Wendell Bird

Rebellion Or Revolution England 1640 1660:

Rebellion Or Revolution? G. E. Aylmer, 1987 Civil war regicide republic the Cromwellian protectorate the restoration of monarchy some of the most exciting and dramatic events in English history took place between 1640 and 1660 Gerald Aylmer conveys the massive and continuing psychological and emotional impact of those times and offers an up to date analysis of the causes significance and consequences of what happened **Rebellion Or Revolution?** G. E. Aylmer, 1987 Here the author conveys the massive and continuing emotional and psychological impact of the events that occurred in England between 1640 and 1660 and offers up to date analysis of the causes significance and consequences of what happened

Government and Community in the English Provinces, 1700-1870 David Eastwood, 1997-06-09 In this bold and original study David Eastwood offers a reinterpretation of politics and public life in provincial England He explores the ways in which power was exercised and reconstructs the social and cultural foundations of political authority in provincial England Professor Eastwood demonstrates the crucial role played by local elites in policy making and shows how English public institutions and political culture can only be understood in terms of the long run development of the English state Early Modern England 1485-1714 Robert Bucholz, Newton Key, 2019-10-23 The new fully updated edition of the popular introduction to the Tudor Stuart period offers fresh scholarship and improved readability Early Modern England 1485 1714 is the market leading introduction to the Tudor Stuart period of English history This accessible and engaging volume enables readers to understand the political religious cultural and socio economic forces that propelled the nation from small feudal state to preeminent world power The authors leading scholars and teachers in the field have designed the text for those with little or no prior knowledge of the subject The book s easy to follow narrative explores the world the English created and inhabited between the 15th and 18th centuries This new edition has been thoroughly updated to reflect the latest scholarship on the subject such as Henry VIII s role in the English Reformation and the use of gendered language by Elizabeth I A new preface addresses the theme of periodization while revised chapters offer fresh perspectives on proto industrialization in England economic developments in early modern London merchants and adventurers in the Middle East the popular cultural life of ordinary people and more Offering a lively reader friendly narrative of the period this text Offers a wide ranging overview of two and half centuries of English history in one volume Highlights how social and cultural changes affected ordinary English people at various stages of the time period Explores how the Irish Scots and Welsh affected English history Features maps charts genealogies and illustrations throughout the text Includes access to a companion website containing online resources Early Modern England 1485 1714 is an indispensable resource for undergraduate students in early modern England courses as well as students in related fields such as literature and Renaissance studies Representing Revolution in Milton and his Contemporaries David Loewenstein, 2001-03-15 David Loewenstein s Representing Revolution in Milton and his Contemporaries is a wide ranging exploration of the interactions of literature polemics and religious politics in the

English Revolution Loewenstein highlights the powerful spiritual beliefs and religious ideologies in the polemical struggles of Milton Marvell and their radical Puritan contemporaries during these revolutionary decades By examining a wide range of canonical and non canonical writers John Lilburne Winstanley the Digger and Milton amongst others he reveals how radical Puritans struggled with the contradictions and ambiguities of the English Revolution and its political regimes His portrait of a faction riven violent seventeenth century revolutionary culture is an original and significant contribution to our understanding of these turbulent decades and their aftermath By placing Milton s great poems in the context of the period s radical religious politics it should be of interest to historians as well as literary scholars

The Revolution in Freedoms of Press and Speech Wendell Bird, Wendell R. Bird, 2020 This book discusses the revolutionary broadening of concepts of freedom of press and freedom of speech in Great Britain and in America in the late eighteenth century in the period that produced state declarations of rights and then the First Amendment and Fox s Libel Act The conventional view of the history of freedoms of press and speech is that the common law since antiquity defined those freedoms narrowly and that Sir William Blackstone in 1769 and Lord Chief Justice Mansfield in 1770 faithfully summarized the common law in giving a very narrow definition of those freedoms as mere liberty from prior restraint and not liberty from punishment after something was printed or spoken This book proposes to the contrary that Blackstone carefully selected the narrowest definition that had been suggested in popular essays in the prior seventy years in order to oppose the growing claims for much broader protections of press and speech Blackstone misdescribed his summary as an accepted common law definition which in fact did not exist A year later Mansfield inserted a similar definition into the common law for the first time also misdescribing it as a long accepted definition and soon misdescribed the unique rules for prosecuting seditious libel as having an equally ancient pedigree Blackstone and Mansfield were not declaring the law as it had long been but were leading a counter revolution about the breadth of freedoms of press and speech and cloaking it as a summary of a narrow common law doctrine that in fact was nonexistent That conflict of revolutionary view and counter revolutionary view continues today For over a century a neo Blackstonian view has been dominant or at least very influential among historians Contrary to those narrow claims this book concludes that the broad understanding of freedoms of press and speech was the dominant context of the First Amendment and of Fox s Libel Act and that it enjoyed greater historical support

The Encyclopedia of Political Revolutions Jack A. Goldstone, 2015-04-29 The Encyclopedia of Political Revolutions is an important reference work that describes revolutionary events that have affected and often changed the course of history Suitable for students and interested lay readers yet authoritative enough for scholars its 200 articles by leading scholars from around the world provide quick answers to specific questions as well as in depth treatment of events and trends accompanying revolutions Includes descriptions of specific revolutions important revolutionary figures and major revolutionary themes such as communism and socialism ideology and nationalism Illustrative material consists of photographs detailed maps and a timeline of revolutions

Religious Speech

and the Quest for Freedoms in the Anglo-American World Wendell Bird, 2023-04-20 Judeo Christian believers demanded and ultimately brought us six major advances in freedom speech and press criminal rights and higher education abolition and civil rights

Conflict and Governance Amihai Glazer, 2003-03-24 Conflict appears in many forms from a dictator terrorizing his country to organized crime demanding protection money Questions and issues addressed in this text include the conditions which make conflict severe whether voluntary agreements can avoid future conflict how the outcome of one war will affect the incentives of countries to wage war in the future and how dictators hold power The book provides an overview of existing literature applies the theory of conflict to new situations and gives foundations for future work It should interest both researchers and students studying political economy public choice international relations and comparative politics

Horses, People and Parliament in the English Civil War Gavin Robinson, 2016-04-22 Horses played a major role in the military economic social and cultural history of early modern England This book uses the supply of horses to parliamentary armies during the English Civil War to make two related points Firstly it shows how control of resources although vital to success is contingent upon a variety of logistical and political considerations It then demonstrates how competition for resources and construction of individuals identities and allegiances fed into each other Resources such as horses did not automatically flow out of areas which were nominally under Parliament s control Parliament had to construct administrative systems and make them work This was not easy when only a minority of the population actively supported either side and property rights had to be negotiated so the success of these negotiations was never a foregone conclusion The study also demonstrates how competition for resources and construction of identities fed into each other It argues that allegiance was not a fixed underlying condition but was something external and changeable Actions were more important than thoughts and to secure victory both sides needed people to do things rather than feel vaguely sympathetic Furthermore identities were not always self fashioned but could be imposed on people against their will making them liable to disarmament sequestration fines or imprisonment More than simply a book about resources and logistics this study poses fundamental questions of identity construction showing how culture and reality influence each other Through an exploration of Parliament s interaction with local communities and individuals it reveals fascinating intersections between military necessity and issues of gender patriarchy religion bureaucracy nationalism and allegiance

The Invention of the Newspaper Joad Raymond, 2005 First published in 1996 and here issued with a new preface this work describes the emergence of the first weekly news publications the immediate precursors of the modern newspaper Previous ed Oxford Clarendon 1996

Focus On: 100 Most Popular English People of Welsh Descent Wikipedia contributors, [Earls Colne's Early Modern Landscapes](#) Dolly MacKinnon, 2016-04-29 The Essex village of Earls Colne boasts one of the most comprehensive collections of historical documents in Britain and has been the subject of an intensive and ongoing research project to collate and computerise the surviving records As such Earls Colne is undoubtedly one of the most studied parishes

in England Yet whilst much is now known about the village and its inhabitants little work has been done on the social relationships that bound the community together within its mental and physical landscape As such scholars will welcome Dr MacKinnon s investigation into the social political and cultural world of early modern England as represented by Earls Colne The book provides a fresh approach to the study of the landscape of a seventeenth century village by focussing on the relationships between political power and cultural artefacts It examines how private public and communal spaces within society were generated gendered and governed and how this was recorded and perpetuated in the records names and monuments of the parish and surrounding landscape Yet whilst the elites tried to represent a select social landscape through their control of the local records and documents these attempts were always counterbalanced by the less powerful members of the community who occupied and contested these spaces By reconstructing the dynamics of Earls Colne through a careful reading and cross referencing of the surviving documents buildings and place names this book offers a fascinating insight into how the sights and sounds of early modern society were imbued with the social relations of parish politics As well as deepening our understanding of Earls Colne itself the book offers historians the potential to revisit other local studies from a fresh perspective

The Cambridge History of Early Modern English Literature David Loewenstein, Janel M. Mueller, 2002 This 2003 book is a full scale history of early modern English literature offering perspectives on English literature produced in Britain between the Reformation and the Restoration While providing the general coverage and specific information expected of a major history its twenty six chapters address recent methodological and interpretive developments in English literary studies The book has five sections Modes and Means of Literary Production Circulation and Reception The Tudor Era from the Reformation to Elizabeth I The Era of Elizabeth and James VI The Earlier Stuart Era and The Civil War and Commonwealth Era While England is the principal focus literary production in Scotland Ireland and Wales is treated as are other subjects less frequently examined in previous histories including women s writings and the literature of the English Reformation and Revolution This history is an essential resource for specialists and students

A History of the Peoples of the British Isles: From Prehistoric Times to 1688 Stanford Lehmberg, 2013-10-11 The three volumes of A History of the Peoples of the British Isles weave together the histories of England Ireland Scotland and Wales and their peoples The authors trace the course of social economic cultural and political history from prehistoric times to the present analyzing the relationships differences and similarities of the four areas Covering British history from prehistoric times to 1688 Volume I s main themes include the development of prehistoric Roman and Anglo Saxon Britain discussions of family and class structures Medieval British history the Stuart and Tudor leaderships the arts and intellectual developments from 1485 to 1688 Presenting a wealth of material on themes such as women s history the family religion intellectual history society politics and the arts these volumes are an important resource for all students of the political and cultural heritage of the British Isles

The Routledge Companion to Early Modern Europe, 1453-1763 Chris Cook, Philip Broadhead, 2006

Covers the events as Europe transformed during the period from the Renaissance to the Enlightenment **The English Civil War** Peter Gaunt, 2014-05-09 Sir God hath taken away your eldest son by a cannon shot It brake his leg We were necessitated to have it cut off whereof he died In one of the most famous and moving letters of the Civil War Oliver Cromwell told his brother in law that on 2 July 1644 Parliament had won an emphatic victory over a Royalist army commanded by King Charles I's nephew Prince Rupert on rolling moorland west of York But that battle Marston Moor had also slain his own nephew the recipient's firstborn In this vividly narrated history of the deadly conflict that engulfed the nation during the 1640s Peter Gaunt shows that with the exception of World War I the death rate was higher than any other contest in which Britain has participated Numerous towns and villages were garrisoned attacked damaged or wrecked The landscape was profoundly altered Yet amidst all the blood and killing the fighting was also a catalyst for profound social change and innovation Charting major battles raids and engagements the author uses rich contemporary accounts to explore the life changing experience of war for those involved whether musketeers at Cheriton dragoons at Edgehill or Cromwell's disciplined Ironsides at Naseby 1645 **The Tree of Commonwealth, 1450-1793** Whitney Richard David Jones, 2000 While full account is taken of authoritative secondary works including recent scholarly controversies the book's strength comes from the detailed illustration from original sources of its comparative analysis **BOOK JACKET**

Seventeenth-Century Europe Thomas Munck, 2017-03-16 This thematically organised text provides a compelling introduction and guide to the key problems and issues of this highly controversial century Offering a genuinely comparative history Thomas Munck adeptly balances Eastern and Southern Europe Scandinavia and the Ottoman Empire against the better known history of France the British Isles and Spain Seventeenth Century Europe gives full prominence to the political context of the period arguing that the Thirty Years War is vital to understanding the social and political developments of the early modern period provides detailed coverage of the debates surrounding the general crisis absolutism and the growth of the state and the implications these had for townspeople the peasantry and the poor examines changes in economic orientation within Europe as well as continuity and change in mental and cultural traditions at different social levels Now fully revised this second edition of a well established and approachable synthesis features important new material on the Ottomans Christian Moslem contacts and on the role of women The text has also been thoroughly updated to take account of recent research This is a fully revised edition of a well established synthesis of the period from the Thirty Years War to the consolidation of absolute monarchy and the landowning society of the ancien régime Thematically organised the book covers all of Europe from Britain and Scandinavia to Spain and Eastern Europe Important new material has been added on the Ottomans on Christian Moslem contacts and on the role of women and the text has been thoroughly updated to take account of recent research **The Royal Touch in Early Modern England** Stephen Brogan, 2015 First modern analysis of the custom of the royal touch in the Tudor and Stuart reigns The royal touch was the religious healing ceremony at which the

monarch stroked the sores on the face and necks of people who had scrofula in order to heal them in imitation of Christ The rite was practised by all the Tudor and Stuart sovereigns apart from William III reaching its zenith during the Restoration when some 100 000 people were touched by Charles II and James II This book the first devoted to the royal touch for almost a century integrates political religious medical and intellectual history The custom is analysed from above and below the royal touch projected monarchical authority but at the same time the great demand for it created numerous problems for those organising the ceremony The healing rite is situated in the context of a number of early modern debates including the cessation of miracles and the nature of the body politic The book also assesses contemporary attitudes towards the royal touch from belief through ambivalence to scepticism Drawing on a wide range of primary sources including images coins medals and playing cards as well as manuscripts and printed texts it provides an important new perspective on the evolving relationship between politics medicine and sin in sixteenth and seventeenth century England Stephen Brogan is a Visiting Lecturer at Royal Holloway University of London where he teaches early modern history

Right here, we have countless book **Rebellion Or Revolution England 1640 1660** and collections to check out. We additionally provide variant types and plus type of the books to browse.
