The Limits of Performance in the French Romantic Theatre Susan McCready, 2007 This volume analyzes major French plays of the 1830s focusing on their theatricality and on the ways in which they expose the workings of the theater rather than conceal them Through an examination of performance within these plays the study posits that the stage is a privileged site of demonstration a literal proving ground that lends a physical reality to abstract values announced in the text and shared or questioned by the audience Negotiating between the literary study of drama and performance theory this work breaks new ground in nineteenth century theater scholarship while proposing a fresh direction in the study of text and performance The Limits of Performance challenges conventional wisdom offering a novel take on the *mal du siècle* that thematic hardy perennial of French Romanticism and the nineteenth century in general combined with eminently readable and therefore compelling analysis of plays a thought provoking addition to work in the field Glyn Hambrook *Modern and Contemporary France* November 2008

Theatre Music and Sound at the RSC Millie Taylor, 2018-10-13. This book discusses an exciting laboratory that has been developing the practice of theatre music composition and sound design since 1961. The Royal Shakespeare Company's musical practices have evolved as composers and musical directors inherited from the past and innovated with new technology. Different interpretations of single plays in multiple iterations have provided a picture of developing styles, genres, working practices, technologies, and contexts. Actor musicianship has been practiced quietly and without fuss, and the role of the sound designer has appeared and transformed the theatrical soundscape. This book moves to musical theatre to evidence a continuum between its rich interdisciplinary textures and the musicodramatic world of Shakespeare's plays, positioning the RSC as an innovative company that continually expands the creative and collaborative possibilities of the theatre.
