The 'Real' Wild West Phillip J. Morledge, 2008-08-09 Collected together for the first time Four classic first hand narratives of the Old West *100 or so Boyhood Memories of the Real West* Endies Malcolm Lindsay Allen Sr., 2007-07-06 This book is written to share some experiences of a person who has survived being born as colored graduating from high school as a Negro working half his life in corporate America as a Black and finally arriving at old age as an African American Whew The paths through those personas have led through many precious persons lives Their interaction with me may have seemed insignificant to them But I cherished each experience as part of the learning how to live and get along with others life course Even the places and spaces the landmarks the neighborhood haunts the nooks and the crannies of a wonderful community mentioned in this collection of stories are highly significant in my development as a man and a husband a father a grandfather All these are cherished in my heart in my life I respectfully salute the West Endies That is the area in Cincinnati bounded on the south by the Ohio River on the north and east by the curving Central Parkway and on the west by the Western Hills Viaduct to State Avenue Thanks for the memories So as you read and I feel privileged that you do please reminisce along with me Thanks

The Real Wild West Michael Wallis, 2000-07-17 Chronicles the history of the 101 Ranch and discusses how the ranch's traveling show embodied the spirit of the American frontier

The Real West Marginal Way: A Poet's Autobiography Richard Hugo, 1992-06-17 Of Richard Hugo's *Making Certain It Goes On* David Wagoner has written Richard Hugo spared himself and us no pains or joys in making the wonderful vigorous original poems brought together in this single collection His was and is a very important voice in modern American poetry Hugo was also an

editor of the Yale Younger Poets series and a distinguished teacher and master of the personal essay Now many of his essays have been assembled and arranged by Ripley Hugo the poet's widow and a writer and teacher and Lois and James Welch writers and close friends of the poet Together the essays constitute a compelling autobiographical narrative that takes Hugo from his lonely childhood through the war years and his working and creative life to an interview just before his death in 1982 William Matthews also a friend of Hugo's has written an introduction **Television Westerns** Alvin H.

Marill, 2011-06-01 Westerns have featured prominently in films almost since motion pictures were first produced at the end of the nineteenth century and when televisions invaded American homes in the late 1940s and early 50s Western programs filled the small screen landscape Throughout the 1950s and well into the 1960s these shows dominated television with such long running successes as Bonanza Wagon Train and Maverick And though the genre has fallen on hard times over the years it has never died as Hollywood continues to produce films mini series and shows that keep the west alive In Television Westerns Six Decades of Sagebrush Sheriffs Scalawags and Sidewinders Alvin H Marill looks at the genre as it was represented from the beginning of television from the twenty year run of Gunsmoke to the brutal revisionist take of Deadwood This volume encompasses all manifestations of the Western including such series as Rawhide The Virginian and The Wild Wild West as well as movies of the week mini series failed pilots animated programs documentaries and even Western themed episodes of non Western series that provided their own spin on the genre Western Gunslingers in Fact and on Film Buck Rainey, 2015-11-17 Billy the Kid Wild Bill Hickok Belle Starr Wyatt Earp the Younger Gang the Dalton Doolin Gang and Bat Masterson these real life lawmen and lawbreakers have been the basis of so many Hollywood Westerns that it has become difficult to discover where the truth ends and the legend begins All actually became larger than life characters during their lifetimes as contemporary newspapers and books embellished their deeds for their own purposes But it was in Hollywood that the line between reality and myth was completely blurred Each chapter length entry here first focuses on the known facts of the people's lives and how each became truly legendary during their lifetimes The reality is then compared to how they have been portrayed in the movies *The West in Early Cinema* Nanna Verhoeff, 2025-10-01 Verhoeff investigates the emergence of the western genre made in the first two decades of cinema 1895-1915 By analyzing many unknown and forgotten films from international archives she traces the relationships between films about the American West their surrounding films and other popular media such as photography painting pulp literature Wild West Shows and popular ethnography Through this exploration of archival material she raises new questions of historiography and provides a model for historical analysis These first traces of the Western film reveal a preoccupation with presence and actuality that informs us about the way in which film as new medium took shape within the context of its contemporary visual culture

Historical Atlas of the Outlaw West Richard M. Patterson, 1985 A state by state review of the history of outlaws and outlaw activity in the Old West *Unsettling the Literary West* Nathaniel Lewis, 2003-01-01 The test of western literature

has invariably been Is it real Is it accurate Authentic The result is a standard anything but literary as Nathaniel Lewis observes in this ambitious work a wholesale rethinking of the critical terms and contexts and thus of the very nature of western writing Why is western writing virtually missing from the American literary canon but a frequent success in the marketplace The skewed status of western literature Lewis contends can be directly attributed to the strategies of the region's writers and these strategies depend consistently on the claim of authenticity A perusal of western American authorship reveals how these writers effectively present themselves as accurate and reliable recorders of real places histories and cultures but not as stylists or inventors The imaginative qualities of this literature are thus obscured in the name of authentic reproduction Through a study of a set of western authors and their relationships to literary and cultural history Lewis offers a reconsideration of the deceptive and often undervalued history of western American literature With unequivocal admiration for the literature under scrutiny Lewis exposes the potential for startling new readings once western writing is freed from its insistence on a questionable authenticity His book sets out a broader system of inquiry that points writers and critics of western literature in the direction of a new and truly sustaining literary tradition
