Desert Imaginations Brahim El Guabli, 2025-11-04 Desert Imaginations traces the cultural and intellectual histories that have informed the prevalent ideas of deserts across the globe The book argues that Saharanism a globalizing imaginary that perceives desert spaces as empty exploitable and dangerous has been at the center of all desert focused enterprises Encompassing spiritual practices military thinking sexual fantasies experiential quests extractive economies and experimental schemes among other projects Saharanism has shaped the way deserts not only are constructed intellectually but are acted upon From nuclear testing to border walls and much more Brahim El Guabli articulates some of Saharanism s consequential manifestations across different deserts Desert Imaginations draws on the abundant historical literature and cultural output in multiple languages and across disciplines to delineate the parameters of Saharanism Against Saharanism s powerful and reductive vision of deserts the book rehabilitates a tradition of desert eco care that has been at work in desert Indigenous people s literary artistic scholarly and ritualistic practices

Decoding the Pyramids Ezra Ivanov, THE PYRAMID TEXTS The king offers an offering Anubis gives the offering From the highlands come to thee your thousand young antelope with bowed heads What a gift Anubis gives this offering Thank you for your thousand loaves Thank you for your thousand beers From the palace hall you sent forth a thousand incenses Everything pleasant in thy thousand There are a thousand cattle in your herd Everything thou eatest you eat in a thousand on which thy desire is set In addition to his work on the Berlin dictionary Sethe s most significant contribution to Egyptology was an edition of hand copied hieroglyphs translations and commentaries of all texts engraved in pyramids at the time Sethe s edition has been the foundation of virtually every discussion of the readers of the pyramids he is in fact the one who first named those texts collectively Pyramidentexten Pyramid Texts For each verse of the pyramids texts in Maspero s Les inscriptions des pyramides de Saqqarah he provided a translation of its meaning based on his understanding of the funerary texts of later ages since there was nothing else with which to compare them Due to their mysterious nature Maspero s work was quite subtle but one which he readily acknowledged was primarily based on intuition derived from extensive studies of ancient Egypt and its religion

In Touch Paul Bowles, 2024-07-02 This extraordinary collection of correspondence by Paul Bowles spans eight decades and provides an evolving portrait of an artist renowned for his privacy From his earliest extant letter written at the age of four to his precocious effusions to Aaron Copeland and to Gertrude Stein from his meditations on mescaline as relayed to Ned Rorem to his intensely moving letters to Jane Bowles during her illness

In Touch fills in the lacunae left by previous biographers and offers a rare look at the many aspects of Bowles's brilliant career as composer, novelist, short story master, travel writer, translator, ethnographer, and literary critic. Here is Bowles on the genesis of his first novel *The Sheltering Sky*, on his distaste for Western melodies and his dogged attempts to record indigenous Moroccan music, on the Beats, Gore Vidal, Truman Capote, and Tennessee Williams, on the nature and craft of writing, on Bernardo Bertolucci, David Byrne, and Sting, on the decline of America and the challenges of living in North Africa. Gossipy, reflective, enlightening, and always entertaining, *In Touch* stands as an epistolary autobiography of one of the legendary writers of our time and a unique chronicle of the twentieth-century avant-garde. **Wisconsin Library Bulletin**, 1951 **Twentieth Century Fiction**, George Woodcock, 1983-04-01 Twentieth Century American Literature, Warren French, 1980-11-01 **Conversations with Paul Bowles**, Paul Bowles, 1993 Paul Bowles says, "Each man's life has the quality he gives it, but you can't say that life itself has any qualities. If we suffer it's because we haven't learned how not to." The man who wrote the books didn't exist. No writer exists. He exists in his books, and that's all I write unconsciously without knowing what I am writing. **Writers Directory**, NA, 2016-03-05 The Publishers' Circular and Booksellers' Record, 1922 **The Atlantic Monthly**, 1877 **Book Review Digest**, 1909 **The Western Review**, 1954 **Concise Biographical Companion to Index Islamicus**, Wolfgang Behn, 2004-09-01 This first of the ultimately three-volume *Who's Who in Islamic Studies* presents the scholarly world at long last with its own biographical encyclopaedia. Taking as a starting point the inventory of authors from the renowned *Index Islamicus*, the author Wolfgang Behn, Berlin, has systematically collected numerous data on the lives and works of the tens of thousands of authors listed in the *Index Islamicus* from 1665 to 1980.
