Michael Oakeshott Selected Writings Collection Michael

Oakeshott, 2014-08-26 A collection of 6 volumes of Oakeshott's work Notebooks 1922-86 Early Political Writings 1925-30 The Concept of a Philosophical Jurisprudence Vocabulary of a Modern European State Lectures in the History of Political Thought and What is History [The Concept of a Philosophical Jurisprudence](#) Michael Oakeshott, 2011-10-26 This volume brings

together for the first time over a hundred of Oakeshott's essays and reviews written between 1926 and 1951 that until now have remained scattered through a variety of scholarly journals periodicals and newspapers A new editorial introduction explains how these pieces including the lengthy essay on the philosophical nature of jurisprudence that occupies an important position in Oakeshott's work illuminate his other published writings The collection throws new light on the context of his thought by placing him in dialogue with a number of other major figures in the humanities and social sciences during this period including Leo Strauss A N Whitehead Karl Mannheim Herbert Butterfield E H Carr Gilbert Ryle and R G Collingwood **The Anatomy of the Holocaust** Raul Hilberg, Walter H. Pehle, René Schlott, 2019-11-07 A multifaceted look

at historian Raul Hilberg tracing the evolution of Holocaust research from a marginal subdiscipline into a vital intellectual project I would recommend this book to both Holocaust historians and general readers alike The breadth and depth of Hilberg's research and his particular insights have not yet been surpassed by any other Holocaust scholar Jewish Libraries News Reviews Though best known as the author of the landmark 1961 work *The Destruction of the European Jews* the historian Raul Hilberg produced a variety of archival research personal essays and other works over a career that spanned half a century *The Anatomy of the Holocaust* collects some of Hilberg's most essential and groundbreaking writings many of them published in obscure journals or otherwise inaccessible to nonspecialists in a single volume Supplemented with commentary and notes from Hilberg's longtime German editor and his biographer From the Introduction This selection by the editors from the multitude of his published texts focuses on Hilberg's intellectual interests as a Holocaust researcher Among other topics they deal with the bureaucracy of the Holocaust the number of victims the role of the Judenrat Jewish councils and the function of the railway and the police in the extermination process The scholarly impulses extending from Hilberg's work remain remarkable and virulent almost a decade after his death 2 They deserve to be readily accessible in one place to historians and the interested public in the new compilation offered here Many of the debates influenced by Hilberg are not yet resolved The texts presented can be quite revealing in light of these controversies **Encyclopedia of Law and Society** David S. Clark, 2007-07-10 Introduction to and survey of the field of law and society Includes interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics

Jewish Tradition and the Challenge of Darwinism Geoffrey Cantor, Marc Swetlitz, 2008-09-15 Darwin's theory of

evolution transformed the life sciences and made profound claims about human origins and the human condition topics often viewed as the prerogative of religion As a result evolution has provoked a wide variety of religious responses ranging from angry rejection to enthusiastic acceptance While Christian responses to evolution have been studied extensively little scholarly attention has been paid to Jewish reactions Jewish Tradition and the Challenge of Darwinism is the first extended meditation on the Jewish engagement with this crucial and controversial theory The contributors to Jewish Tradition and the Challenge of Darwinism from several academic disciplines and two branches of the rabbinate present case studies showing how Jewish discussions of evolution have been shaped by the intersections of faith science philosophy and ideology in specific historical contexts Furthermore they examine how evolutionary theory has been deployed when characterizing Jews as a race both by Zionists and by anti Semites Jewish Tradition and the Challenge of Darwinism addresses historical and contemporary as well as progressive and Orthodox responses to evolution in America Europe and Israel ultimately extending the history of Darwinism into new religious domains **Reason and Unreason in Society** Morris Ginsberg,1948 *Reason and Unreason in Society* Morris Ginsberg,1948
