Making Good In Management Reflections On:

Reflecting On School Management Jennifer Evans, Anne Gold, 2005-08-08 The reorganisation of the education system within Britain has vastly increased the managerial responsibilities of those working in schools although the staff generally have received little management training In this book the various issues related to management are teased out and a selection of ideas and pragmatic solutions informing good practice are examined *Golden Nuggets: a Practitioner's Reflections on Leadership, Management and Life* Dr. Raymond A. Shulstad, 2012-01-25 Golden Nuggets is a compendium of time tested proven principles and best practices for leadership and management While all of them have a theoretical basis they are derived from the authors experience gained over a 45 year professional career with military and industry They truly are reflections in leadership and management from a real practitioners perspective Specific examples of how the principles and best practices were applied are presented but generic lessons learned are derived that have wide ranging applicability Leaders and managers at all levels will find this book interesting and a valuable reference **Ethical Decision-Making in Management** Matej Drašček, Dana Mesner Andolšek, Adriana Rejc Buhovac, 2023-04-21 Moral pragmatism has been largely ignored in Business Ethics despite its natural attraction and the fact that it is prominent in philosophy and socio economic theories The main premise of the book is that the complexity of today s business world does not permit a grand ethical theory notwithstanding the different attempts made by scientists Moral pragmatism is the go to approach where the ethical decision making of managers varies dependent on different circumstances but it always integrates moral considerations Ethical decision making is no longer based simply on known rules but entails the constant dynamic interaction of circumstances the development of new rules managers past experiences their knowledge concerning ethics and skills of moral reasoning This book interweaves the postmodern approach to management studies and based on its innovative research reintroduces moral pragmatism in Business Ethics The combination of decision making theories philosophy and postmodernism paves the way for future novel research in Business Ethics making it an excellent resource for researchers academics and advanced students in the field of Business Ethics Practitioners on the other hand will benefit by improving their skills in ethical decision making and leadership **Proceedings of the 2022 6th International Seminar on Education, Management and Social Sciences (ISEMSS 2022)** Ghaffar Ali, Mehmet Cüneyt Birkök, Intakhab Alam Khan, 2023-09-16 This is an open access book The aim of 2022 6th International Seminar on Education Management and Social Sciences ISEMSS 2022 is to bring together innovative academics and industrial experts in the field of Education Management and Social Sciences to a common forum The primary goal of the conference is to promote research and developmental activities in Education Management and Social Sciences and another goal is to promote scientific information interchange between researchers developers students and practitioners working all around the world The conference will be held every year to make it an ideal platform for people to share views and experiences in Education Management and Social Sciences and related areas

Taylor,2017-04-10 At a time when accountability and the avoidance of risk are increasingly demanded of social workers the ability to make clear and informed decisions is essential This book written for practicing social workers undertaking their ASYE and compulsory CPD has been designed to help professionals make sound judgments in increasingly

complex contexts and under pressure The focus is on empowering front line professionals through reflective practice so that they are able to draw on multiple factors and perspectives and make sound problem solving judgements The book begins with the core concepts client focus and legal background before moving on to consider the collaborative processes and the nature of individual judgements It then considers particular dimensions of social work decision making such as safeguarding taking risks assessment and dynamic decision tools and processes It then concludes by look at the organisational context of decision management with a focus on supervision training and effective communication **Corporate DNA** Arnold

Kransdorff,2017-05-15 For more than half a century the developed world has been chasing productivity It s financed our wealth but that part of output on which our continued prosperity depends productivity growth is petering out The traditional scapegoat has been the dearth of worker skills But the worker skills base has never been higher The other explanation is that it is managers who are not giving full value to their employers The way they re making decisions is conferring virtually no upside potential which means they re leaving us wide open for experience poor competitors to step into our experience rich shoes Exactly as Japan did in the 1960s and the so called BRICK countries Brazil Russia India China especially China and Korea are threatening now If creeping uncompetitiveness is not to overtake us from where are the next round of productivity gains to come from Identifying some gaping holes in the way managers are taught to manage this book outlines both the size of the problem and a solution Businesses and other organizations the author says have to substantially raise the quality of their decision making For this to happen they need to be much better experiential learners And for experiential learning to take place companies and other institutions have to better manage their corporate DNA the institution specific experiences otherwise known as Organizational Memory OM which characterizes any organization s ability to perform is the single biggest influence on decision making excellence It is a factor of production that has already been paid for at great expense yet is readily discarded in the backwash of the biggest change in workplace practice for more than a century the actively encouraged flexible labour market Corporate DNA explains why this key component of intellectual capital should be better managed can be better managed and particularly how it can be used to help organizations reduce the pandemic of repeated mistakes rei
