

The background of the entire image is a photograph of a forest. Tall, slender trees with dark trunks are scattered throughout the scene. In the center, a bright sunburst or light flare is visible, creating a warm, golden glow that filters through the trees. The ground is covered in a dense layer of green foliage, possibly ferns or moss, which adds a vibrant, natural feel to the setting.

Rebellious Desire:

Rebellious Desire Julie Garwood, 2010-08-31 Before there was Downton Abbey there was *Rebellious Desire* in this classic Regency romance from bestselling author Julie Garwood an American heiress must land a titled lord Of all the dukes in England Jered Marcus Benton the Duke of Bradford was the wealthiest most handsome and most arrogant And of all London's ladies he wanted the tender obedience of only one Caroline Richmond She was a ravishing beauty from Boston with a mysterious past and a fiery spirit Drawn to the powerful duke undeterred by his presumptuous airs Caroline was determined to win his lasting love But Bradford would bend to no woman until a deadly intrigue drew them enticingly close Now united against a common enemy they would discover the power of the magnificent attraction that brought them together a desire born in danger but destined to flame into love

Rebellious Desire, 2009 *Labyrinth of Desire* William Craft, 1994 Modern readings of Sidney generally either endorse Greville's judgment defining a poet who transcends through art the conflicts of public virtue and private desire or they reverse it presenting a Sidney trapped by cultural demands and expectations he could neither abandon nor reform

The Revival of Beauty Catherine Wesselinoff, 2023-08-18 This book provides original descriptive accounts of two schools of thought in the philosophy of beauty the 20th century Anti Aesthetic movement and the 21st century Beauty Revival movement It also includes a positive defence of beauty as a lived experience extrapolated from Beauty Revival position Beauty was traditionally understood in the broadest sense as a notion that engages our sense perception and embraces everything evoked by that perception including mental products and affective states This book constructs and places in parallel with one another the Anti Aesthetic and Beauty Revival movements In the author's view Anti Aestheticism is devoted to a decisive negation of beauty denying its importance as a philosophical notion and its significance as a lived experience It suggests that beauty is a merely sensual experience which can be used at best as a distraction from justice and at worst as an instrument of evil Alternatively the Beauty Revival movement advances arguments for beauty as an experience that extends primarily to sensual experience but which also calls forth mental products and cognitive and affective states evoked by that experience After reconstructing these two positions the author elaborates on the notion of beauty as a lived experience through three key moments which occur in the process of our experiencing beautiful objects These moments are a the conditions that constitute an experience of beauty b the attitudinal features most likely to lead to the experience of beauty and c the results of the experience of beauty *The Revival of Beauty* will be of interest to scholars and advanced students working in aesthetics history of philosophy and art history

Trials of Desire Margaret W. Ferguson, 1983-01-01

Hysteria Complicated by Ecstasy Jan Goldstein, 2011-11-20 A unique account of a peasant girl's mental illness in nineteenth century France *Hysteria Complicated by Ecstasy* offers a rare window into the inner life of a person ordinarily inaccessible to historians a semiliterate peasant girl who lived almost two centuries ago in the aftermath of the French Revolution Eighteen year old Nanette Leroux fell ill in 1822 with a variety of incapacitating nervous symptoms

Living near the spa at Aix les Bains she became the charity patient of its medical director Antoine Despine who treated her with hydrotherapy and animal magnetism as hypnosis was then called Jan Goldstein translates and provides a substantial introduction to the previously unpublished manuscript recounting Nanette's strange illness a manuscript coauthored by Despine and Alexandre Bertrand the Paris physician who memorably diagnosed Nanette as suffering from hysteria complicated by ecstasy While hysteria would become a fashionable disease among urban women by the end of the nineteenth century the case of Nanette Leroux differs sharply from this pattern in its early date and rural setting Filled with intimate details about Nanette's behavior and extensive quotations of her utterances the case is noteworthy for the sexual references that contemporaries did not recognize as such for its focus on the difference between biological and social time and for Nanette's fascination with the commodities available in the region's nascent marketplace Goldstein's introduction brilliantly situates the text in its multiple contexts examines it from the standpoint of early nineteenth century medicine and uses the insights of Foucault and Freud to craft a twenty first century interpretation A compelling multilayered account of one young woman's mental afflictions *Hysteria Complicated by Ecstasy* is an extraordinary addition to the cultural and social history of psychiatry and medicine [Paul, The Apostle of Obedience](#) Jason A. Myers, 2022-08-25 Jason A Myers reconsiders the meaning and context of the phrase the obedience of faith in Rom 1:5 and how it contributes to the theme of obedience in Romans In contrast to previous studies that have nearly exclusively focused on the obedience language in light of the Hebrew Bible and Second Temple literature Myers instead investigates how this language functioned within the Greco Roman world particularly in the discourse of the Roman Empire By studying both the Greco Roman contexts and the use of obedience language during the Empire Myers sheds fresh light on the meaning of the obedience of faith and concludes that such examination helps contemporary readers understand how Gentiles in Paul's audience would have heard and received the terms and images relating to obedience In addition he argues that Paul's use of obedience language both at the beginning and end of Romans 1:5-15:18 serves as rhetorical bookends and signals a theme that is central to Paul's purpose in Romans and integral to his calling as an apostle to the Gentiles **Justice Oliver Wendell Holmes** G. Edward White, 1995-11-16 By any measure Oliver Wendell Holmes Jr led a full and remarkable life He was tall and exceptionally attractive especially as he aged with piercing eyes a shock of white hair and prominent moustache He was the son of a famous father Oliver Wendell Holmes Sr renowned for *The Autocrat of the Breakfast Table* a thrice wounded veteran of the Civil War a Harvard educated member of Brahmin Boston the acquaintance of Longfellow Lowell and Emerson and for a time a close friend of William James He wrote one of the classic works of American legal scholarship *The Common Law* and he served with distinction on the Supreme Court of the United States He was actively involved in the Court's work into his nineties In *Justice Oliver Wendell Holmes* G. Edward White the acclaimed biographer of Earl Warren and one of America's most esteemed legal scholars provides a rounded portrait of this remarkable jurist We see Holmes's early life in Boston and at Harvard his

ambivalent relationship with his father and his harrowing service during the Civil War he was wounded three times twice nearly fatally shot in the chest in his first action and later shot through the neck at Antietam White examines Holmes's curious childless marriage his diary for 1872 noted on June 17th that he had married Fanny Bowditch Dixwell and the next sentence indicated that he had become the sole editor of the American Law Review and he includes new information on Holmes's relationship with Clare Castletown White not only provides a vivid portrait of Holmes's life but examines in depth the inner life and thought of this preeminent legal figure There is a full chapter devoted to The Common Law for instance and throughout the book there is astute commentary on Holmes's legal writings Indeed White reveals that some of the themes that have dominated 20th century American jurisprudence including protection for free speech and the belief that judges make the law originated in Holmes's work Perhaps most important White suggests that understanding Holmes's life is crucial to understanding his work and he continually stresses the connections between Holmes's legal career and his personal life For instance his desire to distinguish himself from his father and from the soft literary culture of his father's generation drove him to legal scholarship of a particularly demanding kind White's biography of Earl Warren was hailed by Anthony Lewis on the cover of The New York Times Book Review as serious and fascinating and The Los Angeles Times noted that White has gone beyond the labels and given us the man In Justice Oliver Wendell Holmes White has produced an equally serious and fascinating biography one that again goes beyond the labels and gives us the man himself

The Japanese Novel of the Meiji Period and the Ideal of Individualism Janet A. Walker, 2019-01-29 The Western ideal of individualism had a pervasive influence on the culture of the Meiji period in Japan 1868-1912 Janet Walker argues that this ideal also had an important influence on the development of the modern Japanese novel Focusing on the work of four late Meiji writers she analyzes their contribution to the development of a type of novel whose aim was the depiction of the modern Japanese individual Professor Walker suggests that Meiji novels of the individual provided their readers with mirrors in which to confront their new found sense of individuality Her treatment of these novels as confessions allows her to discuss the development of modern Japanese literature and the modern literary self both in themselves and as they compare their prototypes and analogues in European literature The author begins by examining the evolution of a literary concept of the inner self in Futabatei Shimei's novel Ukigumo The Floating Clouds Kitamura Tokoku's essays on the inner life and Tayama Katai's I novel Futon The Quilt She devotes the second half of her book to Shimazaki Toson the Meiji novelist who was most influenced by the ideal of individualism Here she traces Toson's development of a personal ideal of selfhood and analyzes in detail two examples of the lengthy confessional novel form that he created as a vehicle for its expression Janet A Walker is Associate Professor of Comparative Literature at Livingston College Rutgers University Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important

Reimagining Resistance in Gisèle Pineau's Works Lisa Connell,Delphine Gras,2022-10-20 As one of the most prominent voices from and about the French Caribbean Gis le Pineau has garnered significant scholarly attention however this interest has culminated in precious few volumes devoted entirely to the author and her work In response to this lack of in depth critical attention Reimagining Resistance in Gis le Pineau s Works brings together a range of perspectives from both sides of the Atlantic and across the Pacific to explore the unique ways in which Gis le Pineau s works redefine the concept of resistance particularly as it relates to gender race history and Antillean identity As this volume ultimately demonstrates resistance holds up a mirror to the political economic and cultural forces that have shaped the past construct the present and build the future It argues that Pineau s characters open the narrative frame for reading them and move us beyond the categories of the wholly defiant or the inherently complicit Above all as they invite us to reimagine resistance they expose our expectations and hopefully shift our understanding about what it means to rise and to fall in a world we seek to call our own
