

Seven Days in January

**With the 6th SS-Mountain Division
in Operation *NORDWIND***

Wolf T. Zoepf

Foreword by
Brigadier General Theodore C. Mataxis, US Army (Retired)

Seven Days In January With The 6th Ssmountain Division In Operation Nordwind

Keith Bonn

Seven Days In January With The 6th Ssmountain Division In Operation Nordwind:

Seven Days in January Wolf T. Zoepf, 2001 History of the 6th SS Mountain Division Nord 6 SS Gebirgs Division Nord in the battle for Wingen sur Moder from 1 7 Jan 1945 against the U S Army Operation Nordwind 1945 Steven J. Zaloga, 2012-08-20 The last great assault by the German Army in the West Operation Nordwind is one of the lesser known campaigns of World War II yet one of the more intriguing Largely overshadowed by the Battle of the Bulge further north Nordwind was the last great operation by the Waffen SS Panzer divisions in the west and the last time the Wehrmacht was on the offensive in the West The campaign also highlights the difficulties of inter Allied cooperation between the Americans and the French Though extensively treated in German and French accounts the campaign has not been well covered in English until now Alongside detailed illustrations and maps Steven J Zaloga unpacks the story of one of Hitler s final battles **The Battle of Wingen-sur-Moder: Operation Nordwind** Wallace Cheves, 2008-08-27 Wingen sur Moder was an important village in France leading to the Alsatian Plain If German forces had captured it during Operation Nordwind in January 1945 and had been able to release their reserve Panzer divisions into the plain the war might have been lengthened Cheves commanded the U S forces involved 2nd Battalion 274th Regiment along with troops from the 276th and supporting elements defeated two battalions of the 6th SS Mountain Division Nord 15 photos 5 illustrations 6 maps 2 tables footnotes **Battle of Wingen-sur-Moder: Operation Nordwind** , 2004 **Eisenhower's Thorn on the Rhine** Nathan N. Prefer, 2015-10-19 The difficult fighting in the Colmar Pocket is brought to vivid life in this WWII chronicle of the Allied 6th Army Group WWII History By the fall of 1944 the Western Allied forces appeared to be unstoppable The summer s Normandy invasion had driven the Germans out of northern France and most of the Low Countries In September they liberated France s southern coast with little opposition Then Allied divisions began lining up along the Rhine While the Americans met a nasty surprise in the Ardennes the Germans also held on to the province of Alsace maintaining a hard pocket around the city of Colmar On New Year s Eve they launched Operation Northwind a counteroffensive that nearly put Allied forces back on their heels On January 12 1945 Eisenhower could only tell George Marshall that Colmar was a very bad thorn in our side today This is the story of the Sixth Army Group a unit that combined US and French forces and its unexpectedly bloody and protracted battle for the Colmar Pocket Amidst a horrific winter and rough terrain interspersed by demolished towns the Allied Army Group traded blows with the German 19th in a ferocious campaign This book informs us fully of the tremendous and costly struggle waged in an often neglected sector of World War II s European Theater **When the Odds Were Even** Keith Bonn, 2007-12-18 In three months of savage fighting the U S Seventh Army did what no army in the history of modern warfare had ever done before conquer an enemy defending the Vosges Mountains With the toughest terrain on the Western Front the Vosges mountain range was seemingly an impregnable fortress manned by German troops determined to hold the last barrier between the Allies and the Rhine Yet despite nearly constant rain snow ice and mud soldiers of the U S Seventh

Army tore through thousands of pillboxes acres of barbed wire hundreds of roadblocks and miles of other enemy obstacles ripping the tenacious German defenders out of their fortifications in fierce fighting and then held on to their gains by crushing Operation Nordwind the German offensive launched in a hail of steel at an hour before midnight on the last New Year s Eve of the war Keith Bonn s fascinating study of this little known World War II campaign offers a rare opportunity to compare German and American fighting formations in a situation where both sides were fairly evenly matched in numbers of troops weapons supplies and support This gripping battle by battle account shatters the myth that German formations were division for division superior to their American counterparts **In Final Defense of the Reich** Stephen M

Rusiecki,2010-10-15 In April 1945 the American 71st Infantry Division exacted the final vestiges of life from the Reich s 6th SS Mountain Division in central Germany This analysis of the battle demonstrates that the Wehrmacht s last gasp on the Western Front was anything but a whimper as some historians charge Instead Stephen Rusiecki argues the Nazis fought to exact every last bit of pain possible The book follows the histories of both the German and American divisions from their inception until their fateful confrontation and serves as a testament to the human experience in war from the perspective of the soldiers and the civilians who suffered the brunt of the fighting *Sabers through the Reich* William Stuart

Nance,2017-05-08 In *Sabers through the Reich* William Stuart Nance provides the first comprehensive operational history of American corps cavalry in the European Theater of Operations ETO during World War II The corps cavalry had a substantive and direct impact on Allied success in almost every campaign and served as offensive guards for armies across Europe conducting reconnaissance economy of force and security missions as well as prisoner of war rescues From D Day and Operation Cobra to the Battle of the Bulge and the drive to the Rhine these groups had the mobility flexibility and firepower to move quickly across the battlefield enabling them to aid communications and intelligence gathering reducing the Clausewitzian friction of war *The Waffen-SS in Allied Hands Volume One* Terry Goldsworthy,2019-01-29 The Waffen SS

are commonly regarded as the elite of Germany s armed forces during World War II They gained much of this reputation while fighting on the Eastern Front in Russia during Germany s war against the Soviet Union They were also called to the fore in an attempt to hurl back the Western Allies invasion forces in Normandy and were used in the last great offensive on the Western Front in the Ardennes and contributed to the final defence of Berlin In adversity they were some of the most resilient soldiers that fought for Germany in World War II and were ideologically and politically aligned with Hitler For over 70 years many of the manuscripts contained in this book and sourced from the United States National Archives have not been scrutinised by modern researchers This book provides a unique opportunity to publish these records in order to provide an insight into the Waffen SS The Waffen SS was a military organisation that is steeped in the military folklore of being a force capable of incredible military feats but it was also capable of incredible evil These records are exceedingly valuable as they are one of the few contemporaneous primary sources of information available in relation to the Waffen SS The Sons of

Bitche Joseph Militano,2024-12-17 They were called a bunch of rag tag soldiers a show division not really meant for battle knitted together among others with actors from the Army s discontinued War Show Task Force and a defunct Army college program for soldiers not destined for any combat But then they attacked the vaunted Maginot Line of underground fortresses occupied by the Nazis arguably the stiffest spot along the Franco German Rhine River border of Alsace France By the time the dust settled the 100th had advanced further east than any division of the U S Seventh Army in the overlooked yet supremely critical third and southern front against Adolph Hitler About the Author Joseph Militano is a former investigative reporter and senior defense industry executive of more than forty years His personal interest in the Sons of Bitche stems from his father who served with the 100th Infantry Division in WWII Prior related works include publishing of the defense industry publication *The Defender* and editor of the book *I Remember Papa A Sicilian Americans Century* that includes the account of a young U S soldier going off to war in France leaving his pregnant wife behind *Germany at War* David T. Zabecki,2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany s Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation s military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent

International Encyclopedia of Military History James C. Bradford,2004-12-01 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history **The Wehrmacht's Last Stand** Robert M. Citino,2020-07-09 By 1943 the war was lost and most German officers knew it Three quarters of a century later the question persists What kept the German army going in an increasingly hopeless situation Where some historians have found explanations in the power of Hitler or the

role of ideology Robert M Citino the world's leading scholar on the subject posits a more straightforward solution *Bewegungskrieg* the way of war cultivated by the Germans over the course of history In this gripping account of German military campaigns during the final phase of World War II Citino charts the inevitable path by which *Bewegungskrieg* or a war of movement inexorably led to Nazi Germany's defeat *The Wehrmacht's Last Stand* analyzes the German *Totenritt* or death ride from January 1944 with simultaneous Allied offensives at Anzio and Ukraine until May 1945 the collapse of the Wehrmacht in the field and the Soviet storming of Berlin In clear and compelling prose and bringing extensive reading of the German language literature to bear Citino focuses on the German view of these campaigns Often very different from the Allied perspective this approach allows for a more nuanced and far reaching understanding of the last battles of the Wehrmacht than any now available With Citino's previous volumes *Death of the Wehrmacht* and *The Wehrmacht Retreats* *The Wehrmacht's Last Stand* completes a uniquely comprehensive picture of the German army's strategy operations and performance against the Allies in World War II

World War II in Literature for Youth Patricia Hachten Wee, Robert James Wee, 2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939-1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource

Sledgehammers Christopher W. Wilbeck, 2004 Although much is available about Tiger tanks technical details and some of the most famous soldiers and units that employed them until now there has been little concerning the organization and tactical use of heavy tank battalions across the theaters in which they were employed Wilbeck provides an in depth look at heavy tank battalions organizations and tactics including the tactical doctrine by which these elite units were supposed to fight and case studies to illustrate how they were actually employed on the battlefield Page 4 of cover

Into the Fire Tim Desiderio, 2004 Little known historical account of 275th Infantry during World War II a partially trained regiment unexpectedly thrust into heavy combat late during the war in the European Theater of Operations

Vanguard of the Crusade Mark A. Bando, 2003 Widely respected author Mark Bando has skillfully woven together hundreds of carefully authenticated WWII anecdotes by the men whose sacrifice and courage built the foundation of the 101st's proud heritage Told without a shred of sentimentality but with an implicit and profound respect for the paratroopers and glidermen who wore the Screaming Eagle patch the book captures the spirit and the deeds of the Division which from Normandy to Holland to the Ardennes was the vanguard and a bulwark of the Crusade in Europe

Army, 2000 The Journal of Military History, 2002

World War II in Europe David T. Zabecki, 2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the

underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League from the OSS to the Africa Korps from the Chetniks to the Jedburghs from the battle of Kursk to Operation Mincemeat from Bill Donovan to Otto Skorzeny from Gestapo to SMERSH from Georgi Zhukov to Jean Leclerc from the 88 gun to the Norden Bombsight Covers important neglected subjects The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia A key section inspects and rates all the major weapons with handy tables for easy comparison And in recognition of the first large scale participation of women in the war the volume thoroughly documents their individual and unit contributions to the Allied effort Finally the encyclopedia discusses battlefield realities that explain for example why the airborne drops at Normandy succeeded and the ones at Arnheim failed A bibliography glossary maps photographs and weapons and data tables enhance the coverage Also includes 16 maps
