American Classicist Victoria Houseman, 2026-02-10 Edith Hamilton 1867 1963 famed popularizer of the classics whose books include *Mythology* and *The Greek Way* introduced millions literally millions of general readers and young adults to the myths and culture of the Greco Roman world In the middle of the 20th century she was arguably the most visible and widely read person on classics and mythology A graduate of Bryn Mawr College and then a successful teacher and administrator at the Bryn Mawr School in Baltimore Hamilton became well known to the public only when she was in her sixties Her writings written with a middle American audience in mind were intended to introduce general readers to a world of antiquity previously thought to be only the purview of those with knowledge of ancient languages Her most successful book *Mythology* remains the most popular book of its kind and like *The Greek Way* and *The Roman Way* has never gone out of print Houseman recounts Hamilton s life of ninety five years beginning with her childhood introduction to the study of Latin and Greek under her father s tutelage Houseman explores the intellectual influences upon her emphasizing in particular the nineteenth century British thinkers whose work she encountered during her years as a student at Bryn Mawr including Matthew Arnold and Edward Caird It also tells the story of the two romantic relationships that shaped her life The first was with Lucy Martin Donnelly an English professor whose intellectual and aesthetic tastes made a profound impact upon Hamilton The second and more enduring was with Doris Fielding Reid with whom Hamilton lived for over forty years and with whom she raised a family composed of Reid s nephews and nieces The biography also describes Hamilton s

friendships with writers such as Gertrude Stein and Ezra Pound as well as with Senator Ralph E Flanders who led the movement in the Senate to censure Joseph McCarthy and inspired Hamilton's depiction of Demosthenes in her final book *The Echo of Greece*. Houseman also situates Edith Hamilton's writing in relation to contemporary events such as the Great Depression the rise of fascism American involvement in the Second World War the dropping of the atomic bombs and American foreign policy during the Cold War among others. She argues that Hamilton's writing and themes were often a response to these events. Even *Mythology* intended as a modern version of Bulfinch's *Mythology* was partly written during the fascist Italian invasion of Greece and makes many arguments for the special claims of Greece in Western history. Her work has influenced generations of readers as well and was even said to have been a favorite of Robert Kennedy's who drew on *The Greek Way* for inspiration in drafting speeches. The book is intended to be the definitive biography of a fascinating and daring woman who arguably helped to save the classics in America. This will be first biography of Hamilton apart from one written by her partner Doris Fielding which was a mix of memoir and biography. This will also be the first to draw on Hamilton's letters and other primary sources. *aka Marcel Duchamp* Anne Collins Goodyear, James W.

Mcmanus, 2014-12-30 *aka Marcel Duchamp* is an anthology of recent essays by leading scholars on Marcel Duchamp arguably the most influential artist of the twentieth century. With scholarship addressing the full range of Duchamp's career these papers examine how Duchamp's influence grew and impressed itself upon his contemporaries and subsequent generations of artists. Duchamp provides an illuminating model of the dynamics of play in construction of artistic identity and legacy which includes both personal volition and contributions made by fellow artists critics and historians. This volume is not only important for its contributions to Duchamp studies and the light it sheds on the larger impact of Duchamp's art and career on modern and contemporary art but also for what it reveals about how the history of art itself is shaped over time by shifting agendas evolving methodologies and new discoveries. *Alice* Stacy A. Cordery, 2007 A portrait of Teddy Roosevelt's daughter relates such facts as her tempestuous teen years and flouting of social conventions in order to promote women's rights her infidelity tested marriage to Nicholas Longworth and her criticism of FDR's New Deal prog. **Stravinsky in the Americas** H. Colin Slim, 2019-03-05 *Stravinsky in the Americas* explores the pre-Craft period of Igor Stravinsky's life from when he first landed on American shores in 1925 to the end of World War II in 1945. Through a rich archival trove of ephemera correspondence photographs and other documents eminent musicologist H. Colin Slim examines the twenty-year period that began with Stravinsky as a radical European art music composer and ended with him as a popular figure in American culture. This collection traces Stravinsky's rise to fame catapulted in large part by his collaborations with Hollywood and Disney and marked by his extra-marital affairs his grappling with feelings of anti-Semitism and his encounters with contemporary musicians as the music industry was emerging and taking shape in midcentury America. Slim's lively narrative records the composer's larger-than-life persona through a close look at his transatlantic tours and domestic

excursions where Stravinsky's personal and professional life collided in often dramatic ways **American Puppet Modernism** John Bell, 2016-04-30 Please note this is a Palgrave to Order title PTO Stock of this book requires shipment from an overseas supplier It will be delivered to you within 12 weeks This study analyses the history of puppet mask and performing object theatre in the United States over the past 150 years to understand how a peculiarly American mixture of global cultures commercial theatre modern art idealism and mechanical innovation reinvented the ancient art of puppetry
