hidden inside it **The laws of Human nature Unity of Universal love** ,2023-12-22 Introduction A life of Healing a life of Health A life worth living is a life of Wealth I have practiced over 25 years as a chiropractor and I have learned that most people come to me to treat their pain I m sure that most doctors and therapists have the same experience people want to receive a treatment that will cure their illness As I treat my patients I m also analyzing how their problem was created I m looking at various factors like diet lack of exercise injurious repetitive movements or anything else that could provoke the problem I m trying to get the patient to take responsibility for their problem and help me with their treatment It appears that I m treating their physical illness but over the years I have come to a new realization that a person s emotional mental and spiritual side can also affect their health The reality of the situation is that we can t separate an illness into a physical emotional mental or spiritual ailment because everything works together I now understand that attitudes play an essential role in our health and wellbeing Attitudes have characteristics that are physical emotional mental and spiritual In psychology attitudes are labeled as behavioral physical affective emotional and cognitive mental In this book attitudes have a spiritual side as well attitudes will have a positive spiritual value or a negative spiritual value Attitudes that bring people together and unite them has an energy with a positive spiritual value and attitudes that are divisive and cause separation has a negative value If we have attitudes with a negative spiritual energy then they will cause illness physical illness mental illness and emotional illness We need to adopt attitudes with a positive spiritual energy if we want to stay healthy and grow spiritually Spiritual growth is there for all of us but we have to make the effort no one can make us grow spiritually Looking for someone to cure our ills is a short term proposition the long term cure is when we discover what is causing us harm and create a healthy lifestyle The 7 Laws of Human Nature is a scientific philosophical study into the human consciousness the 7 chakras and the human aura We use theories to make sense about what we are observing in life to explain ideas and interpret facts The 1st chapter is the Theory of the Oneness of Universal Love which will present 7 hypotheses These hypotheses will present facts and suppositions of facts which will be followed up by a theory This is all happening on four energy levels physical emotional mental and spiritual Life on Earth has to have a reason our lives aren t an accident and this book presents a logical theory on the how and why of life This is a book on love and how love works in our lives With Love and Devotion to All *Love Unveiled* A. H. Almaas,2020-04-28 A passionate and deep exploration of how love is essential to our spiritual growth and development from beloved author and teacher A H Almaas Love is a universal energy and a primary force that powers our movement toward spiritual illumination All the ways we need love are simply reflections of our need for spiritual growth In *Love Unveiled* A H Almaas explores three dimensions of love appreciative love the true liking of somebody or something merging or connecting love a force that melts away separateness and passionate ecstatic love capable of consuming us from inside In their own way each reveals the beauty and exquisiteness of our spiritual heart which is the heart of the divine However the path of spiritual love is not without challenges Almaas explores the barriers that tend to block our

experience of loving awakening and provides experiential exercises throughout the book to help readers along their path The exercises focus on the obstacles or misunderstandings that commonly arise for each quality or dimension of love Presented in the form of writing or monologuing prompts readers can work independently or in small groups to confront the emotional obstacles on their spiritual path Regardless of where you are on your path Love Unveiled will help you explore love in three essential dimensions and gain a deeper connection to yourself **You Must Love Others** Shri Mataji Nirmala

Devi,2002-01-15 Those who must also be loved Shri Mataji explains are those who are not Sahaja Yogis but a waiting for their Self realization In this magazine Shri Mataji travels to Hong Kong Sahaja Yogis report from Mexico and Shri Mataji tells of us of her greatest puja it is that human beings And finally two women at first strangers meet in Sicily only to realize they are both Sahaja Yogis

Unlimited Love Stephen G. Post,2003-05 What if we could prove that love heals mental illness and is vital to successful therapeutic outcomes in all areas of health care What if we could prove that people who live more for others than for self have greater psychological well being Professor Stephen G Post who heads the Institute for Research on Unlimited Love is developing a new positive scientific program that integrates practice with high level empirical research and religious ethical ideas in order to explore these questions The goal is to understand how our complex brains unique imaginations communicative abilities reasoning powers moral sense and spiritual promptings give rise to the remarkable practice of unselfish love for our neighbors or for those we do not even know In Unlimited Love Post examines the question of what we mean by unlimited love his focus is not on falling into love which is altogether natural easy and delusional Rather he focuses on the difficult learned ascent that begins with insight into the need for tolerance of ubiquitous imperfection and matures into unselfish concern gratitude and compassion He considers social scientific and evolutionary perspectives on human altruistic motivations and he analyzes these perspectives in a wide interdisciplinary context at the interface of science ethics and religion Teilhard de Chardin commented that the scientific understanding of the power of unselfish love would be as significant in human history as the discovery of fire In Unlimited Love Stephen Post presents an argument for the creation of a new interdisciplinary field for the study of love and unlimited love engaging great minds and hoping to shape the human future away from endless acrimony hatred and violence Works of Love in a World of Violence Deidre Nicole

Green,2016-11-10 As she constructively engages feminist critiques of Christianity's complicity in violence Deidre Nicole Green challenges traditional beliefs that self sacrifice amounts to love and that suffering is inherently redemptive by arguing for a Kierkegaardian conceptions of Christian love that limits self sacrifice Back cover Miskawayh's Tahdīb al-aḥlāq Ufuk

Topkara,2022-06-14 This book engages with the work of Miskawayh a formative Islamic Philosopher in the 11th century who is acknowledged as the founder of Islamic Moral Philosophy Miskawayh's The Refinement of Character Tahdīb al-Aḥlāq draws from both ancient Greek philosophical tradition and Islamic thought highlighting the concepts he integrated into what he argued to be the moral core of Islam This book pursues a comparative study by analyzing and outlining the inherent

philosophical concerns of the Aristotelian concepts of Happiness Justice and Friendship which are then brought into conversation with Miskawayh's own conceptualizations of them While Tah b al A l q is deeply influenced by Aristotle's ethics Miskawayh employs not only a Platonizing interpretation of Aristotelian philosophy but also incorporates traditions of Islamic thought The study therefore concludes that Miskawayh is merely a transmitter of ancient Greek philosophy as shown by both his critical survey of the material available to him and his own critical contributions Essentially Miskawayh attempted to harmonize philosophical and religious concepts of knowledge demonstrating the interlinking of what are perceived as at times detrimentally incompatible positions Ufuk Topkara illustrates how Aristotle's Ethics are integrated modified and at times adjusted to the broader narrative of Islamic thought and how Miskawayh's discourse albeit philosophical in nature remains religious in its outlook Providing clear insight into Miskawayh's work this book is ideal for students and scholars of Islamic Philosophy and Muslim Theology
