himself trapped in this brutal and morally confusing nether world During his journey through hell he meets a precocious young nurse while convalescing She unknowingly becomes the incentive Bauer needs to endure his ordeal This is Bauers story his struggle to rationalize the need for war and the carnage it creates He is troubled by his exposure to combat and the changes he sees within himself which he knows might haunt him the rest of his life The Counterfeit Coin Christopher Goetz,2023-05-12 The Counterfeit Coin argues that games and related entertainment media have become almost inseparable from fantasy In turn these media are making fantasy itself visible in new ways Though apparently asocial and egocentric an internal mental image expressing the fulfillment of some wish fantasy has become a key term in social contestations of the emerging medium At issue is whose fantasies are catered to who feels powerful and gets their way and who is left out This book seeks to undo the monolith of commercial gaming by locating multiplicity and difference within fantasy itself It introduces and tracks three broad fantasy traditions that dynamically connect apparently distinct strata of a game story and play that join games to other media and that encircle players in pleasurable loops as they follow these connections
