Andrew Gerstle argues that in these mature history plays Chikamatsu depicted the tension between the private and public spheres of society by combining the rich character development of his contemporary pieces with the larger political themes of his period pieces In this volume Gerstle translates five plays four histories and one contemporary piece never before available in English that complement other collections of Chikamatsu's work revealing new dimensions to the work of this great Japanese playwright and artist **The Major Plays of Chikamatsu** Chikamatsu Monzaemon, Donald Keene, 1961-06
