Andrew J. Kirkendall

Real Rockefeller The Story Of The Rise:

Nelson Rockefeller's Dilemma Marsha E. Barrett, 2024-08-15 Nelson Rockefeller's Dilemma reveals the fascinating and influential political career of the four time New York State governor and US vice president Marsha E Barrett's portrayal of this multi faceted political player focuses on the eclipse of moderate Republicanism and the betrayal of deeply held principles for political power Although never able to win his party's presidential nomination Rockefeller's tenure as governor was notable for typically liberal policies infrastructure projects expanding the state's university system and investing in local services and the social safety net As the Civil Rights movement intensified in the early 1960s Rockefeller envisioned a Republican Party recommitted to its Lincolnian heritage as a defender of Black equality But the party's extreme right wing encouraged by its successful outreach to segregationists before and after the nomination of Barry Goldwater pushed the party to the right With his national political ambitions fading by the late 1960s Rockefeller began to tack right himself on social and racial issues refusing to endorse efforts to address police brutality accusing without proof Black welfare mothers of cheating the system or introducing harsh drug laws that disproportionately incarcerated people of color These betrayals of his own ideals did little to win him the support of the party faithful and his vice presidency ended in humiliation rather than the validation of moderate ideals An in depth insightful and timely political history Nelson Rockefeller's Dilemma details how the standard bearer of moderate Republicanism lost the battle for the soul of the Party of Lincoln leading to mainlining of white grievance populism for the post civil rights era

Republicans and Race Timothy N. Thurber, 2023-04-14 Skeptics might rationalize that Mitt Romney received a scant 6 percent of the black vote in 2012 only because African Americans would naturally favor one of their own But since 1964 no Republican presidential candidate has attracted more than 15 percent of the black electorate and few GOP candidates for other offices have fared much better No segment of the American electorate is more reliably Democratic than African Americans The GOP meanwhile remains nearly an all white party In this path breaking book historian Timothy Thurber illuminates the deep roots of this gulf by exploring the contentious and sometimes surprising relationship between African Americans and the Republican Party from the end of World War II through Richard Nixon's presidency The GOP he shows shaped the modern civil rights movement but the struggle for racial equality also transformed the GOP Thurber challenges conventional wisdom that the party of Lincoln disappeared in the mid 1960s Prior to 1964 the GOP was indifferent or hostile to many of the demands from civil rights activists During the height of the civil rights revolution Republicans were essential to enacting federal policies that made American society more egalitarian The GOP helped defend and sometimes expanded those reforms in the early 1970s Conservatives were not as dominant after 1964 as scholars and pundits often portray Yet throughout these three decades the rift between African Americans and the GOP remained substantial They disagreed often sharply over the role of the federal government particularly regarding economic matters and the integration of schools and neighborhoods They had different views about

race and American society They also clashed in the political arena where Republicans wrote off the black vote as unwinnable irrelevant or counterproductive to their drive to supplant the Democrats as the nation's majority party The GOP preferred to court whites nationwide sometimes by appealing to their racial animosities That strategy often yielded electoral success but the legacy of the past looms large in the early twenty first century With its depth of research and insight Republicans and Race will stand as a definitive study as the GOP ponders the composition of its base in future elections *On His Own Terms* Richard Norton Smith, 2014 *On His Own Terms* Michael Beschloss From the Hardcover edition *A Companion to Richard M. Nixon* Melvin Small, 2013-05-03 This companion offers an overview of Richard M Nixon's life presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship Examines the central arguments and scholarly debates that surround his term in office Explores Nixon's legacy and the historical significance of his years as president Covers the full range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project **A Companion to John F. Kennedy** Marc J. Selverstone, 2014-03-24 *A COMPANION TO JOHN F KENNEDY* Marc J Selverstone has compiled an indispensable volume of essays on John F Kennedy and his presidency written by a stellar cast of scholars What stands out in sharp relief in this wide ranging and authoritative book is how consequential were Kennedy's thousand days for the United States and for the world and how controversial is his legacy Fredrik Logevall Stephen and Madeline Anbinder Professor of History Cornell University Marc J Selverstone has brought together a remarkable group of scholars who illuminate the many important ideas of and events that occurred during this brief administration This book is the best record of the Kennedy years Alan Brinkley Allan Nevins Professor of American History Columbia University This collection of talented scholars and their research and thoughts on John F Kennedy is an invaluable resource a deeply informed conversation for the ages Richard Reeves writer syndicated columnist and senior lecturer at the Annenberg School for Communication at the University of Southern California *1960: LBJ vs. JFK vs. Nixon* David Pietrusza, 2018-09-04 *1960* aims to take us deeper into the campaign than Theodore White's famous *The Making of the President 1960* And it does Chicago Sun Times This is award winning historian David Pietrusza's hard edged account of the 1960 presidential campaign the election that ultimately gave America Camelot and its tragic aftermath It is the story of the bare knuckle politics of the primaries the party conventions backroom dealings the unprecedented television debates the hot button issues of race religion and foreign policy and at the center of it all three future presidents Lyndon Johnson John F Kennedy and Richard Nixon Terrific Robert A Caro winner of two Pulitzer Prizes and the National Book Award A stirring hard edged political saga An outstanding reexamination Booklist *1960* provides new insights into that year's hard fought pivotal election but more than that *1960* is great storytelling a fascinating can't put it down account of how American politics really works former United States Attorney General Richard Thornburgh Essential for

understanding the political forces that in many ways shaped the world we live in today David Mark author of *Going Dirty The Art of Negative Campaigning* **Before the Storm** Rick Perlstein, 2009-03-17 In an astute and surprising history of the 1960s as the cradle of the conservative movement Perlstein's gutsy narrative history profiles the rise of Barry Goldwater the rich handsome Arizona Republican who scorned the federal bureaucracy and despised liberals on sight 16 pp of photos

Hemispheric Alliances Andrew J. Kirkendall, 2022-04-27 Hemispheric foreign policy has waxed and waned since the Mexican War and the Cold War presented both extraordinary promises and dangerous threats to U S Latin American cooperation In *Hemispheric Alliances* Andrew J Kirkendall examines the strengths and weaknesses of new models for U S Latin American relations created by liberal Democrats who came to the fore during the Kennedy administration and retained significant influence until the Reagan era Rather than exerting ironfisted power in Latin America liberal Democrats urged Washington to be a moral rather than a militaristic leader in hemispheric affairs Decolonization President Eisenhower's missteps in Latin America and the Cuban Revolution all played key roles in the Kennedy administration's Alliance for Progress which liberal Democrats hailed as a new cornerstone for U S Latin American foreign policy During the Vietnam War era liberal Democrats began to incorporate human rights more centrally into their agendas using Latin America as the primary arena for these policies During the long period of military dictatorship in much of Latin America and the Caribbean liberal Democrats would see their policies dissolved by the Nixon Reagan and Bush administrations who favored militant containment of both communism and absolutism *Deplorable* Mary E. Stuckey, 2021-11-15 Political campaigns in the United States especially those for the presidency can be nasty very nasty And while we would like to believe that the 2020 election was an aberration insults invective and yes even violence have characterized US electoral politics since the republic's early days By examining the political discourse around nine particularly deplorable elections Mary E Stuckey seeks to explain why From the contest that pitted Thomas Jefferson against John Adams in 1800 through 2020's vicious chaotic matchup between Donald Trump and Joe Biden Stuckey documents the cycle of despicable discourse in presidential campaigns Looking beyond the character and the ideology of the candidates Stuckey explores the broader political economic and cultural milieus in which each took place In doing so she reveals the conditions that exacerbate and enable our worst political instincts producing discourses that incite factions target members of the polity encourage undemocratic policy and actively work against the national democratic project Keenly analytical and compulsively readable *Deplorable* provides context for the 2016 and 2020 elections revealing them as part of a cyclical and perhaps downward spiraling pattern in American politics *Deplorable* offers more than a comparison of the worst of our elections It helps us understand these shameful and disappointing moments in our political history leaving one important question Can we avoid them in the future
