Lost Souls A Collection Of English Ghost Stories:

Lost Souls Jack Sullivan, 1983 Gathers ghost stories by Le Fanu de la Mare Walpole Wells and Campbell and discusses the significance of each work *Ghost Stories by British and American Women* Lynette Carpenter, Wendy K. Kolmar, 2015-01-28 Originally published in 1998 and covering a tradition ignored by most critics this bibliography assembles and documents a large body of supernatural fiction written by women in English from the end of the 18th century to the present These stories the work of women whose literary reputations personal histories and bodies of work vary widely challenge the narrow way in which supernatural literature has traditionally been regarded they indicate a much richer and more complex set of literary responses to the supernatural than has been hitherto acknowledged The writers included range from Ann Radcliffe and the Gothic novelists to Louisa May Alcott Charlotte Gilman and Edith Wharton to such modern writers as Elizabeth Bowen Jean Rhys Muriel Spark and A S Byatt The volume will be of interest to literary and cultural historians and of particular importance to women s studies scholars **Lost Souls** Jack Sullivan, 1983 **Lost Souls Short Stories** , 2018-12-15 New Authors and collections A collection of new tales with brilliant new writers and lost souls from the darkest corners of literature and legend Maturin s Melmoth the Wanderer mingles with Dante s infernal spirits and a retold tale from Ovid s Metamorphoses And with the dark fiction of William Hope Hodgson and Arthur Machen this promises to be a haunting chilling read New contemporary and notable writers featured are Sara Dobie Bauer Sarah L Byrne Rachael Cudlitz C R Evans Geneve Flynn Adele Gardner Anne Gresham Sara M Harvey Kurt Hunt Michael Matheson J A W McCarthy John M McIlveen Jessica Nickelsen Michael Penncavage Lina Rather Alexandra Renwick Aeryn Rudel Lizz Ayn Shaarawi Erin Skolney Lucy A Snyder David Tallerman and Damien Angelica Walters These appear alongside classic stories by Mary Elizabeth Braddon F Marion Crawford Washington Irving Perceval Landon Edith Wharton and more **Lost Souls of Horror and the Gothic** Elizabeth McCarthy, Bernice M. Murphy, 2016-10-24 In recent years horror and gothic themes have penetrated mainstream popular culture in a manner unseen since the horror boom of the 1970s Primetime television viewers who before might not have shown interest in such late night fare now happily settle down after dinner to watch zombie or serial killer shows This collection of 54 biographical essays examines many overlooked and underrated figures who have played a role in the ever expanding world of horror and gothic entertainment The contributors push the boundaries of how we define these terms bringing into the discussion such diverse figures as singer songwriter Tom Waits occultist Dion Fortune author Charles Beaumont historian and bishop Gregory of Tours and video game designer Shinji Mikami **The Occult Imagination in Britain, 1875-1947** Christine Ferguson, Andrew Radford, 2017-12-15 Between 1875 and 1947 a period bookended respectively by the founding of the Theosophical Society and the death of notorious occultist celebrity Aleister Crowley Britain experienced an unparalleled efflorescence of engagement with unusual occult schema and supernatural phenomena such as astral travel ritual magic and reincarnationism Reflecting the signal array of responses by authors artists actors

impresarios and popular entertainers to questions of esoteric spirituality and belief this interdisciplinary collection demonstrates the enormous interest in the occult during a time typically associated with the rise of secularization and scientific innovation The contributors describe how the occult realm functions as a turbulent conceptual and affective space shifting between poles of faith and doubt the sacrosanct and the profane the endemic and the exotic the forensic and the fetishistic Here occultism emerges as a practice and epistemology that decisively shapes the literary enterprises of writers such as Dion Fortune and Arthur Machen artists such as Pamela Colman Smith and revivalists such as Rolf Gardiner

Leaves from the Garden of Eden Howard Schwartz,2009 In Leaves from the Garden of Eden Howard Schwartz a three time winner of the National Jewish Book Award has gathered together one hundred of the most astonishing and luminous stories from Jewish folk tradition Just as Schwartz s award winning book Tree of Souls The Mythology of Judaism collected the essential myths of Jewish tradition Leaves from the Garden of Eden collects one hundred essential Jewish tales As imaginative as the Arabian Nights these stories invoke enchanted worlds demonic realms and mystical experiences The four most popular types of Jewish tales are gathered here fairy tales folktales supernatural tales and mystical tales taking readers on heavenly journeys lifelong quests and descents to the underworld King David is still alive in the City of Luz which the Angel of Death cannot enter and somewhere deep in the forest a mysterious cottage contains the candle of your soul In these stories a bride who is not careful may end up marrying a demon while the charm sewn into a dress may drive a pious woman to lascivious behavior There is a dybbuk lurking in a well a book that comes to life and a world where Lilith the Queen of Demons seduces the unsuspecting Here too are Jewish versions of many of the best known tales including Cinderella Snow White and Rapunzel Schwartz s retelling of one of these stories The Finger inspired Tim Burton s film Corpse Bride With its broad selection from written and oral sources Leaves from the Garden of Eden is a landmark collection representing the full range of Jewish folklore from the Talmud to the present It is a must read for everyone who loves fiction and an ideal holiday gift

Lilith's Cave Howard Schwartz,1991-12-12 Tales of terror and the supernatural hold an honored position in the Jewish folkloric tradition Howard Schwartz has superbly translated and retold fifty of the best of these folktales Gathered from countless sources ranging from the ancient Middle East to twelfth century Germany and later Eastern European oral tradition these captivating stories include Jewish variants of the Pandora and Persephone myths *Horror Literature* Marshall B. Tynm,1981

Mazes of the Serpent Roger B. Salomon,2018-07-05 In a compact readable and accessible book Roger B Salomon explores the nature of horror in literature and in life Rather than minimizing horror by narrowly associating it with psychological drives persecution or extremism he approaches horror through the medium of narrative as a significant and enduring physical and metaphysical reality Salomon focuses on fictions of horror including eighteenth century Gothic and nineteenth century ghost stories He does not however isolate literary examples from more general human issues including religious belief Mazes of the Serpent takes up examples of horror from historical and personal narratives including

battle memoirs and Holocaust testimonies as Salomon identifies certain common themes and qualities that cross the boundary between fiction and actual human experience **Discovering Modern Horror Fiction II** Darrell

Schweitzer,1988-12-01 **Fantasy Review** ,1984 *Journeys into Darkness* James Goho,2014-03-06 The tradition of supernatural horror fiction runs deep in Anglo American literature From the Gothic novels of the eighteenth century to such contemporary authors as Stephen King and Anne Rice writers have employed horror fiction to unearth many disquieting truths about the human condition ranging from mistreatment of women and minorities to the ever present dangers of modern city life In *Journeys into Darkness Critical Essays on Gothic Horror* James Goho analyzes many significant writers and trends in American and British horror fiction Beginning with Charles Brockden Brown's disturbing novels of terror and madness Goho proceeds to discuss the influence of Edgar Allan Poe's *The Fall of the House of Usher* on H P Lovecraft who is treated in several penetrating essays Lovecraft was a uniquely philosophical writer and Goho approaches his work through the lens of existentialist philosopher S ren Kierkegaard while also probing Lovecraft's racism as exhibited in several tales about Native Americans Goho also discusses the Welsh writer Arthur Machen's tortured tales of suffering and evil and Algernon Blackwood's numerous stories set in the wilds of the Canadian backwoods The book concludes with a centuries spanning essay on the witchcraft theme in the American Gothic tradition and a comprehensive essay on Fritz Leiber's invention of the urban Gothic In this wide ranging study James Goho examines the varied ways in which supernatural fiction can address the deepest moral social and political concerns of the human experience *Journeys into Darkness* will be of interest to readers and scholars of horror fiction and to students of literary history and culture in general **The Encyclopedia of Fantasy** John

Clute,John Grant,1999-03-15 Like its companion volume *The Encyclopedia of Science Fiction* this massive reference of 4 000 entries covers all aspects of fantasy from literature to art *The Shape of Fear* Susan Jennifer Navarette,2021-05-11 During the last decades of the nineteenth century Charles Darwin Thomas Henry Huxley Walter Pater and others changed the nature of thought concerning the human body and the physical environment that had shaped it In response the 1890s saw the publication of a series of remarkable literary works that had their genesis in the intense scientific and aesthetic activity of those preceding decades texts that emphasized themes of degeneration and were themselves stylistically decompositive with language both a surrogate for physical deformity and a source of anxiety Susan J Navarette examines the ways in which scientific and cultural concerns of late nineteenth century England are coded in the horror literature of the period By contextualizing the structural stylistic and thematic systems developed by writers seeking to reenact textually the entropic forces they perceived in the natural world Navarette reconstructs the late Victorian mentalit She analyzes aesthetic responses to trends in contemporary science and explores horror writers use of scientific methodologies to support their perception that a long awaited period of cultural decline had begun In her analysis of the classics *Turn of the Screw* and *Heart of Darkness* Navarette shows how James and Conrad made artistic use of earlier scientific readings of the body She

also considers works by lesser known authors Walter de la Mare Vernon Lee and Arthur Machen who produced fine stories that took the form of hybrid literary monstrosities To underscore the fascination with bodily decay and deformation that these writers explored *The Shape of Fear* is enhanced with prints and line drawings by Victor Hugo James Ensor and other artists of the day This elegantly written book formulates a new canon of late Victorian fiction that will intrigue scholars of literature and cultural history
