The Private City Sam Bass Warner,1987-06 Winner of the Albert J Beveridge Award in American History Packed with suggestive historical detail **Notorious Woman** Elizabeth Urban Alexander,2004-10-01 The legal crusade of Myra Clark Gaines 1804 1885 has all the trappings of classic melodrama a lost heir a missing will an illicit relationship a questionable marriage a bigamous husband and a murder For a half century the daughter of New Orleans millionaire Daniel Clark struggled to justify her claim to his enormous fortune in a case that captivated the nineteenth century public Elizabeth Urban Alexander taps voluminous court records and letters to unravel the twists and turns of Gaines s litigation and reveal the truth behind the mysterious saga of this notorious woman Myra the daughter of real estate heir Clark and Zulime Carri re a beautiful young Frenchwoman was raised by friends of Clark and kept ignorant of her real parentage until 1832 when she discovered her true lineage in letters among her foster father s papers She thereupon returned to Louisiana with tales of a lost will and a secret marriage between Clark and Carri re and claimed to be Clark s missing heir Was Myra the legitimate daughter of the prominent merchant or the fruit of an adulterous union The courts would decide The Great Gaines Case wound its tortuous path through the United States legal system from 1834 until 1891 It was considered by the U S Supreme Court seventeen times and pursued even after Gaines s death by lawyers trying to recoup fees By courageously bringing her case to the courtroom and doggedly keeping it there Alexander asserts Gaines helped instigate a new type of family law that provided special protection of women children and marriages Though Gaines never recovered more than a tiny fraction of the rumored millions this riveting chronicle of her struggle for legitimacy and legacy as told by Elizabeth Urban Alexander is a gold mine for anyone interested in legal history women s studies or a good yarn superbly spun **A History of Banking in**

Antebellum America Howard Bodenhorn,2000-02-13 Previous banking histories have focused on the money supply function of early American banks and its connection to the recurrent boom bust cycle of the antebellum era This history focuses on the credit generating function of American banks It demonstrates that banks aggressively promoted development rather than passively followed its course Using previously unexploited data Professor Bodenhorn shows that banks helped to advance the development of incipient industrialization Additionally he shows that banks formed long distance relationships that promoted geographic capital mobility thereby assuring that short term capital was directed in socially desirable directions that is where it was most in demand He then traces those institutional and legal developments that allowed for this capital mobility The result was that America was served by an efficient system of financial intermediaries by the mid nineteenth century

A Gentleman of Color Julie Winch,2003-06-05 Winch has written the first full length biography of James Forten a hero of African American history and one of the most remarkable men in 19th century America Born into a free black family in 1766 Forten served in the Revolutionary War as a teenager By 1810 he had earned the distinction of being the leading sailmaker in

Philadelphia Soon after Forten emerged as a leader in Philadelphia's black community and was active in a wide range of reform activities Especially prominent in national and international antislavery movements he served as vice president of the American Anti Slavery Society and became close friends with William Lloyd Garrison to whom he lent money to start up the Liberator His family were all active abolitionists and a granddaughter Charlotte Forten published a famous diary of her experiences teaching ex slaves in South Carolina's Sea Islands during the Civil War This is the first serious biography of Forten who stands beside Harriet Tubman Frederick Douglass Booker T Washington and Martin Luther King Jr in the pantheon of African Americans who fundamentally shaped American history **Out of Stock** Dara Orenstein,2019-11-07 In Out of Stock Dara Orenstein delivers an ambitious and engrossing account of that most generic and underappreciated site in American commerce and industry the warehouse She traces the progression from the nineteenth century's bonded warehouses to today's foreign trade zones enclaves where goods can be simultaneously on US soil and off US customs territory Orenstein contends that these zones nearly 800 of which are scattered across the country are emblematic of why warehouses have begun to supplant factories in the age of Amazon and Walmart Circulation is so crucial to the logistics of how and where goods are made that it is increasingly inseparable from production to the point that warehouses are now some of the most pivotal spaces of global capitalism Drawing from cultural geography cultural history and political economy Out of Stock nimbly demonstrates the centrality of warehouses for corporations workers cities and empires Business History Kenneth. Riches, Class, and Power Edward Pessen, 2017-07-12 Until publication of *Riches, Classes and Power* Alexis de Tocqueville's vision of the United States as a generally egalitarian nation predominated While historians might quarrel about the social sources of egalitarianism they did not dispute the soundness of the basic model and Tocqueville's vision clearly dominated American's sense of itself as well A self acknowledged congenital skeptic Pessen decided to find out whether the facts of American life sustained Tocqueville's conclusions *Riches, Class and Power* represents more than five years intensive research on the wealth family backgrounds careers marriages residential patterns uses of leisure life styles social standing and influence and power of the wealthy in four of the five largest cities in the United States before the Civil War Pessen examines New York City Philadelphia Boston and the then separate city of Brooklyn in the 1820s and 1840s His claim is that the massive evidence on urban life of the time sharply refutes Tocqueville's thesis A National Book Award finalist for history *Riches, Class and Power* undoubtedly helped reshape America before the Civil War In his reintroduction to this paperback edition Pessen reviews the critical reaction and reconsiders the extent to which its findings are applicable to the social structure of small or frontier towns of the period He discusses whether unequal distribution of wealth in America results more from changes in historical circumstance or to shifts in demographic or age structure
