Structuring Reality by Means of Signs Zeynep Onur, İlhami Sığırıcı, Eero Tarasti, 2016-09-23 Is it Real is a collection of twenty eight papers on the most challenging provocative and profound topics related to the quest for real and virtual realities of vision and other senses and realities that are either constructed or imagined There was no school no theory no methodology nor any empirical approach in semiotics which was not forced to

take a position whether implicitly or explicitly in attempting to discuss this issue Semiotics is a discipline dealing with signs and thus it is commonly thought that if we say of something that it is a sign then it is something less real than the thing itself to which it refers As such the field of problems which opens from the theme Is it Real is almost endless but also relevant This volume presents interactive dialogue related to this question structured under six different headings five papers on the topic of Visual Realities six on What is Real five on Textual Realities concentrating on realities revealed from literature or the written language through texts five on Constructed Realities three on Virtual Realities and finally four papers on Imagery Realities
