Spanish King Of The Incas Ana María Lorandi, 2012-02-10 Described in his lifetime as mad a dreamer quixotic and a lunatic Pedro Bohorques is one of the most fascinating personalities of Spanish colonial America A common man from an ordinary Andalusian family he sought his fortune in the new world as a Renaissance adventurer Smitten with the idea of the mythical cities of gold Bohorques led a series of expeditions into the jungles of Peru searching for the paradise of El Dorado Having mastered the Quechua language of the countryside he presented himself as a descendent of Inca royalty and quickly rose to power as a king among the Calchaqu es of Tucum n He was later arrested and executed by the crown for his participation in a peasant revolt against Spanish rule In *Spanish King of the Incas* Ana Mar a Lorandi examines Bohorques as a character whose vision triumphs and struggles are a reflection of his seventeenth century colonial world In this thoroughly engaging ethnohistory Lorandi brings to light the many political and cultural forces of the time The status of the Inca high nobility changed dramatically after the Spanish conquest as native populations were subjugated by the ruling class Utopian ideals of new cities of riches such as El Dorado prevailed in the public imagination alongside a desire to restore an idealized historic past As the Middle Ages gave way to the new belief systems of the Renaissance ingenuousness about mythical creatures became strong and personal success was measured by the performance of heroic deeds and the attainment of kingdoms Charismatic and bold Pedro Bohorques flourished in the ambiguous margins of this society full of transition and conflict Ann de Le n s artful translation preserves both the colorful details of the story and the clarity of expression in Lorandi s complex analyses

Transnational Spanish Studies Catherine Davies, Rory O'Bryen, 2020-06-17 The focus of this book is two fold First it traces the expansive geographical spread of the language commonly referred to as Spanish This has given rise to multiple hybrid formations over time emerging in the clash of multiple cultures languages and religions within and between great empires Roman Islamic Hispano Catholic each with expansionist policies leading to wars huge territorial gains and population movements This long history makes Hispanophone culture itself a supranational trans imperial one long before we witness its various national cultures being refashioned as a result of the transnational processes associated with globalization today Indeed the Spanish language we recognise today was transnational long before it was ever the foundation of a single nation state Secondly it approaches the more recent post national translingual and inter subjective border crossings that characterise the global world today with an eye to their unfolding within this long trans imperial history of the Hispanophone world In doing so it maps out some of the contemporary post colonial decolonial and trans Atlantic inflections of this trans imperial history as manifest in literature cinema music and digital cultures Contributors Christopher J Pountain L P Harvey James T Monroe Rosaleen Howard Mark Thurner Alexander Samson Andrew Ginger Samuel Llano Philip Swanson Claire Taylor Emily Baker Elzbieta Slodowska Francisco J Hernandez Adri n Henriette Partzsch Helen Melling Conrad James and Benjamin Quarshie

Puritan Conquistadors Jorge Cañizares-Esguerra, 2006 The book demonstrates that a wider Pan American perspective can upset the most cherished national narratives of the United States for it maintains that the Puritan colonization of New England was as much a chivalric crusading act of Reconquista against the Devil as was the Spanish conquest

Thirteenth Year in Zion Duane Keown, 2012-10 Growing up in Cortez Colorado I was only forty miles from the Utah border What societal differences those forty miles represent I was quite oblivious to the history of the settlement and the societies that developed in the two corners of Utah and Colorado until I became a student at Brigham Young University in 1958 With Thirteenth Year in Zion the LDS confront science the ideals of America s separation of religion and government and multicultural America Chapters begin with a personal memoir from my time in Utah The memoirs hold the reader s interest But the book is much more than personal memoirs I use the stories of my encounters to tie with Mormon behaviors that for nearly two centuries have isolated the Saints from mainstream America

Writing Captivity in the Early Modern Atlantic Lisa Voigt, 2012-12-01 Drawing on texts written by and about European and Euro American captives in a variety of languages and genres Lisa Voigt explores the role of captivity in the production of knowledge identity and authority in the early modern imperial world The practice of captivity attests to the violence that infused relations between peoples of different faiths and cultures in an age of extraordinary religious divisiveness and imperial ambitions But as Voigt demonstrates tales of Christian captives among Muslims Amerindians and hostile European nations were not only exploited in order to emphasize cultural oppositions and geopolitical hostilities Voigt

s examination of Spanish Portuguese and English texts reveals another early modern discourse about captivity one that valorized the knowledge and mediating abilities acquired by captives through cross cultural experience Voigt demonstrates how the flexible identities of captives complicate clear cut national colonial and religious distinctions Using fictional and nonfictional canonical and little known works about captivity in Europe North Africa and the Americas Voigt exposes the circulation of texts discourses and peoples across cultural borders and in both directions across the Atlantic
