

Making Of Israel The

Dani Korn

Making Of Israel The:

The Making of Israel's Army Yigal Allon, 2024-07-03 Allon recounts the growth of the Israeli army from its inception in the 1880 s when Jewish communities in Palestine formed their first small self defence groups through the Haganah s clandestine period in the 1920 s and 30 s and the fighting after 1945 when army and state together achieved legality to the Sinai Campaign of 1956 and the Six Day War in June 1967 when the army reached maturity His precise economical narrative interspersed with brief passages of analysis is supplemented by extensive documentation which is especially interesting in the way it traces the development of attitudes and doctrine in the Israeli forces The work is a valuable contribution It tells us a great deal about the organization in its various stages that fought the wars and helps explain why these assumed the forms that they did and why they succeeded a study that is more than a history of a military organization Middle Eastern Studies Allon has contributed an extended essay concerned with the Israeli Government s military philosophy policy and strategy rather than an administrative and technical history half the book contains several important reports and policy statements not easily available in English describing military actions undertaken between 1941 and 1967 Allon was an important contributor to the development of the Israeli Defense Forces a rather breathtaking sweep in which hardly a word is wasted The American Political Science Review Allon seeks to explain in concise format the development of Israel s military doctrines of defense The author was former Palmach commander one of the architects of the IDF and a commander of various military units and on several battlefronts during Israel s War of Independence Middle East Journal The development of Israel s armed forces and military doctrine in the context of that country s unique strategic needs Especially interesting are the criticisms of some of the Israeli government s decisions taken just before and during the Six Day War Foreign Affairs A n account authoritative in content modest in tone of the growth and character of the Israeli army by one of its principal creators and leaders International Affairs Allon gives a short historical and technical account of the evolution of an Israeli fighting capability over the past 70 years The exploits of this army are significant and should be analyzed No less interesting are the book s descriptions of individual actions by participants in the first and second of Israel s wars The value of the book stems partly from a continuity of perspective on Israel s strategic problems from 1948 to August 1969 a useful book Military Affairs

The Making of Israel C.L. Crouch, 2014-06-10 In *The Making of Israel* C L Crouch presents the southern Levant during the seventh century BCE as a major period for the formation of Israelite ethnic identity challenging scholarship which dates biblical texts with identity concerns to the exilic and post exilic periods as well as scholarship which limits pre exilic identity concerns to Josianic nationalism The argument analyses the archaeological material from the southern Levant during Iron Age II then draws on anthropological research to argue for an ethnic response to the economic political and cultural change of this period The volume concludes with an investigation into identity issues in Deuteronomy highlighting centralisation and exclusive Yahwism as part of the deuteronomic formulation of Israelite ethnic identity **Making Israel** Benny

Morris,2010-04-23 Benny Morris is the founding father of the New Historians a group of Israeli scholars who have challenged long established perceptions about the origins of the Israeli Palestinian conflict Their research rigorously documented crimes and atrocities committed by the Israeli armed forces including rape torture and ethnic cleansing With Making Israel Morris brings together the first collection of translated articles on the New History by leading Zionist and revisionist Israeli historians providing Americans with a firsthand view of this important debate and enabling a better understanding of how the New Historians have influenced Israelis awareness of their own past The study of Israeli history society politics and economics over the past two decades has been marked by a fierce and sometimes highly personal debate between traditionalists scholars who generally interpreted Israeli history and society within the Zionist ethos and revisionists scholars who challenged conventional Zionist narratives of Israeli history and society Making Israel brings together traditionalists and revisionists who openly and directly lay out their key insights about Israel s origins It also introduces multidisciplinary perspectives on Israel by historians and sociologists each bringing into the debate its own jargon its own epistemology and methodology and its own array of substantive issues This is essential reading for anybody who wants to understand the different interpretations of Israeli society and perhaps the central debate among students of modern Israel Zeev Maoz Professor of Political Science at the University of California Davis and Distinguished Fellow at the Interdisciplinary Center Herzliya Israel s new historians have done a great service to their country and to all who care about the Arab Israeli conflict By challenging myths reexamining evidence and asking truly important questions about the past they help to confront the present with honesty and realism This book provides a sampling of the best of what these courageous voices have to offer William B Quandt University of Virginia Benny Morris is Professor of Middle East history at Ben Gurion University in Beersheba Israel and is the author of Righteous Victims A History of the Zionist Arab Conflict 1881 1999 **The Making of Eretz Israel in the Modern Era** Yehoshua Ben-Arieh,2020-03-09 Napoleon s invasion of the Middle East marks the beginning of the modern era in the region This book traces the developments that led to the making of a new and separate geographical political entity in the Middle East known as Eretz Israel and the establishment of the State of Israel within its bounds Thus its time frame runs from Napoleon s invasion of Eretz Israel Palestine in 1799 to the establishment of Israel in 1948 1949 Eretz Israel as the formal name of a separate entity in the modern era first appeared in the early translations into Hebrew of the Balfour Declaration while in the original document the country was referred to as Palestine During the period of Ottoman rule the territory that would in time be called Eretz Israel Palestine was not a separate political unit Among Jews use of Eretz Israel increased only after the beginning of Zionist aliyot Had the Zionist movement not arisen it is doubtful whether the development to which this study is devoted would have occurred The motivating force behind that process is without doubt the Zionist element That is why Jews are the major protagonists in this book The Making of Modern Israel Leslie Stein,2013-05-20 On May 14 1948 the State of Israel was declared announced by David Ben Gurion at a small

gathering that assembled in the main hall of the Tel Aviv Art Museum Within a time frame of only nineteen years culminating in the Six Day War Israel fought three separate wars But within its first four years thanks to mass immigration its population doubled Furthermore Israel had been confronted with acute economic difficulties intra Jewish ethnic tensions a problematic Arab minority and a secular religious divide Apart from defence issues Israel faced a generally hostile or at best indifferent international community rendering it hard pressed in securing great power patronage or even official sympathy and understanding Based on a wide range of sources both in Hebrew and English this book contains a judicious synthesis of the received literature to yield the general reader and student alike a reliable balanced and novel account of Israel s fateful and turbulent infancy *Krav Maga and the Making of Modern Israel* Andrea Molle,2022-03-04 This book examines the profound interplay of martial arts combative and self defense disciplines with nationalism and ethno religious politics through the analysis of Zionism the birth of the State of Israel antisemitism and the life of the contemporary Jewish Diaspora in the United States It connects martial arts studies and political science spearheading the new field of political hopology Focusing on the complex formative process of national communities their growth resilience and consequences for the individuals Krav Maga and the Making of Modern Israel presents the unique case of Krav Maga literally hand to hand combat a self defense system developed between the late nineteenth and early twentieth centuries which is now considered a staple of Israeli culture and a prime self defense practice Through its chapters the book provides strong evidence supporting the idea that physical violence is indeed needed as a unifying experience to allow national communities to emerge and thrive Furthermore it examines the growing importance of violence for modern democratic societies and suggests the existence of a gladiatorial effect or the need for a certain level of violence to exist to maintain a harmonious stable and cooperative society

Israel in the Making Hagar Salamon,2017-03-27 The brilliant kaleidoscope of everyday creativity in Israel is thrown into relief in this study which teases out the abiding national tensions and contradictions at work in the expressive acts of ordinary people Hagar Salamon examines creativity in Israel s public sphere through the lively discourse of bumper stickers which have become a potent medium for identity and commentary on national and religious issues Exploring the more private expressive sphere of women s embroidery she profiles a group of Jerusalem women who meet regularly and create folk embroidery Salamon also considers the significance of folk expressions at the intersections of the public and private that rework change and embrace transformation Far ranging and insightful *Israel in the Making* captures the complex creative essence of a nation state and vividly demonstrates how its citizens go about defining themselves others and their country every day *The Israel-Palestine Conflict* Neil Caplan,2011-09-19 *The Israel Palestine Conflict Contested Histories* provides non specialist readers with an introduction and historical overview of the issues that have characterized and defined 130 years of the still unresolved Israeli Palestinian conflict Provides a fresh attempt to break away from polemical approaches that have undermined academic discussion and political debates Focuses on a series of core arguments that the author

considers essentially unwinnable Introduces readers to the major historiographical debates sparked by the dispute Encourages readers to consider more useful ways of explaining and understanding the conflict and to go beyond trying to prove who is right and wrong This volume suggests a fresh and original interpretation to the history of the Arab Israeli conflict Caplan juggles skillfully and even handedly between the two narratives reflecting the parties own views without embracing the cause of any party Joseph Nevo University of Haifa An impressive and very valuable work One could not ask for a better short history of the conflict Caplan offers readers a study that is extremely well informed resolutely fair minded and filled with thoughtful insights Mark Tessler University of Michigan *Judah's Desire and the Making of the Abrahamic Israel* Hong Guk-Pyoung,2024-07-01 In this refreshing exploration of Judah s identity formation the emphasis is placed on the psychological underpinnings of Judah s sentiments towards Israel aiming to illuminate the significance of Judah s appropriation of Israel Richly contextual this book draws parallels observed in Asian contexts notably those of North and South Korea and China with its marginal Others Central to the thesis is that Judah s perceived inferiority to Israel played a crucial role in its quest to appropriate Israel s legacy and identity Adopting a functionalist lens Judah s rewriting of Israel s ancestral past is examined The Abraham and Jacob traditions are understood as competing identity narratives serving as critical discursive tools to construct their pasts The study scrutinizes how the southern Abraham tradition fundamentally reoriented the Jacob tradition North Israel s standalone ancestral myth Set against the broader canvas of continued efforts to redefine and embody Israel within the history of Judeo Christian religions this exploration underscores how Judah s pivotal appropriation of Israel has established a paradigm for all future endeavors of becoming Israel **Making the World Safe for Tourism** Patricia Goldstone,2001-01-01 A study of the social and political impacts of tourism It explores how and why tourism aligned itself with political power how it became embedded within non tourist institutions like the World Bank and how since World War II it has become an instrument of international development policy *Policy Making in Israel* Ira Sharkansky,2010-11-23 All governments face problems and are judged by their ability to solve them and the policies they develop in doing so Compared with other Western democracies Israel has faced a devastating number of problems of unusual severity in a relatively short time war terrorism heavy immigration unsettled boundaries economic stresses internal disputes about ethnicity and religion and the lingering scars of the Holocaust and other persecutions Sharkansky s analysis of the Israeli government s routines and methods for coping with such an array of difficulties from simple to complex to intractable offers general insights into how governments make policy in a democracy *Israel: the First Hundred Years* Efraim Karsh,2013-11-26 The end of the British mandate in Palestine heralded the birth of the new state of Israel It also marked the end of one of the most tumultuous and momentous chapters in Israeli history But the new state born into a hostile environment and struggling with the manifold demands of sovereignty would have to face many post Independence challenges to its existence not least in the form of armed conflict and confrontation with its Arab neighbours This volume

examines the conflicts that from the 1948 until the 1967 Six Day War came to define the Israeli struggle for existence

Public Policy in Israel Dani Korn,2005-01-01 In a nation that lacks consensus on the very nature of the state and where policy making is heavily controlled by partisan politics improved policy implementation capabilities are crucial for the very survival of Israeli society Public Policy in Israel presents a framework for understanding this country s fractured decision making process and a blueprint for the radical reform of its policy making system **"The" Conciliator of R. Manasseh**

Ben Israel: The Pentateuch Manasseh ben Israel,Menashe ben Yisrael,Elias Hiam Lindo,1842 *The Conciliator of R.*

Manasseh Ben Israel: The prophets and hagiography Manasseh ben Israel,Elias Hiam Lindo,1842 **Making Australian**

Foreign Policy on Israel-Palestine Eulalia Han,Halim Rane,2013-02-01 Based on extensive research of Australian media coverage public opinion interest groups as well as in depth interviews with current and former diplomats and politicians this book provides a unique insight into the policy making process in regards to one of the world s most enduring and volatile dilemmas Making Australian Foreign Policy on Israel Palestine is a must read for anyone concerned about how social forces influence policy making and the impact this has on Australia s response to world affairs Islamic Studies Series Volume 13

The Challenge of Making Aliya to Aretz Israel Because It Was Never Really a Dull Moment Clifford Hampson,2018-03-16 This book is projected mainly about Israel which I sincerely believe would greatly open your eyes with regard to anything you didnt know about this country I decided to call it the challenge of Aliyah or emigration because of the number of challenges or developments that occurred during my seventeen years in the Middle East There were many periods when the adventures were so pulsating that there was never really a dull or boring moment with little or nothing to do Not only is this book designed to blow your brains to bits but this is the novel of novels which once you pick it up then you wont be able to put it down until its finished It should also be clearly stressed that just before I began writing this epic saga as to the genuine and true spiritual meaning combined with religious cultural values My thoughts in being the second generation from the Nazi Holocaust in Europe are genuine to the core However this is not emphasized in any way as being defined like a national or international hero This situation I sincerely hope will develop in a positive manner way beyond into the future Amen

Ben-Gurion and the Birth of Israel Joan Comay,1967 A biography of the first Prime Minister of Israel who s life and activities parallel the establishment and history of Israel **The Treatment of Israel by the United Nations** Benjamin A. Gilman,2000-12 Witnesses include C David Welch Assistant Secretary Bureau of International Organization Affairs U S Dept of State Martin Indyk Assistant Secretary Bureau of Near Eastern Affairs U S Dept of State Morris Abram Chairman U N Watch John Bolton Senior Vice P resident American Enterprise Institute Ronald Lauder Chairman Conference of Presidents of Major American Jewish Organizations CPMAJO accompanied by Malcolm Hoenlein Vice Chairman CPMAJO Harris Schoenberg Director of U N Affairs B nai B rith International and Bruce Ramer President American Jewish Committee

Israel, the Church, and the Last Days Dan Juster,Keith Intrater,2005 Covering relevant issues now transpiring in the

Middle East Israel the Church and the Last Days examines questions on the Last Days and Israel's place in the end times among other topics and presents a new perspective on these issues Social Issues
