

The background of the book cover is a detailed, classical-style painting depicting a busy scene of human interaction and labor. In the foreground, a Native American man in a red tunic and feathered headdress is shown in profile, working on a large circular object. To his right, a man in a brown robe is seated at a table, focused on a task. In the background, other figures are engaged in various activities, including one man in a red tunic and another in a green robe. The scene is set in a room with large columns and a high ceiling, suggesting a grand or historical setting.

Nolan Higdon

Making Of The West Peoples And Cultures By Hunt 2nd Edition:

The Making of the West, Combined Volume Lynn Hunt, 2012-01-04 Students of Western civilization need more than facts. They need to understand the cross cultural global exchanges that shaped Western history to be able to draw connections between the social cultural political economic and intellectual happenings in a given era and to see the West not as a fixed region but a living evolving construct. These needs have long been central to *The Making of the West*. The book's chronological narrative emphasizes the wide variety of peoples and cultures that created Western civilization and places them together in a common context enabling students to witness the unfolding of Western history, understand change over time and recognize fundamental relationships. Read the preface *The Making of the West, Combined Version (Volumes I & II)* Lynn Hunt, 2009 *The Making of the West* offers a geographically and culturally expansive conception of the West that prepares students to understand today's globalized world. Its integrated chronological narrative makes the impact of historical developments clear by highlighting the interconnections among the politics, people and ideas of a specific period. From the book's conception, the authors, a team of renowned scholars and expert teachers, have worked to provide a new vision of the West based on cutting edge scholarship. The narrative, enhanced by a rich and informative art and map program, distills the latest research and consistently treats topics underserved in other books: the West in global perspective, high and popular art and culture, and gender.

The Relentless Revolution: A History of Capitalism Joyce Appleby, 2011-03-07 The unlikely development of a potent historical force, told with grace, insight and authority by one of our best historians. With its deep roots and global scope, the capitalist system provides the framework for our lives. It is a framework of constant change, sometimes measured and predictable, sometimes drastic and out of control. Yet what is now ubiquitous was not always so. Capitalism took shape centuries ago, starting with a handful of isolated changes in farming, trade and manufacturing clustered in early modern England. Astute observers began to notice these changes and consider their effects. Those in power began to harness these new practices to the state, enhancing both. A system generating wealth, power and new ideas arose to reshape societies in a constant surge of change. The centuries long history of capitalism is rich and eventful. Approaching capitalism as a culture as important for its ideas and values as for its inventions and systems, Joyce Appleby gives us a fascinating introduction to this most potent creation of mankind from its origins to now.

Moving Europeans, Second Edition Leslie Page Moch, 2009-09-18 Praise for the first edition: By far the best general book on its subject. *Moving Europeans* will remain a standard reference for some time to come. Charles Tilly. Moch has reconceived the social history of Europe. David Levine. *Moving Europeans* tells the story of the vast movements of people throughout Europe and examines the links between human mobility and the fundamental changes that transformed European life. This update of a classic text describes the Western European migration from the pre industrial era to the year 2000. For this new edition, Leslie Page Moch reconsiders the 20th century in light of fundamental changes in labor, years of conflict and the new migrations.

following the end of colonial empires the fall of communism and globalization This new edition also features a greatly expanded and up to date bibliography Territorial Disputes in the South China Sea J. Huang,A. Billo,2014-12-09 Heightened tensions in the South China Sea have raised serious concerns about the dangers of conflict in this region as a result of unresolved complex territorial disputes This volume offers detailed insights into a range of country perspectives addressing the historical legal structural regional and multilateral dimensions of these disputes A Pocket Style Manual Diana Hacker,Nancy Sommers,2012 Clarity grammar punctuation and mechanics research MLA APA Chicago CSE usage grammatical terms Cover **A Companion to World History** Douglas Northrop,2014-12-15 A COMPANION TOWORLD HISTORY This new volume offers insightful reflections by both leading and emerging world historians on approaches methodologies arguments and pedagogies of a sub discipline that has continued to be in flux as well as in need of defining itself as a relevant alternative to the traditional national regional or chronological fields of inquiry Choice The focus on the practicalities of how to do world history probably gives it its edge Its thirty three chapters are grouped into sections that address how to set up research projects in world history how to teach it how to get jobs in it how to frame it and how it is done in various parts of the globe It is an actual handbook in other words as opposed to a sample of exemplary work English Historical Review A Companion to World History offers a comprehensive overview of the variety of approaches and practices utilized in the field of world and global history This state of the art collection of more than 30 insightful essays including contributions from an international cast of leading world historians and emerging scholars in the field identifies continuing areas of contention disagreement and divergence while pointing out fruitful directions for further discussion and research Themes and topics explored include the lineages and trajectories of world history key ideas and methods employed by world historians the teaching of world history and how it draws upon and challenges traditional approaches and global approaches to writing world history By considering these interwoven issues of scholarship and pedagogy from a transnational interregional and world global scale fresh insights are gained and new challenges posed With its rich compendium of diverse viewpoints A Companion to World History is an essential resource for the study of the world s past **Seven Myths of Military History** John D. Hosler,Alfred J. Andrea,Andrew Holt,2022-03-01 This brief provocative and accessible book offers snapshots of seven pernicious myths in military history that have been perpetrated on unsuspecting students readers moviegoers game players and politicians It promotes awareness of how myths are created by the spurious misuse and ignorance of history and how misleading ideas about a military problem as in asymmetric warfare can lead to misguided solutions Both scholarly and engaging this book is an ideal addition to military history and historical methodology courses In fact it could be fruitfully used in any course that teaches critical thinking skills including courses outside the discipline of history Military history has a broad appeal to students and there s something here for everyone From the so called Western Way of War to its sister myth technological determinism to the academic party game of once faddish Military Revolutions the

book shows that while myths about history may be fun myth busting is the most fun of all Reina Pennington Norwich University

A Pocket Guide to European History Montgomery Ashford, 2009-11-19 Europe in particular Ancient Greece was the birthplace of Western culture It played a predominant role in global affairs from the 16th century onwards especially after the beginning of colonialism Between the 16th and 20th centuries European nations controlled at various times the Americas most of Africa Oceania and large portions of Asia Both World Wars were ignited in Central Europe greatly contributing to a decline in European dominance in world affairs by the mid 20th century as the United States and Soviet Union took prominence During the Cold War Europe was divided along the Iron Curtain between NATO in the West and the Warsaw Pact in the East European integration led to the formation of the Council of Europe and the European Union in Western Europe both of which have been expanding eastward since the fall of the Soviet Union in 1991 Explore the history behind the cradle of civilization explore the history behind the world

Perspectives, 2007 **Emotions, Communities, and Difference in Medieval Europe** Maureen C. Miller, Edward Wheatley, 2017-01-12 This book of eleven essays by an international group of scholars in medieval studies honors the work of Barbara H Rosenwein Professor emerita of History at Loyola University Chicago Part I Emotions and Communities comprises six essays that make use of Rosenwein's well known and widely influential work on the history of emotions and what Rosenwein has called emotional communities These essays employ a wide variety of source material such as chronicles monastic records painting music theory and religious practice to elucidate emotional commonalities among the medieval people who experienced them The five essays in Part II Communities and Difference explore different kinds of communities and have difference as their primary theme difference between the poor and the unfree between power as wielded by rulers or the clergy between the western Mediterranean region and the rest of Europe and between a supposedly great king and lesser ones

The Making of the West Lynn Hunt, 2003 Praised for its highly readable narrative and unmatched chronological integration of political social and cultural history The Making of the West Peoples and Cultures

captures the spirit of each age as it situates Europe within a global context An innovative organization seamlessly connects historical events and everyday life while the texts distinctive features introduce students to the process of historical thinking The fully revised second edition includes superior student support 60 additional in text primary sources and comprehensive treatment of the post 1945 era Amazon com viewed February 11 2021 **The Anatomy of Fake News** Nolan

Higdon,2020-08-04 Since the 2016 U S presidential election concerns about fake news have fostered calls for government regulation and industry intervention to mitigate the influence of false content These proposals are hindered by a lack of consensus concerning the definition of fake news or its origins Media scholar Nolan Higdon contends that expanded access to critical media literacy education grounded in a comprehensive history of fake news is a more promising solution to these issues The Anatomy of Fake News offers the first historical examination of fake news that takes as its goal the effective teaching of critical news literacy in the United States Higdon employs a critical historical media ecosystems approach to identify the producers themes purposes and influences of fake news The findings are then incorporated into an invaluable fake news detection kit This much needed resource provides a rich history and a promising set of pedagogical strategies for mitigating the pernicious influence of fake news **Africans and Britons in the Age of Empires, 1660-1980** Myles

Osborne,Susan Kingsley Kent,2015-03-24 Africans and Britons in the Age of Empires 1660 1980 tells the stories of the intertwined lives of African and British peoples over more than three centuries In seven chapters and an epilogue Myles Osborne and Susan Kingsley Kent explore the characters that comprised the British presence in Africa the slave traders and slaves missionaries and explorers imperialists and miners farmers settlers lawyers chiefs prophets intellectuals politicians and soldiers of all colors The authors show that the oft told narrative of a monolithic imperial power ruling inexorably over passive African victims no longer stands scrutiny rather at every turn Africans and Britons interacted with one another in a complex set of relationships that involved as much cooperation and negotiation as resistance and force whether during the era of the slave trade the world wars or the period of decolonization The British presence provoked a wide range of responses reactions and transformations in various aspects of African life but at the same time the experience of empire in Africa and its ultimate collapse also compelled the British to view themselves and their empire in new ways Written by an Africanist and a historian of imperial Britain and illustrated with maps and photographs Africans and Britons in the Age of Empires 1660 1980 provides a uniquely rich perspective for understanding both African and British history Axelrod & Cooper's Concise Guide to Writing Rise B. Axelrod,Charles R. Cooper,2011-10-19 Adapted from the best selling St Martin s Guide to Writing Axelrod and Cooper s Concise Guide to Writing provides streamlined versions of the chapters covering six of the most commonly assigned genres in the first year writing course remembering events writing profiles explaining concepts arguing a position proposing a solution and justifying an evaluation The careful integration of well chosen readings with guided writing instruction in these chapters is complemented by coverage of strategies for reading writing and research in

brief but complete chapters at the end of the book Read the preface Royalists, Radicals, and les Misérables Eric Martone, 2014-10-02 The year of 1832 marked a turning point in France as the country struggled to find its way in the wake of the French Revolution Following the Revolution of 1830 Legitimists supporters of the recently ousted Bourbon dynasty s claim to the throne continued to plot against King Louis Philippe and his July Monarchy In early 1832 after failing to launch a coup in Southern France Legitimists plotted an unsuccessful uprising in the Vendée a region in Western France that had supported the royalist cause during the French Revolution The Duchesse de Berry led the rebellion in the hopes of placing her son the Bourbon heir on the French throne The revolt marked the last attempt by the Bourbons to retake the throne by force and helped solidify the end of the Bourbon dynasty During the cholera outbreak which also spread throughout France in 1832 lower income areas suffered higher losses to the disease for they were more likely to have contaminated water supplies The lower classes spread rumors that the outbreak was an elitist plot to subdue the masses and the epidemic exacerbated class tensions Meanwhile conditions in France continued to be characterized by violence during the early 1830s as Louis Philippe attempted to establish his regime s authority The most significant of these uprisings was the republican dominated June Revolution of 1832 Victor Hugo and other contemporaries perceived the barricades of June as natural extensions of the cholera epidemic or the political continuation of a biological crisis The sad fate of the uprising however prompted republicans to regroup and develop new strategies for success As a whole then 1832 helped solidify the end of the Bourbon monarchy and class identities and was a crucial moment in the re organization and growing solidification of French republicanism that paved the way for the Revolution of 1848 This edited collection examines these three pivotal events in French history in 1832 a royal Legitimist uprising led by the Duchesse de Berry the cholera epidemic and the June Revolution featured in the climax of Hugo s novel *Les Misérables* within the context of the legacy of the French Revolution While the events of 1832 are significant they have been relatively ignored because scholars have been distracted by the Revolutions of 1830 and 1848 This collection is the first piece of scholarship to examine these three events in an interconnected pattern to better examine France as it transitioned from a monarchy to a republic As a result this collection will be of value to both historians and academics studying diverse subfields within French and European studies **The Routledge History of Genocide** Cathie Carmichael, Richard C. Maguire, 2015-05-01 The Routledge History of Genocide takes an interdisciplinary yet historically focused look at history from the Iron Age to the recent past to examine episodes of extreme violence that could be interpreted as genocidal Approaching the subject in a sensitive inclusive and respectful way each chapter is a newly commissioned piece covering a range of opinions and perspectives The topics discussed are broad in variety and include genocide and the end of the Ottoman Empire Stalin and the Soviet Union Iron Age warfare genocide and religion Japanese military brutality during the Second World War heritage and how we remember the past The volume is global in scope something of increasing importance in the study of genocide Presenting genocide as an extremely diverse phenomenon this

book is a wide ranging and in depth view of the field that will be valuable for all those interested in the historical context of genocide

Making of the West, Volume II: Since 1500 Lynn Hunt, Thomas R. Martin, Barbara H. Rosenwein, Bonnie G. Smith, 2012-01-04 Students of Western civilization need more than facts They need to understand the cross cultural global exchanges that shaped Western history to be able to draw connections between the social cultural political economic and intellectual happenings in a given era and to see the West not as a fixed region but a living evolving construct These needs have long been central to The Making of the West The book s chronological narrative emphasizes the wide variety of peoples and cultures that created Western civilization and places them together in a common context enabling students to witness the unfolding of Western history understand change over time and recognize fundamental relationships

Europe in the World from 1350 to 1650 Rila Mukherjee, 2025-08-23 This book covers both European and global History from 1350 to 1650 The eight modules in the textbook offer an all encompassing perspective on European history and a parallel understanding of world history establishing a holistic framework of the events narrated It provides a conceptual framework for understanding the factors that led to the rise of the modern West The textbook offers maps tables and illustrations to quickly comprehend and recollect significant events and their causes and consequences in Europe s transformation from medieval to modern maps The textbook covers political economic intellectual and social history from 1350 to 1650 Each module carries suggested questions and exercises to achieve greater interactive learning The textbook serves as a convenient source of information for advanced readers and upper undergraduates in history to understand the genesis of modern Europe from multiple sources perspectives and languages
