24 Preludes and Fugues: for Piano , The Well-Tempered Clavier Johann Sebastian Bach, Donald Francis Tovey, Eric Wen, 2014-01-15 This edition of Volume I of Bach's highly influential keyboard work features Sir Donald Francis Tovey's classic analyses of 24 preludes and 24 fugues including suggestions for performance. A scholarly reference by a world famous musicologist and Bach expert, this legendary long out of print version also contains Harold Samuel's fingerings for all pieces. Kleine Präludien und Fughetten für Klavier Johann Sebastian Bach, 2022-04 These collected short works by J S Bach are designed for beginners at the piano and are a perfect introduction to the great composer's style. Classic edition edited by Hermann Keller. **Short Preludes and Fugues for Piano** Johann Sebastian Bach, 1914-06-01 The Well-Tempered Clavier Johann Sebastian Bach, Donald Francis Tovey, 2014-01-15 A monument in the history of Western music. The Well-Tempered Clavier represents not only the culmination of J S Bach's own maturation process but also the impetus for the emerging style and structure of modern keyboard music. Mozart, Beethoven and Chopin were influenced by its polyphonic richness and depth of harmony and Schumann counseled young musicians to make The Well-Tempered Clavier your daily bread. Modern pianists can follow Schumann's advice with this new edition of an authoritative and long out of print score that offers illuminating perspectives from a pair of eminent musical interpreters. Book II of this two volume set features Sir Donald Francis Tovey's analyses of 24 preludes and fugues including suggestions for performance. In addition to commentaries by Tovey, a lauded Bach scholar and world famous musicologist, the pieces are complemented by fingerings devised by Harold Samuel, a major Bach interpreter. Students, teachers and professionals will appreciate this finely engraved and modestly priced version of Bach's enduring works. Bach's Well-tempered Clavier David Ledbetter, 2002-01-01 Bach's Well-tempered Clavier or the 48 Preludes and Fugues stands at the core of baroque keyboard music and has been a model and inspiration for performers and composers ever since it was written. This invaluable guide to the 96 pieces explains Bach's various purposes in compiling the music, describes the rich traditions on which he drew and provides commentaries for each prelude and fugue. In his text, David Ledbetter addresses the main focal points mentioned by Bach in his original 1722 title page. Drawing on Bach literature over the past three hundred years, he explores German traditions of composition types and Bach's novel expansion of them, explains Bach's instruments and innovations in keyboard technique in the general context of early eighteenth century developments, reviews instructive and theoretical literature relating to keyboard temperaments from 1680 to 1750 and discusses Bach's pedagogical intent when composing the Well-tempered Clavier. Ledbetter's commentaries on individual preludes and fugues equip readers with the concepts necessary to make their own assessment and include information about the sources when details of notation, ornaments and fingerings have a bearing on performance. **Various Short Preludes and Fugues** Johann Sebastian Bach, Hans Bischoff, 1996-02-01 Titles I Twelve Preludes II Six Little Preludes III A Little Fugue in C Minor in Two Voices IV Fugue in C Major V Fugue in C Major VI Fugue in D Minor VII Fugue in E
