correspondence with those back home Lastly the author has not neglected a few of Moore s most memorable television and radio appearances which are examined along with a close up of what it was like to visit Moore s beloved home of Farthings in Selsey Essentially this is a book written by popular demand from the readers of the author s original biography who craved more of Moore The Far Side of the Sky Daniel Kalla,2012-06-05 A Jewish doctor in WWII shanghai must protect his family and community in this amazing novel of terror love and resilience in the face of danger Huffington Post On November 9 1938 the Nazis unleash a night of terror for Jews all across Germany Meanwhile the Japanese Imperial Army rampages through China and tightens its stranglehold on Shanghai a city that becomes the last haven for thousands of desperate European Jews including the renowned surgeon Dr Franz Adler and his daughter At a refugee hospital Franz meets an enigmatic nurse Soon Yi Sunny Mah The chemistry between them is intense and immediate but her life is soon shattered by the deadly chaos of war In the aftermath of the Japanese attack on Pearl Harbor danger escalates for Shanghai s Jews and Franz must do everything in his power to protect the refugee hospital and his family The Far Side of the Sky focuses on a short but extraordinary period of Chinese Japanese and Jewish history when cultures converged and heroic sacrifices were part of the everyday quest for survival **Far Side of the Sea** Kate Breslin,2019-03-05 In spring 1918 Lieutenant Colin Mabry a British soldier working with MI8 after suffering injuries on the front receives a message by carrier pigeon It is from Jewel Reyer the woman he once loved and who saved his life a woman he believed to be dead Traveling to France to answer her urgent summons he desperately hopes this mission will ease his guilt and restore the courage he lost on the battlefield Colin is stunned however to discover the message came from Jewel s half sister Johanna Johanna who works at a dovecote for French Army Intelligence found Jewel s diary and believes her sister is alive in the custody of a German agent With spies everywhere Colin is skeptical of Johanna but as they travel across France and Spain a tentative trust begins to grow between them When their pursuit leads them straight into the midst of a treacherous plot danger and deception turn their search for answers into a battle for their lives From the Far Side of the River Paul Quarrington,2012-01-06 As he braves rills rivers and ocean waters in search of his elusive quarry Paul Quarrington s casts are as likely to call up thoughts of his troubled marriage his father s death or one of midlife s existential questions as they are to yield a fish big or small But whatever his trials and triumphs he is never without his wickedly perverse sense of humor Whether you re a dedicated river wader or an armchair angler you ll find him an irresistible companion *The Far Side of Evil* Sylvia Engdahl,2003-03-01 On completion of her training as an agent of the interstellar federation s Anthropological Service Elana is sent to a world whose people may soon destroy their civilization Since not enough is understood about the situation to justify any interference with their evolution the Service has no power to act its agents must go as helpless observers posing as natives in the hope of gaining knowledge that may help to save other worlds This passive role proves intolerable to the young inexperienced agent assigned to the same city as Elana a city under totalitarian rule After falling in love with a local girl who has become Elana s closest friend he identifies too

completely with the natives and unwittingly endangers the entire world by a well meant but ill advised attempt to intervene Forced to assume responsibility for undoing the damage Elana finds that only she at great cost can prevent an immediate war of annihilation Although this novel has the same heroine as the author s Newbery Honor book Enchantress from the Stars it is not a sequel but a completely separate and very different story not intended for readers below high school age which is also enjoyed by adults The two books are in no way dependent on each other and can be read in either order **Excursions**
