work that have undermined critical thinking and sound intellectual inquiry in the world of public affairs in Canada have fostered reductive perspectives and destructive blockages to collaborative governance to emerge and have succeeded in blinding observers to the real sources of the present Canadian malaise blocking the road to imaginative repairs Part I deals frontally with the twilight of critical thinking that has led to a dramatic weakening of the critical examination of issues and the process of inquiry that has been significantly weakened by ever narrower perspectives Part II focuses on two mental prisons the obsessive and reductive insistence on a quantophrenic twist only that which can be quantified counts and the failure by crucial partners to live up to the requirements of their burden of office in circumstances when disloyalty considerably enfeebles the possibility of effective collaborative governance and the chance for organizations to succeed Part III suggests that it is not impossible to get rid of the blinders preventing the adoption of more synoptic approaches and the exploration of more imaginative designs to repair our organizations and institutions Ways to deal with the challenges facing the Canadian socio economy are hinted at and the work of a successful social architect showcased The conclusion makes the case for an approach that is both synoptic and guided by reasonableness against the dogmas of disciplines and skimpy rationality

Modern State Intervention in the Era of Globalisation Nikolaos

Karagiannis, Zagros Madjd-Sadjadi, 2007-06-26 *Modern State Intervention in the Era of Globalisation* is a thoughtful and well researched assessment of the evolving role of the state in the contemporary world economy. This work is provocative because it goes against the predominant arguments in favor of a minimal state as commonly asserted by neoclassical economics. Instead Karagiannis and Madjd Sadjadi think outside of the box and produce both theoretical arguments and evidence from important cases such as the EU, Singapore and Hong Kong to support the idea of a viable and continuing role for the Developmental State. The scholarship underlying this very readable book which includes contemporary material as well as ancient economic thought is truly impressive. Readers will be left with much to reconsider about the benefits of globalisation. Patrick James, University of Southern California, US.

Capacity for Choice George Hoberg, 2002-01-01 Examines North American integration and its potential future impact on Canadian life in eight areas: trade, the labour market, the brain drain, macroeconomics, federalism, social welfare, the environment and culture.

Canadian Politics, Sixth Edition James Bickerton, Alain-G. Gagnon, 2014-03-31. The sixth edition of *Canadian Politics* offers a comprehensive introduction to Canadian government and politics by a highly respected group of political scientists. For this edition the editors have organized the book into six parts. Part I examines Canadian citizenship and political identities while Parts II and III deal with Canadian political institutions including Aboriginal governments and contain new chapters on the public service and Quebec. Parts IV and V shift the focus to the political process, discussing issues pertaining to culture and values, parties and elections, media groups, movements, gender and diversity. The chapters on Parliament, bureaucracy, political culture, political communications, social movements and media are new to this edition. Finally, three chapters in the last section of the book analyze components of Canadian politics that have been gaining prominence during the last decade: the effects of globalization, the shifting ground of Canadian-American relations and the place of Canada in the changing world order. Of the 21 chapters in this edition, 9 are new and the remainder have been thoroughly revised and updated.
