The Lord of the Rings Alison Sage, 2004 **The Making of Middle-earth** Christopher A. Snyder, 2024-10-08 This volume is perhaps the most in depth exploration ever undertaken of Tolkien's world. Accessible but authoritative and fully illustrated it is now being reissued with a stunning new cover treatment and updated commentary on new books, films, games and shows. This book originally published in 2013 and richly illustrated with photographs and artwork was the first to connect all the threads of influence on Tolkien that infused his creation of Middle-earth from the languages, poetry and mythology of medieval Europe and ancient Greece and Rome to the halls of Oxford and the battlefields of World War I. Snyder examines the impact of these works on our modern culture from 1960s counterculture to fantasy publishing, gaming, music and beyond. The reissue has a gorgeous updated cover design with a custom illustration on foil stamped faux cloth and additional pages of material covering new developments.
