Gougoulis, Ian See, 2023-04-18 An uplifting collection of personal essays celebrating the various forms of family featuring contributions from some of Australia's most exciting writers and thinkers **Security, Socialisation and Affect in Indian Families** Ira Raja, 2016-05-23 Sociological research on Indian families has largely focused on questions of household form and structure to the exclusion of not only the more nebulous dimensions of family life and relationships but also the discursive and imagined aspects of our familial worlds such as may be accessed through an analysis of film literature and the electronic media Moreover when sociological inquiry has sought to go beyond the demographic and census aspects of the household it has trained its eye on the heterosexual family centred on the conjugal couple frequently at the expense of those relational patterns and diversities that fall outside the familiar circuits of desire within the family The present volume brings together ten essays from a range of disciplines including law literature anthropology sociology and queer studies to engage with hitherto neglected and emergent aspects of Indian family life This book was published as a special issue of *South Asia Journal of South Asian Studies* **The End of Transgression in Japanese Women's Writing** David S.

Holloway, 2024-12-31 This book argues for a new articulation of the ways in which transgression is theorized in contemporary literature by Japanese women Exploring the rhetorical and discursive mechanics of literary bad girls from fiction produced during the millennial turn 1990-2010 the book contends that women writers today deploy truant unruly restless and aggressive female protagonists not to challenge the status quo but rather to reaffirm it While Japanese women's fiction has long been invested in cultivating an uncomfortable politics of opposition through unladylike themes such as sex sexuality and violence the book argues that today authors turn to such acts of defiance to quietly advocate for the primacy of Japanese social order Showing how transgression has not only lost its political and disruptive valence in contemporary women's fiction this book further reveals how discourses of dissent can be retooled to promote a conservative worldview A fascinating literary analysis which reads Japanese literature in relation to the receding value of rebellion today this book will be of huge interest to students and scholars of Japanese literature gender and cultural studies **The Face Man** Amy Lane, 2023-10-31 Torrance Grayson has forged a solid independent journalism career with help from his friend and mentor Felix Salinger and he's relished being the face of the Salinger crew exposing the corruption of the powerful while keeping his friends safe in their anonymity But being face to face with the worst in the world takes its toll and when Tor has a moment of weakness it's the Salingers who come to bail him out During his recovery Tor makes friends with the household's confident charismatic young chef Marco Their quiet conversations make Marco more and more reluctant to confront Tor on the grave mistake the

man is about to make in his current expos a mistake that can harm Marco's loud boisterous family irrecoverably Tor is more than willing to listen and to correct any mistakes He's seen graphic proof that he's not infallible and he'll go to any lengths to avert tragedy But as Tor works toward the truth of what's happening with Marco's family Marco begins to develop deep suspicions about the people they both work for Torrance Grayson is in deep with the Salingers and Marco isn't sure he should know any more than necessary about people who seem to be great bosses but shady citizens In order to help Marco Tor needs to trust him and that means to trust him with the truth of the Salinger Crew as well as with his heart But in a world of capers and crimefighting trust it appears is worth more than gold and jewels Tor can expose crime and injustice with impunity but can he expose his heart to Marco a man who desperately wants in

Family and Relationships in Ian McEwan's Fiction Tomasz Dobrogoszcz, 2018-02-23 The book provides a lucid analysis of all Ian McEwan fiction published to date from his 1975 debut short stories up to the 2016 novel *Nutshell* spanning forty years of his literary career Apart from a general discussion of McEwan's works the study offers a uniform focal point it concentrates on one of the key issues taken up by the writer the aspect of relationships between partners and between family members As the book demonstrates the novelist employs interpersonal relations to establish a pertinent context in which he can dramatically portray the process of identity formation in his characters Throughout his fiction McEwan consistently uses references to psychoanalysis either veiled or direct The proposed book investigates the novelist's oeuvre through the lens of the psychoanalytic theory developed by Jacques Lacan The approach used makes the book useful both for readers well familiar with this apparatus and for those who need introduction to Lacanian psychoanalysis and such of his concepts as desire fantasy the symbolic order or the Name of the Father

AIDS-Trauma and Politics Aimee Pozorski, 2019-06-26 AIDS Trauma and Politics considers American literary representations of the social and political silence surrounding the AIDS crisis in the U S in the 1980s The book offers close readings of such authors as Paul Monette Mark Doty Rafael Campo Sarah Schulman Tony Kushner and Larry Kramer in order to argue that the AIDS crisis was born largely without a witness and as a result marks a significant trauma in U S history Grounded by trauma studies AIDS Trauma and Politics argues that the arts exemplified here by literature and film uniquely underscore social problems otherwise overlooked by such discourses as politics the law and journalism Defining the 1980s AIDS crisis as a perfect case this book proposes to redefine trauma not simply as an event that happened too soon but rather as an ongoing series of oversights resulting in a failure to acknowledge or witness the humanity of those who suffer
