'Militant Islam' vs. 'Islamic Militancy'? Klaus Hock, Nina Käsehaage, 2020 Discourses on radical Islam on Islamic extremism or on religious violence in Islamic contexts are en vogue in

and beyond academia But in view of the highly contested topic of political Islam the challenge starts already with the preferred terminology What actually are we talking about when we talk about salafism jihadism Islamic terrorism etc This edited volume provides a collection of contributions that due to their respective academic cultures and disciplinary locations display a multifaceted variety of approaches to the research field and its subject *Sacred Rage* Robin Wright,2001-12-04 For a generation Muslim extremists have targeted Americans in an escalation of terror that culminated in the September 11 attacks Our shared confusion Who are the attackers Why are we targets is cleared away in a book as dramatic as it is authoritative Updated with new chapters on Afghanistan and the the broader Islamic movement *Sacred Rage* combines Robin Wright s extraordinary reportage on the Islamic world with an historian s grasp of context to explain the roots the motives and the goals of the Islamic resurgence Wright talked to terrorists militant religious leaders and fighters from Beirut to Islamabad and Kabul Their voices of rage reverberate here right up to the attacks in New York and Washington Across continents extends a challenge we fail to understand at our peril *Sacred Rage* now casts light on the war being fought in the shadows **The Charismatic Leadership Phenomenon in Radical and Militant Islamism** Haroro J. Ingram,2016-03-23 Haroro J Ingram journeys through over a century of history from the Islamist modernists of the late 1800s into the 21st century in the first full length examination of the charismatic leadership phenomenon in Islamist radicalism and militancy Exhaustively researched and founded upon a suite of innovative multidisciplinary paradigms this book features case studies of Hassan al Banna Sayyid Qutb Abdullah Azzam Osama Bin Laden and Anwar al Awlaki At a micro level Ingram argues that charismatic leaders act as vehicles for the evolution of modern Islamist radicalism and militancy At a macro level he argues that the transformative charisma phenomenon in Islamist radicalism and militancy produces complex chains of charismatic leaders as individual figures rise by leveraging to varying degrees the charismatic capital of preceding charismatic leaders Within these case studies Ingram offers new approaches to understanding the nuances of these complex phenomena from his ideal types of charismatic leadership in Islamist militancy spiritual guides charismatic leaders and neo charismatic leaders to his framing of al Qaeda as a charismatic adhocracy The result is an authoritative analysis of a phenomenon largely ignored by scholars of both charismatic leadership and Islamism Ultimately this ground breaking investigation offers important insights into the complex nuances that drive the rise and evolution of not only Islamist militancy but radical and militant groups more broadly *Militant Islam in Southeast Asia* Zachary Abuza,2003 Zachary Abuza has traveled to most of the hot spots of Islamic militancy in Southeast Asia Drawing on this intensive on the ground investigation he explains the growing and increasingly violent Islamic political consciousness in Southeast Asia **Islam, Fundamentalism, and the Betrayal of Tradition** Joseph E.B. Lumbard,2009-08-16 Seven years after the horrific attacks of September 11th misunderstanding and distrust between Islam and the West are still as rampant as ever In this new and fully revised edition of his critically acclaimed book Joseph Lumbard collects a series of essays that explain not only the veil of misconceptions which lie at the

heart of Western attitudes towards Islam but also the rise of fundamentalism within Islam itself a phenomenon which most Muslims do not consider a true reflection of their religion This new edition includes the addition of an essay on the role of women in Islam an updated chapter containing insight into the concept of Jihad and three fully revised chapters that bring the discussion up to date with the current global situation A completely modified introduction is also featured This book is an invaluable tool for anyone who wants to see beyond the headlines of hatred and anger which are so common today Pub desc

Terrorist in Search of Humanity Faisal Devji, 2009-01-24 Faisal Devji argues that new forms of militancy such as the actions of al Qaeda are informed by the same desire for agency and equality that animates other humanitarian interventions such as environmentalism and pacifism To the militant victimized Muslims are more than just symbols of ethnic and religious persecution they represent humanity's centuries long struggle for legitimacy and agency Acts of terror therefore are fueled by the militant's desire to become a historical actor on the global stage Though they have yet to build concrete political institutions militant movements have formed a kind of global society and as Devji makes clear this society pursues the same humanitarian objectives that drive more benevolent groups

Political Islam, Justice and Governance Mbaye Lo, 2018-11-08 This book argues that political Islam represented by its moderate and militant forms has failed to govern effectively or successfully due to its inability to reconcile its discursive understanding of Islam centered on literal justice with the dominant neo liberal value of freedom Consequently Islamists' polities have largely been abject often tragic failures in providing a viable collective life and sound governance This argument is developed theoretically and supported through a set of case studies represented by the Muslim Brotherhood in Egypt under President Muhammad Morsi's tenure Hassan Turabi's National Islamic Front in Sudan and The Islamic State in Iraq and Syria ISIS It is ideal for audiences interested in Regional Politics Islamic Studies and Middle Eastern Studies

preoccupation of world and especially U S politics Perhaps no region of the world has ever so dominated the American public discourse as the Middle East does today As Daniel Pipes shows this results mainly but not exclusively from the attacks of September 11 2001 and the ensuing war on terrorism Other sources of trouble include militant Islam Muslims in the West the Arab Israeli conflict the Iraq situation relations with Saudi Arabia the price of oil and gas and U S policy toward all these issues These are the central themes of the roughly one hundred essays in Daniel Pipes Miniatures Views of Islamic and Middle Eastern Politics As Pipes notes the Islamist war against America preceded the events of 9 11 Nevertheless response to the earlier attacks had been inconsistent and somewhat nonchalant Pipes shows how the State Department s annual report on Patterns of Global Terrorism veers into unreliability and even falsehood He explains the problem in George W Bush trying to decide what is true Islam and what not in U S academics hiding the true meaning of the word jihad and in seventh grade textbooks proselytizing for Islam Pipes demonstrates that many seemingly devout Islamists are in fact impious frauds When it comes to the Arab Israeli conflict Pipes indicates how the failure of the Oslo process could be discerned as early as 1994 and he shows how Yasir Arafat speaks one way to Arabs and another way to Israelis This important collection by one of the foremost experts in the field presents original insights accessibly written for Middle East specialists political scientists policymakers journalists and the interested public

Beyond the Age of Innocence Kishore Mahbubani, 2009-04-24 After publishing articles in leading American journals for over two decades Kishore Mahbubani was described as an Asian Toynbee preoccupied with the rise and fall of civilizations by The Economist Trained in philosophy in North America and Asia and well experienced in real politik as a diplomat on the world stage Mahbubani has unusual insight into America s ever more troubled relationship with the rest of the world In Beyond the Age of Innocence Mahbubani reveals to us the America that Asia and the rest of the world see We are a country that has given hope to billions by creating a society where destiny is not determined at birth After the Second World War we created a global order which allowed many nations to flourish But when the Cold War ended America made a terrible mistake We started behaving like a normal country ignoring the plight of others indifferent to the consequences of our decisions on others America was imprudent in its policy towards two large masses of mankind the Chinese and Muslim populations Guantanamo damaged our moral authority but Abu Ghraib paradoxically may have demonstrated the accountability of American institutions Still disillusionment with America has spread to all corners To allow any lasting gap between America and the world Mahbubani argues would be a colossal strategic mistake for America and a huge loss to the world But there is still time for the US to change course and in this thought provoking visionary book Mahbubani shows us how

Congressional Globe 1833 1873 Militant Islam Stephen Vertigans, Donncha Marron, Philip W. Sutton, 2009 Militant Islam provides a sociological framework for understanding the rise and character of recent Islamic militancy. It takes a systematic approach to the phenomenon and includes analysis of cases from around the world, comparisons with militancy in other religions and their causes and consequences. The sociological concepts and theories examined in the book include those associated with social closure, social movements, nationalism, risk, fear, and de-civilising. These are applied within three main themes: characteristics of militant Islam, multi-layered causes and the consequences of militancy in particular Western reactions within the war on terror. Interrelationships between religious and secular behaviour, terrorism and counter-terrorism, popular support and opposition are explored. Through the examination of examples from across Muslim societies and communities, the analysis challenges the popular tendency to concentrate upon al-Qaeda and the Middle East. This book will be of interest to students of Sociology, Political Science and International Relations, in particular those taking courses on Islam, religion, terrorism, political violence and related regional studies.

The Islamic State and the Muslims of Trinidad and Tobago in the 21st Century Daurius Figueira, 2021-04-11 This work analyses 1 the discursive terrain of the Muslim community Ummah of Trinidad and Tobago from the Jihad of the Jamaat al Muslimeen on July 27th 1990 to 2015 with emphasis on the evolution of militant Islam in this period. 2 It deconstructs the discourse of the Islamic State constructed to motivate Muslims of the world, especially of the West, to migrate to undertake Hijrah to the Islamic State with emphasis on the discursive concepts of the Islamic Apocalypse, the Malahim Hijrah and Jihad is War. 3 It deconstructs the specific discourse of the Islamic State constituted for the Muslims of Trinidad and Tobago which reveals the importance of the Trinidad and Tobago contingent to the propaganda machinery of the Islamic State. 4 It deconstructs the discourse of the survivors which reveals the complex motivational structure that drove Muslims of Trinidad and Tobago to journey to the Islamic State. What is revealed is a power relation between the Muslims of Trinidad and Tobago who are a minority group of the population of Trinidad and Tobago, the kufr State of Trinidad and Tobago and the discourse of the Islamic State. The reality that the Trinidad and Tobago contingent to Islamic State was the largest per capita amongst Muslims that undertook Hijrah to the Islamic State speaks volumes to the susceptibility of the Muslim community to the call of the Islamic State. This work deconstructs the underlying reality that ensured the virulence of the discourse of the Islamic State in its impact on Muslims of Trinidad and Tobago.
