Making It New Essays Interviews And Talks:

Making it New Henry Geldzahler, 1996 This is Geldzahler's longtime curator of the Metropolitan Museum of Art written legacy a collection of essays interviews and talks covering three turbulent decades in which he and the artists he championed defined what was new and important in contemporary art Foreword by David Hockney Leo and His Circle Annie Cohen-Solal, 2010-05-18 Leo Castelli reigned for decades as America's most influential art dealer Now Annie Cohen Solal author of the hugely acclaimed *Sartre A Life* an intimate portrait of the man that possesses all the detail and resonance of fiction Michiko Kakutani The New York Times recounts his incalculably influential and astonishing life in *Leo and His Circle* After emigrating to New York in 1941 Castelli would not open a gallery for sixteen years when he had reached the age of fifty But as the first to exhibit the then unknown Jasper Johns Castelli emerged as a tastemaker overnight and fast came to champion a virtual Who's Who of twentieth century masters Rauschenberg Lichtenstein Warhol and Twombly to name a few The secret of Leo's success Personal devotion to the artists his heroes by putting young talents on stipend and seeking placement in the ideal collection rather than with the top bidder he transformed the way business was done multiplying the capital both cultural and financial of those he represented His enterprise which by 1980 had expanded to an impressive network of satellite galleries in Europe and three locations in New York thus became the unrivaled commercial institution in American art producing a generation of acolytes among them Mary Boone Jeffrey Deitch Larry Gagosian and Tony Shafrazi *Leo and His Circle* brilliantly narrates the course of one man's power and influence But Castelli had another secret too his life as an Italian Jew Annie Cohen Solal traces a family whose fortunes rose and fell for centuries before the Castellis fled European fascism Never hidden but also never discussed this experience would form the core of a guarded but magnetic character possessed of unfailing old world charm and a refusal to look backward traits that ensured Castelli's visionary precedence in every major new movement from Pop to Conceptual and by which he fostered the worldwide enthusiasm for American contemporary art that is his greatest legacy Drawing on her friendship with the subject as well as an uncanny knack for archival excavation Annie Cohen Solal gives us in full the elegant shrewd irresistible and enigmatic figure at the very center of postwar American art bringing an utterly new understanding of its evolution **Allan Kaprow, Robert Smithson, and the Limits to Art** Philip Ursprung, Fiona Elliott, 2013-05-10 This innovative study of two of the most important artists of the twentieth century links the art practices of Allan Kaprow and Robert Smithson in their attempts to test the limits of art both what it is and where it is Ursprung provides a sophisticated yet accessible analysis placing the two artists firmly in the art world of the 1960s as well as in the art historical discourse of the following decades Although their practices were quite different they both extended the studio and gallery into desert landscapes abandoned warehouses industrial sites train stations and other spaces Ursprung bolsters his argument with substantial archival research and sociological and economic models of expansion and limits *The Necessary Past* Annette Debo, 2024-04-15 Uncovering how

Getsy, 2015-11-03 Original and theoretically astute *Abstract Bodies* is the first book to apply the interdisciplinary field of transgender studies to the discipline of art history It recasts debates around abstraction and figuration in 1960s art through a discussion of gender's mutability and multiplicity In that decade sculpture purged representation and figuration but continued to explore the human as an implicit reference Even as the statue and the figure were left behind artists and critics asked how the human and particularly gender and sexuality related to abstract sculptural objects that refused the human form This book examines abstract sculpture in the 1960s that came to propose unconventional and open accounts of bodies persons and genders Drawing on transgender and queer theory David J Getsy offers innovative and archivally rich new interpretations of artworks by and critical writing about four major artists Dan Flavin 1933 1996 Nancy Grossman b 1940 John Chamberlain 1927 2011 and David Smith 1906 1965 *Abstract Bodies* makes a case for abstraction as a resource in reconsidering gender's multiple capacities and offers an ambitious contribution to this burgeoning interdisciplinary field

Feast of Excess George Cotkin, 2016 *Feast of Excess* is an engaging and accessible portrait of The New Sensibility as it was named by Susan Sontag in 1965 The New Sensibility sought to push culture in extreme directions either towards stark minimalism or gaudy maximalism Through vignette profiles of prominent figures John Cage Patricia Highsmith Allen Ginsberg Andy Warhol Anne Sexton John Coltrane Bob Dylan Erica Jong and Thomas Pynchon to name a few George Cotkin presents their bold headline grabbing performances and places them within the historical moment *Artists, Performers, and Black Masculinity in the Haitian Diaspora* Jana Evans Braziel, 2008-06-27 Jana Evans Braziel examines how Haitian diaspora writers performance artists and musicians address black masculinity through the Haitian Creole concept of *gwo n g*s or big men She focuses on six artists and their work writer Dany Laferrière director Raoul Peck rap artist Wyclef Jean

artist Jean Michel Basquiat drag queen performer and poet Assotto Saint and queer drag king performer Dr d a k a Mildr d Gerestant For Braziel these individuals confront the gendered sexualized and racialized boundaries of America s diaspora communities and openly resist domestic imperialism that targets immigrants minorities women gays and queers This is a groundbreaking study at the intersections of gender and sexuality with race ethnicity nationality and diaspora

Translating Warhol Reva Wolf,2024-07-11 The first study of the translations of Andy Warhol s writing and ideas Translating Warhol reveals how translation has alternately censored exposed or otherwise affected the presentation of his political and social positions and attitudes and in turn the value we place on his art and person Andy Warhol is one of the most influential artists of the 20th century and a vast global literature about Warhol and his work exists Yet almost nothing has been written about the role of translations of his words in his international reputation Translating Warhol fills this gap developing the topic in multiple directions and in the context of the reception of Warhol s work in various countries The numerous translations of Warhol s writings words and ideas offer a fertile case study of how American art was and is viewed from the outside Both historical and theoretical aspects of translation are taken up and individual chapters discuss French German Italian and Swedish translations Warhol s translations of his mother s native Rusyn language and culture the Indian artist Bhupen Khakhar s performative translations of Warhol and Warhol as translated for documentary television Translating Warhol offers a fascinating multi faceted perspective on Warhol contributing to our understanding of his place in history as well as to translation theory and inter cultural exchange

Calder: The Conquest of Space Jed Perl,2020-04-14 The concluding volume to the first biography of one of the most important influential and beloved twentieth century sculptors and one of the greatest artists in the cultural history of America is a vividly written illuminating account of his triumphant later years The second and final volume of this magnificent biography begins during World War II when Calder known to all as Sandy and his wife Louisa opened their home to a stream of artists and writers in exile from Europe In the postwar decades they divided their time between the United States and France as Calder made his first monumental public sculptures and received blockbuster commissions that included Expo 67 in Montreal and the 1968 Olympics in Mexico City Jed Perl makes clear how Calder s radical sculptural imagination shaped the minimalist and kinetic art movements that emerged in the 1960s And we see as well that through everything their ever expanding friendships with artists and writers of all stripes working to end the war in Vietnam hosting riotous dance parties at their Connecticut home seeing the mobile Calder s essential artistic invention find its way into Webster s dictionary Calder and Louisa remained the risk taking singularly bohemian couple they had been since first meeting at the end of the Roaring Twenties The biography ends with Calder s death in 1976 at the age of seventy eight only weeks after an encyclopedic retrospective of his work opened at the Whitney Museum in New York but leaves us with a new clearer understanding of his legacy both as an artist and a man

Warhol's Working Class Anthony E. Grudin,2017-10-20 This book explores Andy Warhol s creative engagement with social class

During the 1960s as neoliberalism perpetuated the idea that fixed classes were a mirage and status an individual achievement Warhol's work appropriated images techniques and technologies that have long been described as generically American or middle class Drawing on archival and theoretical research into Warhol's contemporary cultural milieu Grudin demonstrates that these features of Warhol's work were in fact closely associated with the American working class The emergent technologies Warhol conspicuously employed to make his work home projectors tape recorders film and still cameras were advertised directly to the working class as new opportunities for cultural participation What's more some of Warhol's most iconic subjects Campbell's soup Brillo pads Coca Cola were similarly targeted since working class Americans under threat from a variety of directions were thought to desire the security and confidence offered by national brands Having propelled himself from an impoverished childhood in Pittsburgh to the heights of Madison Avenue Warhol knew both sides of this equation the intense appeal that popular culture held for working class audiences and the ways in which the advertising industry hoped to harness this appeal in the face of growing middle class skepticism regarding manipulative marketing Warhol was fascinated by these promises of egalitarian individualism and mobility which could be profound and deceptive generative and paralyzing charged with strange forms of desire By tracing its intersections with various forms of popular culture including film music and television Grudin shows us how Warhol's work disseminated these promises while also providing a record of their intricate tensions and transformations

Federalizing the Muse Donna M.

Binkiewicz, 2005-12-15 The National Endowment for the Arts is often accused of embodying a liberal agenda within the American government In *Federalizing the Muse* Donna Binkiewicz assesses the leadership and goals of Presidents Kennedy through Carter as well as Congress and the National Council on the Arts drawing a picture of the major players who created national arts policy Using presidential papers NEA and National Archives materials and numerous interviews with policy makers Binkiewicz refutes persisting beliefs in arts funding as part of a liberal agenda by arguing that the NEA's origins in the Cold War era colored arts policy with a distinctly moderate undertone Binkiewicz's study of visual arts grants reveals that NEA officials promoted a modernist abstract aesthetic specifically because they believed such a style would best showcase American achievement and freedom This initially led them to neglect many contemporary art forms they feared could be perceived as politically problematic such as pop feminist and ethnic arts The agency was not able to balance its funding across a variety of art forms before facing serious budget cutbacks Binkiewicz's analysis brings important historical perspective to the perennial debates about American art policy and sheds light on provocative political and cultural issues in postwar America

Factory Made Steven Watson, 2003-10-21 *Factory Made* Warhol and the Sixties is a fascinating look at the avant garde group that came together from 1964 to 1968 as Andy Warhol's Silver Factory a cast that included Lou Reed Nico Edie Sedgwick Gerard Malanga Paul Morrissey Joe Dallesandro Billy Name Candy Darling Baby Jane Holzer Brigid Berlin Ultra Violet and Viva Steven Watson follows their diverse lives from childhood through their Factory years He shows

Materializing Queer Desire Elisa Glick, 2010-03-30 How did the queer subject come to occupy such a central and in many respects contradictory place in the modern world of the early twentieth century What role has capitalism played in the development of modern gay and lesbian identities Materializing Queer Desire focuses on the figure of the dandy to explore how and why gay and lesbian subjects became heroes of modern life Elisa Glick argues that the gay subject emerged out of the specifically modern capitalist contradiction between the public world of production and industry and the private world of consumption and pleasure Boldly bringing modernism into dialogue with Marxist and queer theory Glick offers an innovative materialist account of modern queer consciousness that challenges tendencies to oppose private eroticism and the systems of value that govern public interests In the process she illuminates the connections between aesthetic sexual and social formations in modern life between modernity's disruptive queer desires and their unfolding in an increasingly rationalized society

Monet Jackie Wullschläger, 2024-09-24 A groundbreaking look at the life and art of one of the most influential modern painters of the late nineteenth century and founder of the Impressionist movement Wullschläger emerges with a strikingly different picture of the artist Passionate prickly edgy and unstable her Monet the unrecognizable Monet is a powerful new character in art The Sunday Times London Drawing on thousands of

never before translated letters and unpublished sources this biography reveals dramatic new information about the life and work of one of the late nineteenth century's most important painters Despite being mocked at the beginning of his career and living hand to mouth Monet risked all to pursue his vision and his early work along the banks of the Seine in the 1860s and 70s would come to be revered as Impressionism In the following decades he emerged as its celebrated leader in one of the most exciting cultural moments in Paris before withdrawing to his house and garden to paint the late Water Lilies which were ignored during his lifetime and would later have a major influence on all twentieth century painters both figurative and abstract This is the first time we see the turbulent life of this volatile and voracious man who was as obsessed by his love affairs as he was by nature He changed his art decisively three times when the woman at the center of his life changed Wulfschlager brings these unknown passionate and passionately committed women to the foreground Monet's closest friend was Prime Minister Georges Clemenceau strong intellectual currents connected him to writers from Zola to Proust as well as to his friends Manet Renoir and Pissarro Brilliant and absorbing this biography will forever change our understanding of Monet's life and work
