Nashville Since the 1920s Don Harrison Doyle, 1985 **Encyclopedia of African American History, 1896 to the Present** Paul Finkelman, 2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century *Urban Lowlands* Steven T. Moga, 2024-04-19 Steven Moga offers an unprecedented and multidisciplinary tour of urban lowlands bringing a fresh perspective to the history of urban development in nineteenth and early twentieth century America Looking closely at the Harlem Flats in New York City Black Bottom in Nashville Swede Hollow in St Paul and The Flats in Los Angeles Moga compares and contrasts patterns of land use reactions to disease and public health the treatment of waste and social discrimination against immigrants ethnic groups and African Americans He creates an alternative interpretive framework for studying poverty and the urban environment with implications for the contemporary American city Tennessee Historical Quarterly, 2001 **The Rebuke of History** Paul V. Murphy, 2003-01-14 In 1930 a group of southern intellectuals led by John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren published *I'll Take My Stand* The South and the Agrarian Tradition A stark attack on industrial capitalism and a defiant celebration of southern culture the book has raised the hackles of critics and provoked passionate defenses from southern loyalists ever since As Paul Murphy shows its effects on the evolution of American conservatism have been enduring as well Tracing the Agrarian tradition from its origins in the 1920s through the present day Murphy shows how what began as a radical conservative movement eventually became alternately a critique of twentieth century American liberalism a defense of the Western tradition and Christian humanism and a form of southern traditionalism which could include a defense of racial segregation Although Agrarianism failed as a practical reform movement its intellectual influence was wide ranging Murphy says This influence expanded as Ransom Tate and Warren gained reputations as leaders of the New Criticism More notably such neo Agrarians as Richard M Weaver and M E Bradford transformed Agrarianism into a form of social and moral traditionalism that has had a significant impact on the emerging conservative movement since World War II *Spying on Students* Gregg L. Michel, 2024-09-04 Gregg L Michel's *Spying on Students* focuses on the law enforcement campaign against New Left and progressive student activists in the South during the 1960s Often overlooked by scholars white southern students worked alongside their Black peers in the civil rights struggle drove opposition to the Vietnam War and embraced the counterculture's rejection of conventions and norms While African Americans bore the brunt of police surveillance and harassment federal agencies such as the FBI and local police intelligence units known as Red Squads subjected white student activists to wide ranging intrusive and illegal monitoring By examining the experiences of white students in the South Michel provides fresh insights into the destructive weaponized spying tactics deployed by state actors in their attempts to quash dissent in the region Drawing on previously secret FBI files and records of other investigative agencies Michel demonstrates that authorities at all levels of government

turned the full power of their offices against white activists listening to their conversations infiltrating their meetings and sowing discord within their families and schools Efforts to surveil and repress social activism reflected officials fear of growing unrest on the part of white students who questioned the southern racial status quo and recoiled as the horrors of Vietnam laid bare the shibboleth of American exceptionalism As white students revolted on campuses elsewhere most notably at Berkeley and Columbia law enforcement sought to curtail such disruptions in the South In their view white students threatened domestic tranquility and therefore warranted close monitoring Spying on Students presents a unique perspective on state actors war on dissent exposing their suspicion of opposing political beliefs and revealing their paranoia as they sought to preserve the existing racial order The work complicates further the dominant narrative of the era that casts white southern students as opponents of social change The counterintelligence operations employed against them show not only that white students valued political engagement and social activism but also that authorities considered them a menace to the country as a whole

Since the War of Secession (1860-1920) Yates Snowden, Harry Gardner Cutler, 1920 *Joseph W. Byrns of Tennessee* Ann B. Irish, 2001 Through painstaking research in archives across the nation Ann Irish has produced an illuminating portrait of one of modern Tennessee's most significant but least appreciated public figures Carroll Van West Middle Tennessee State University A thoroughly researched and gracefully written account of the man who served as Speaker of the U S House of Representatives during the critically important Second New Deal period This book will be of interest to students of Tennessee political history as well as scholars of reform in the twentieth century United States Roger Biles East Carolina University During a congressional career that lasted nearly three decades Joseph W Byrns 1869 1936 exercised significant influence in Washington He served as chairman of both the Democratic Congressional Campaign Committee and the House Appropriations Committee before becoming Speaker of the House in 1935 In this first full length biography Ann B Irish explores Byrnes's life and career detailing his achievements and assessing their impact After serving in the Tennessee General Assembly from 1895 to 1901 Byrns was elected to Congress in 1909 He was involved in tariff issues World War I expenditures economic development of impoverished areas and farm policy As a longtime senior Democrat on the Appropriations Committee he played a major role in creating the first budget system for the United States government Ever responsive to the needs of his constituents Byrns strove during the Depression years for two urgent but somewhat contradictory goals a balanced budget and relief for the needy In 1932 he was instrumental in defeating a proposed federal sales tax During Franklin D Roosevelt's first term Byrns was House Majority Leader for two years then Speaker As a moderate southern Democrat he privately questioned some of Roosevelt's programs but nevertheless embraced the New Deal out of party loyalty He introduced the bill creating the Civilian Conservation Corps and successfully maneuvered other major New Deal initiatives through Congress His sudden death in 1936 cut short his career at the very point when he was most influential Drawing on extensive and meticulous research Irish shows how Byrns's political skills as well his reputation for

fairness and consideration helped propel him into the House leadership Her biography of this long neglected figure will prove a valuable addition to the political history of both Tennessee and the nation The Author A retired high school teacher and distant relative of Joseph Byrns Ann B Irish holds a doctorate in history from the University of Washington She lives on Vashon Island Washington
