Los Mejores Cuentos Policiales 2:

Mejores Cuentos Policiales, Los, 1999 Anthologizing Poe Emron Esplin, Margarida Vale de Gato, 2020-08-06 This collection explores how anthologizers and editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize revere and critique today In the spheres of literature and popular culture Poe wields more global influence than any other U S author This influence however cannot be attributed solely to the quality of Poe s texts or to his compellingly tragic biography Rather his continued prominence as a writer owes much to the ways that Poe has been interpreted portrayed and packaged by an extensive group of mediators ranging from anthologizers editors translators and fellow writers to literary critics filmmakers musicians and illustrators In this volume the work of presenting Poe s texts for public consumption becomes a fascinating object of study in its own right one that highlights the powerful and often overlooked influence of those who have edited anthologized translated and adapted the author s writing over the past 170 years *Catalog* University of Texas. Library. Latin American Collection, 1969 **Latin American Mystery Writers** Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention The body of Latin American mystery writing is especially vast and diverse Because it is part of Latin American popular culture it also reflects many of the social and cultural concerns of that region This reference provides an overview of mystery fiction of Latin America While many of the authors profiled have received critical attention others have been relatively neglected Included are alphabetically arranged entries on 54 writers most of whom are from Argentina Mexico and Cuba Every effort has been made to include balanced coverage of the few female mystery writers Each entry is written by an expert contributor and includes a brief biography a critical discussion of the writer s works and primary and secondary bibliographies The volume closes with a general bibliography of anthologies and criticism Crimes Against the State, Crimes Against Persons Persephone Braham, 2004 **Los Mejores cuentos policiales** Adolfo Bioy Casares, Jorge Luis Borges, 2002 *Jorge Luis Borges* David William Foster, 1984 **Ficciones ; El aleph ; El informe de Brodie** Jorge Luis Borges, Horacio Jorge Becco, 1986 **Translated Poe** Emron Esplin, Margarida Vale de Gato, 2014-10-23 Few if any U S writers are as important to the history of world literature as Edgar Allan Poe and few if any U S authors owe so much of their current reputations to the process of translation Translated Poe brings together 31 essays from 19 different national literary traditions to demonstrate Poe s extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world translation Translated Poe is not preoccupied with judging the quality of any given Poe translation nor with assessing what a specific translation of Poe must or should have done Rather the volume demonstrates how Poe s translations constitute multiple contextual interpretations testifying to how this prolific author continues to help us read ourselves and the world s we live in The examples of how Poe s works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature

circulates after its initial publication in its first language This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies dealing with the products functions and processes of translation as both a cognitive and socially regulated activity Both literary history and the history of translation benefit from this book s focus on Poe whose translated fortune has helped to shape literary modernity in many cases importantly redefining the target literary systems Furthermore we envision this book as a fountain of resources for future Poe scholars from various global sites including the United States since the cases of Poe s translations both exceptional and paradigmatic prove that they are also levers that force the reassessment of the source text in its native literature
