Teen Spirit Danny Goldberg,2005-05-01 Music insider and progressive activist Danny Goldberg has spent decades tuning into the rhythms and voices that speak straight to the hearts and desires of American youth In that time one fact has become increasingly clear America s venerable political leaders are too often tone deaf In this startling provocative book Goldberg shows how today s professional public servants have managed to achieve nothing less than the indefensible wholesale alienation of an entire generation Goldberg authoritatively dissects the disconnect between politics and young voters Time Out NY **The Satanism Scare** Joel Best,2017-09-29 Although there is growing concern over Satanism as a threat to

American life the topic has received surprisingly little serious attention Recognizing this the editors of this volume have selected papers from a wide variety of disciplines broadly covering contemporary aspects of Satanism from the vantage points of studies in folklore cults religion deviance rock music rumor and the mass media All contributors are skeptical of claims that a large powerful satanic conspiracy can be substantiated Their research focuses instead on claims about Satanism and on the question of whose interests are served by such claims Several papers consider the impact of anti Satanism campaigns on public opinion law enforcement and civil litigation child protection services and other sectors of American society The constructionist perspective adopted by the editors does not deny the existence of some activities by real Satanists and two papers describe the workings of satanic groups Whatever the basis of the claims examined and analyzed there is growing evidence that belief in the satanic menace will have real social consequences in the years ahead
