Nathaniel Hawthorne Transcendental Symbolist:

Nathaniel Hawthorne, Transcendental Symbolist Marjorie J. Elder, 1969 **Nathaniel Hawthorne, Transcendental Symbolist** Marjorie J. Elder, 1969 *Salem, Transcendentalism, and Hawthorne* Alfred F. Rosa, 1980 Having thoroughly researched the rich cultural history of Salem Massachusetts the author is able to give students of the movement a comprehensive overview of the way Transcendentalism made itself felt in that community and the ways the citizens of the town responded to it **Nathaniel Hawthorne, the transcendental movement and The Blithedale Romance as a novelistic critique** Saskia Guckenburg, 2013-12-02 Seminar paper from the year 2013 in the subject English Language and Literature Studies Literature grade 1 7 University of Mannheim language English abstract The paper is divided into two main sections The first section informs about the historical background of the transcendental movement its central ideas and its main followers Further basic information about Hawthorne s attitude towards transcendentalism and his stay at Brook Farm is given The second section which covers three parts focuses on Hawthorne s *The Blithedale Romance* The first part concentrates on Coverdale s critical pessimism towards the social experiment Here the naiveté of the reform approach and the omnipresent theme of masquerading are in the center of consideration The second part deals with the transcendental elevation of nature In this context the juxtaposition between urban and natural environments within the novel as well as the depiction of mesmerism and the expected benefits of farm work are discussed The third part centers on the transcendental tenet of self reliance which is differentiated between the utopia of communal and individual self reliance **A Historical Guide to Nathaniel Hawthorne** Larry J. Reynolds, 2001-07-19 This historical guide collects a number of original essays by Hawthorne scholars that place the author in historical context It includes a brief biography and illustrated chronology of the author s life and times *Nathaniel Hawthorne in Context* Monika M. Elbert, 2018-11-15 This volume provides a comprehensive overview of Nathaniel Hawthorne and demonstrates why he continues to be a critically significant figure in American literature The first section focuses on Hawthorne s interest in and knowledge of past Puritan and colonial and contemporary nineteenth century history women s African American Native American as the inspiration for his writings and the source of his literary success The second section explores his fascination with social history and popular culture by examining topics as mesmerism utopian life styles theatrical performances and artistic innovations The third section looks at how Hawthorne succeeded and excelled in the literary marketplace as an author of children s literature literary sketches and historical romances In the fourth section Hawthorne s literary precursors peers colleagues and successors are analyzed In the final section Hawthorne s attachment to family nature and home is examined as the source of creative inspiration and philosophical questing **Nathaniel Hawthorne** Harold Bloom, 2009 Provides a biography of Nathaniel Hawthorne along with critical views of his work **Hawthorne's Romances** Robert S. Friedman, 2014-02-25 First Published in 2000 Throughout the nineteenth century the study of geometry remained at the core of educational curricula in the United States

strongly affecting how educated Americans construed their world This book examines how each of Nathaniel Hawthorne's romances presents a different geometric figure that becomes representative of the work's themes and narrative designs These geometric figures when approached from the perspective of Victor Turner's symbolic anthropology serve as cultural mediators combining geometric symbology with a unique narrative perspective to offer metaphors of personal and cultural boundaries Freidman presents the literary text as the point of intersection among such disciplines as cultural anthropology history mathematics and American literature

The Half-vanished Structure Magnus Ullén, 2004 This book takes issue with the tendency in twentieth century Hawthorne criticism to blur the distinction between symbolism and allegory Rejecting the long standing notion that Hawthorne is a symbolist in allegorical disguise Ullén argues that allegory is the key to understanding how religion sexuality aesthetics and politics are interwoven in Hawthorne's writings The study presents a model for allegorical interpretation of general applicability which is brought to bear on each of Hawthorne's mature romances and on the oft neglected Wonder Books written for children An unparalleled analysis of the formal intricacies of Hawthorne's writings this book is an eloquent plea for the necessity of grounding ideological analysis in aesthetical considerations

The Art of Authorial Presence Gary Richard Thompson, 1993 The critical literary world has spent a wealth of thought and words on the question of Hawthorne himself Where does he stand in his works In history In literary tradition In this major new study G R Thompson recasts the Hawthorne question to show how authorial presence in the writer's works is as much a matter of art as the writing itself The Hawthorne who emerges from this masterful analysis is not as has been supposed identical to the provincial narrator of his early tales instead he is revealed to be the skillful manipulator of that narrative voice an author at an ironic distance from the tales he tells By focusing on the provincial tales as they were originally conceived as a narrative cycle Thompson is able to recover intertextual references that reveal Hawthorne's preoccupation with framing strategies and variations on authorial presence The author shows how Hawthorne deliberately constructs sentimental narratives only to deconstruct them Thompson's analysis provides a new aesthetic context for understanding the whole shape of Hawthorne's career as well as the narrative ethical and historical issues within individual works Revisionary in its view of one of America's greatest authors *The Art of Authorial Presence* also offers invaluable insight into the problems of narratology and historiography ethics and psychology romanticism and idealism and the cultural myths of America

Hawthorne's the Marble Faun Richard E. Mezo, 1999-05 Since its publication in 1860 critics have questioned the artistic value of Hawthorne's *The Marble Faun* A revival of critical interest during the 1950's and 1960's has done little to change a generally unfavorable opinion of the work With a few notable exceptions most recent critics believe *The Marble Faun* to be inferior to Hawthorne's other completed romances Such opinions however usually seem to be based upon the personal taste of the individual critic rather than upon any sort of objective artistic standards The purpose of this study is to examine and evaluate the various critical approaches to *The Marble Faun* These interpretations

provide the basis for a re appraisal of the work A study of the structure the main themes and the characters of The Marble Faun reveals that it is not an inferior work of art In many respects The Marble Faun reflects the maturity of Hawthorne s artistic and philosophical beliefs The Marble Faun is a work capable of standing on its own merits Some critics have misunderstood Hawthorne s aesthetic principles Hawthorne thought that art should be used to suggest moral values The power of art he believed was in its suggestiveness The creation of an ideal beauty which has no exact counterpart in the material world suggests the reality of an unknowable divine providence However the value of a work of art depends upon the mood of the viewer The viewer must assist the artist with his sympathy and imagination in an act of continual creation The work of art will reflect back only those qualities which are brought to it by the viewer Hawthorne s view of life is similar to the philosophy expressed by modern Christian existentialists Throughout his writings Hawthorne s concern for humanity is evident In The Marble Faun Hawthorne explores a problem which has become almost an obsession of modern man This problem is the question of man s moral position in what seems to be a meaningless if not hostile universe The most important theme of The Marble Faun is a consideration of the consequences of man s alienation from other men from God and from nature The structure and the themes of The Marble Faun are developed through the actions of the major characters Hilda Miriam Donatello and Kenyon are each transformed by a fall from relative innocence into a world of suffering humanity Donatello s transformation from faun to man is more striking than the transformations of the other three characters and it is his fall which leads to the question of the felix culpa Although Hilda and Kenyon are ultimately less mature characters than Donatello and Miriam they also benefit from their experiences in Rome Hawthorne s belief in the brotherhood of all men is demonstrated by the experiences of the major characters in The Marble Faun Whether or not it is their wish each of these characters must accept the responsibility for his own actions and each must become involved with humanity It is Hawthorne s deep concern for the human condition profoundly expressed in his art which makes The Marble Faun a work of enduring importance to our civilization Nathaniel Hawthorne and the Truth of Dreams Rita K. Gollin,1979 **The Productive**

Tension of Hawthorne's Art Claudia Durst Johnson,1981 In both his short fiction and major works Nathaniel Hawthorne like many romantics is torn between the eighteenth century view of an orderly balanced static art and universe on the one hand and the nineteenth century conception of a changeful various art on the other Hawthorne based his social and psychological values on an organic view of the world but the world of his art tended to be mechanistic Johnson argues that Hawthorne found in theology the myths which became vehicles for his exploration of his art Encyclopedia of the American Novel Abby H. P. Werlock,2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this Sufism and American Literary Masters Mehdi Aminrazavi,2014-10-15 Explores the influence of Sufism on nineteenth and early twentieth century writers This book reveals the rich but generally unknown influence of Sufism on nineteenth and early twentieth century American literature The

translation of Persian poets such as Hafiz and Sa di into English and the ongoing popularity of Omar Khayyam offered intriguing new spiritual perspectives to some of the major American literary figures As editor Mehdi Aminrazavi notes these Sufi influences have often been subsumed into a notion of Eastern chiefly Indian thought and not acknowledged as having Islamic roots This work pays considerable attention to two giants of American literature Ralph Waldo Emerson and Walt Whitman who found much inspiration from the Sufi ideas they encountered Other canonical figures are also discussed including Mark Twain Herman Melville Henry David Thoreau and Henry Wadsworth Longfellow along with literary contemporaries who are lesser known today such as Paschal Beverly Randolph Thomas Lake Harris and Lawrence Oliphant

The Myth of America Viola Sachs, 2019-05-20 No detailed description available for The Myth of America *Jack Lewis and His American Cousin, Nat Hawthorne* D. G. Kehl, 2013-03-29 When he was a student at Oxford University C S Lewis wrote to a friend expressing his great admiration of and enthusiasm for the novels of Nathaniel Hawthorne particularly *The House of the Seven Gables* and *Transformation* British title of *The Marble Faun* This study examines the parallels between these two kindred spirits and their works focusing on their similar worldviews their personal backgrounds and lifestyles and the Ultimates they both pondered It discusses common themes in their works such as myth scientism and the great power of blackness Their respective attitudes toward these issues and others such as faith repentance heaven and hell confession church attendance the clergy and Puritanism are strikingly similar Considerable attention is given to companion pieces of the two writers with discussion of the so called Fortunate Fall in *The Marble Faun* and Perelandra veil imagery in *The Minister's Black Veil* *The Blithedale Romance* and *Till We Have Faces* influence of Bunyan's allegory on *The Pilgrim's Regress* and *The Celestial Railroad* and multiform love in *The Four Loves* and *The House of the Seven Gables* Examination of such affinities between these two writers and their works provides mutual illumination and enhanced appreciation of each

Transcendentalism in America Donald Nelson Koster, 1975 **The Blithedale Romance** Nathaniel Hawthorne, 2015-07-24 Inspired by Nathaniel Hawthorne's own experience as a member of the famous Brook Farm Community which the author describes in his preface as the most romantic episode in his life *The Blithedale Romance* is one of the most engaging and complex of Hawthorne's novels Recounting the hopeful formation and slow fragmentation of a reform minded socialist community in antebellum Massachusetts the novel has increasingly preoccupied commentators on American literature and culture over the last few decades The editors new introduction helps the reader to negotiate Blithedale's literary difficulties by offering a detailed reflection on the main problems confronted by past and present interpreters of the novel Appendices expand on the central historical theme of reform highlighting the novel's references to women's emancipation antislavery and Utopian socialism *New Interpretations of American Literature* Richard Fleming, Michael Payne, 1988 Each essay in this collection focuses on an individual classical American author Thoreau Hawthorne Melville Moore and Stevens and the author's primary works Traditional interpretations are reassessed based on

close study of source texts and criticism
