The Lost Secret of Death Peter Novak,2025-09-12 Novak investigates a belief called the Binary Soul Doctrine BSD which states simply that humans possess two souls which split at death the conscious going on to reincarnate again and again while the unconscious ends up in a type of limbo judging itself for all eternity He goes on to explain that long ago the BSD was the primary belief of a single world religion which since has been broken into more and more fragments However he claims that twentieth century findings including the work of Freud and Jung as well as findings of modern neuroscience and Near Death research has marked a resurgence of belief in the veracity of the BSD Novak argues just as those long ago did that it is essential for humans to integrate these two souls together before death to avoid the nightmare of being split in two at death He even offers a few steps to help readers start the process of integration

We Lost Our Baby Siobhan O'Neill-White, David White, 2007-04-01 We Lost Our Baby is the true story of a young couple who after the initial excitement of discovering a new pregnancy faced the heartache of losing their baby On top of the trauma of a miscarriage they also had to deal with insensitive and sometimes rude doctors and nurses outdated hospital policies and a shocking lack of empathy and understanding during the worst times of this tragedy Angry and confused they went looking for answers They found none There were no books to help them with the emotional upheaval they were going through There were no explanations from the hospital as to why they had lost their baby and the counselling on offer was largely ineffective What followed was an awkward few months where they could not grieve together and their relationship was severely strained It was not just their relationship with each other that was affected Family and friends who did not know how to deal with the situation also became isolated from them Realising that communication was the key to getting through this sorrowful time they finally started talking and found a way to get their relationship back on track They also found that if they spoke honestly and openly to family and friends they could get those relationships back as well Knowing that other couples who have lost a baby would be going through similar difficulties they decided to write down their experience in an effort to help them Their beautifully written and poignant story dealing with an issue that is too rarely acknowledged and discussed openly is one of complete and heart rending honesty *Paradise Lost* John Milton, 1763 *The Lost Data on the Chariots of the Elohim* Martha Helene Jones, 2008-12-31 Hebrew data on the Elohim in the Bible the Zarathustrian Magi who followed the star as it moved across the sky Zarathustra in the Rig Veda murders including Joshu Jesus committed by the Levite animal sacrifice cult of scribes who transcribed the Old Testament lost continents and the Great flood the Shemsu Hor and the winged disk of the Egyptians the sons of the Elohim who took wives from the daughters of the Adam mention of the little people in the bible and the Rh negative bloodline lacking in the earthling primate rhesus gene and much more research
