Literacy Sharon M. Pitcher, Bonnie Mackey, 2013-03-21 Advances in literacy require collaboration between all of a school's stakeholders. This book harnesses the latest research and takes into consideration CCSS to show how to make that collaboration a reality. Authentic literacy practice is crucial to preparing all students to be successful both in the workplace and college in the 21st century. Insisting that this literacy achievement will only happen when librarians, teachers, literacy coaches, and administrators work together in their schools. Collaborating for Real Literacy addresses the role of each instructional leader individually and examines the importance of the group collectively in bolstering the literacy of all students. Practical ways to support the teaching of the Common Core State Standards (CCSS) are infused throughout every chapter. In this second edition of the book, core chapters on scaffolding literacy centers, family literacy, English language learners, comprehension, assessment, writing, and discussion have been updated based on current research and CCSS. Each of these chapters now offers suggestions for literacy coaches. Also new are recommendations for grades K-5 and 6-12 demonstrating specific ways to apply instructional ideas to different age levels and providing materials that can be used for the instruction. Additionally, three new chapters have been added with real literacy instructional ideas for content area reading and Response to Intervention support for struggling readers.

Impromptu Judith Humphrey, 2017-12-11 Be Prepared to Lead in the Moment. Assess, think, and respond on the spot. Impromptu shows leaders how to think on their feet and respond eloquently in every situation. Never have there been so many opportunities to inspire and influence in everyday situations: elevator chats, corridor conversations, networking gatherings, meetings, and ceremonial events. Indeed, today the most iconic leadership moments are spontaneous spur-of-the-moment events that reveal the inner workings of the leader's mind. When these impromptu opportunities arise, leaders must be able to listen, think, and respond within seconds. They don't read a script from a page; they convey the narrative that is already in their mind. They can tailor a message in a meeting in the corridor or in a tweet to influence and inspire any audience. Those who shine in that moment are remembered for their leadership. Those who stumble are remembered for their gaffes, mixed messages, or insensitivity. Nobody remembers the leaders who retreat to their office, formulate a strategic plan, and distribute a memo the following week. Guided by her entrepreneurial success as founder of The Humphrey Group and her firm's work with tens of thousands of leaders over the past 30 years, Judith Humphrey makes clear the importance of preparing to be spontaneous as counterintuitive as that may sound. Drawing upon the best impromptu moments from the Greeks to the present, the book looks at every aspect of impromptu speaking. You will learn how to think like an impromptu leader. Quickly read an audience of one or a thousand. Collect your thoughts and craft a persuasive message. Script yourself within seconds for any occasion. Avoid um's and ah's and use the right words at the right time. Discover improv techniques that will enable you to shine. Deliver your message with clarity, confidence, and conviction. The ability to speak on the spot is often seen as an innate gift, a talent of natural-born leaders. The truth is it's a skill that can be learned, a skill that is quickly becoming a must-have for anyone in a leadership

position Impromptu provides clear actionable guidance to help you reach your full leadership potential It will enable you to influence and inspire followers on the many small stages that define our daily lives *Theodor Geisel* Tanya Dean,2002
