organize legislated antidiscrimination laws and legalized abortion Yet at the same time each of those policies proved weaker than the alternatives supported by organized labor or mainline civil rights groups and paled in comparison to what people on strike and on the march really wanted Kristoffer Smemo shows how this was the contradiction of Republican liberalism as a policy program and as an ideology The reforms it ushered in at once asked too much from core conservative Republican constituencies and offered too little to the movements struggling for change As the movements making Republicans compromise fragmented and collapsed in the late twentieth century so too did the material foundation for Republican liberalism
