Legends of Sri Krishna & Mahadev Sharad Mohan,2023-06-11 To Believe or Not to Believe You aren t the first to grapple with the question of belief in God The vast number of different religions already tell us that humans have been grasping at the divine from the very beginning This alone speaks to the existence of God All humans have an innate desire for something an emptiness that longs for fulfillment Filling this void with worldly desires like riches power and sensual pleasures might distract you for a little while but it s ultimately unfulfilling It comes down to two choices First you can trust in human s limited knowledge of religions philosophies isms and many others that were made by humans looking for answers But this reasoning can only go so far because it starts with itself and ends with itself The second option is to lean not on your understanding but on God Many skeptics equate trust in religion to a rejection of logic or reason But belief in God doesn t mean you aren t using sense Seeking God can open your eyes and grant you wisdom Psalm 119 18 Proverbs 8 While there are many reasons to put your faith in God here are some compelling reasons we must believe God of Tactics VS God of Ethics
