss and American Protestant missionaries as well as that of two Roman Catholic orders in seminary training relating to Anglophone West Africa The value of the book is that its contents apart from filling a vacuum in the ecclesiastical history of West Africa will supply the factual basis upon which an objective evaluation can be given about the efforts of the Western missionary theological training until 1970 **The Business of Decolonization** Sarah Stockwell,2000-08-03 The Business of Decolonization serves to deepen our understanding of the end of the British empire too often approached as if it was a process shaped and experienced exclusively by nationalist and imperial politicians and policy makers It explores British companies experience of and involvement in developments leading to the transfer of power in Ghana the former colony of the Gold Coast The book demonstrates that businessmen developed strategies to cope with political change reveals the extent of their involvement in nationalist politics and highlights the contrasting responses of different companies to political and constitutional developments in the colony Drawing on an extensive range of company business association personal and official papers the book focuses primarily on company activity However it also investigates relations between British firms and the colonial state on the eve of Ghanaian independence and examines the place of British business interests in British policy
