Simone De Beauvoir A Study Of Her Writings:

Simone de Beauvoir Terry Keefe,1983 The Novels of Simone De-Beauvoir Elizabeth Fallaize,2024-11-01 First published in 1988 The Novels of Simone de Beauvoir concentrates specifically on the novels of the famous 20th Century French writer Simone de Beauvoir Her novels are popular with both the students and general readers of literature and philosophy and they will welcome this authoritative introduction to Beauvoir s fiction The author examines Beauvoir s choice of narrative strategies and interprets them both in relation to the sexual politics of writing and in relation to the place which the constraints of history class and gender increasingly play in the texts All quotations are translated **The Existential Phenomenology of Simone de Beauvoir** Wendy O'Brien,Lester Embree,2013-06-29 While earlier research considered Simone de Beauvoir in the perspectives of Existentialism or Feminism this work is the first to emphasize her reflective and descriptive approach and the full range of issues she addresses There are valuable chapters and sections that are historical and or comparative but most of the contents of this work critically examine Beauvoir s views on old age whereon she is the first phenomenologist to work biology gender ethics ethnicity where she is among the first and politics again among the first Besides their systematic as well as historical significance these chapters show her philosophy as on a par with those of Merleau Ponty and Jean Paul Sartre in quality richness and distinctiveness of problematics and the penetration of her insight into collective as well as individual human life within the socio historical world *Simone de Beauvoir* Ursula Tidd,2004 Simone de Beauvoir s groundbreaking work has transformed the way we think about gender and identity Without her 1949 text *The Second Sex* gender theory as we know it today would be unthinkable A leading figure in French existentialism Beauvoir s concepts of becoming woman and of woman as Other are among the most influential ideas in feminist enquiry and debate This book guides the reader through the main areas of Simone de Beauvoir s thought including existentialism and ethics gender studies and feminism literature and autobiography sexuality the body and ageing Drawing upon Beauvoir s literary and theoretical texts this is the ideal introduction to her thought for students on a range of courses including literature cultural studies gender philosophy and modern languages **Simone de Beauvoir's Fiction** Louise Renée,Alison Holland,2005 This collection of essays brings an approach to Beauvoir studies and makes an important contribution to Beauvoir s writing practice in her novels and short stories and analysis the extent to which the meaning of her texts cannot be separated from the way they are written Excess and Transgression in Simone de Beauvoir's Fiction Alison Holland,2017-03-02 Alison Holland s innovative book fills a gap in Beauvoir studies by focusing on the writer s frequently neglected novels and short stories *L'Invitée* *Les Mandarins* *Les Belles Images* and *La Femme rompue* In illuminating the density and rich complexity of Beauvoir s style Holland challenges the often accepted view that Beauvoir s writing is flat detached and controlled revealing rather that her prose is frequently disrupted and inflected by forceful emotion Holland shows that excess and transgression are intrinsic qualities of the texts and argues that Beauvoir s textual strategies duplicate

madness in her fiction Holland's reading of Beauvoir's fiction demonstrates the extent to which Beauvoir's fiction undermines an ideologically patriarchal position on language Her study is important not only for its re-evaluation of Beauvoir as a fiction writer but for its contribution to the wider debate on madness and literature
