The Master, The Lover, and Me Denise McDermott-King, 2017-11-24 It all began with a letter found hidden in some old manuscripts requesting a dispensation for as much karma as possible to be given in as short a time as possible As a direct result of replicating this ancient letter the author's life was drastically changed and finally culminated in her being taken on a walkabout with a group of Masters residing in the Rocky Mountains However after spending just over nine months with these advanced Brothers the greatest challenge was to be faced upon her return This is an account woven like an adult fable based on truth of how the opportunity to step into an unbelievable life was made available and is available to any sincere seeker of truth This journey shows that with courage rather than faith with the desire to seek ultimate truth rather than know it one may seize all opportunities making them the willing servants to enlightenment *The Natural History of the Human*

Temperaments William Byrd Powell, 1856 **Soul Psychology** Joshua David Stone, Ph.D., 2010-11-24 The words of Sai Baba God equals man minus ego are echoed by Dr Joshua David Stone in his seminal work Soul Psychology A veteran transpersonal psychologist and family counselor Dr Stone teaches us how our entire understanding of ourselves and others is completely changed when we integrate our soul into the way we live our lives Based on eighteen years of Dr Stone's practice this book is not a psychological approach to spirituality It is rather a spiritual approach to the psychology of everyday living At the heart of Soul Psychology is emotional healing through the dismantling of the negative ego a psychological cancer that prevents us from acting in accordance with our soul's true nature and purpose This negative energy drives us to find our security outside of ourselves whereas the only true security is one that is grounded in having a right relationship with self and a right relationship with the Divine To guide us onto this path of spiritual ascension Soul Psychology offers a stimulating new viewpoint that expands the boundaries of traditional spiritual practice providing a wealth of accessible and powerful
