Sex and the Single Alien, **Sex and the Single Alien** Peter Daskaloff, 2014-01-20 **The Sex Is Out of This World** Sherry Ginn, Michael G. Cornelius, Donald E. Palumbo, 2012-11-08 Science fiction can be translated into real unreality More than a genre like fantasy which creates entirely new realms of possibility science fiction constructs its possibilities from what is real from what is indeed possible or conceivably so This collection then looks to understand and explore the unreal reality to note ways in which our culture's continually changing and evolving mores of sex and sexuality are reflected in dissected by and deconstructed through the genre of science fiction This book is a collection of new essays with the general objective of filling a gap in the literature about sex and science fiction although some work has gone before none of it is recent The essays herein explore the myriad ways in which authors regardless of format print film television etc envision very different beings expressing this most fundamental of human behaviors **Knowing Fear** Jason Colavito, 2007-11-26 Tracing the development of horror entertainment since the late 18th century this study argues that scientific discovery technological progress and knowledge in general have played an unparalleled role in influencing the evolution of horror Throughout its many subgenres biological horror cosmic horror and others and formats film literature comics horror records humanity's uneasy relationship with its own ability to reason understand and learn The text first outlines a loose framework defining several distinct periods in horror development then explores each period sequentially by looking at the scientific and cultural background of the period its expression in horror literature and its expression in horror visual and performing arts The Other Side of Love Rodrick Rajive Lal, 2015-06-08 Love is special In its best form it defies the ability of science to analyze it Love is all in the heart and not the mind so when it comes to shooting your beloved for the sake of saving the world what would you do It is said that even the powers in heaven look down with pity when they see a beautiful relationship ending in grief But then wait is it possible that there might be another solution to the whole issue Is that when inspiration shows you a way out **Alien Sex** Gerard Loughlin, 2008-04-15 Gerard Loughlin is one of the leading theologians working at the interface between religion and contemporary culture In this exceptional work he uses cinema and the films it shows to think about the church and the visions of desire it displays Discusses various films including the Alien quartet Christopher Nolan's Memento Stanley Kubrick's 2001 A Space Odyssey and A Clockwork Orange Nicolas Roeg's The Man Who Fell to Earth and Derek Jarman's The Garden Draws on a wide range of authors both ancient and modern religious and secular from Plato to Levinas from Karl Barth and Hans Urs von Balthasar to Andr Bazin and Leo Bersani Uses cinema to think about the church as an ecclesiacinema and films to think about sexual desire as erotic dispossession as a way into the life of God Written from a radically orthodox Christian perspective at once both Catholic and critical Alien Intervention Paul Christopher, 1998 The mystifying connection between the occult the New Age movement and the UFO phenomenon From both a Christian and objective perspective and through his unique approach the author reveals a complex and ingenious scheme that is rapidly
