Reunion Without Compromise Michael Perman,1973-07-27 A study of the political leadership of the Southern States during the decisive three years immediately after the American Civil War This was the crucial moment when the terms and shape of the post war sectional settlement were being deliberated and determined and its outcome depended on the policy pursued by the Federal government towards the leaders of the Confederacy as well as on the Southerners response to whatever course was adopted Consequently the Southern politicians were at the centre of the whole problem of reunion It is very surprising therefore that until this study there has been virtually no analysis by historians of the goals strategies and priorities of the Confederates Yet without this the struggle over Southern readmission cannot properly be understood *A Reference Guide for English Studies* Michael J. Wongsrichanalai,2015-04-01 Outstanding essays exploring how educated Northerners viewed and discussed the Civil War Michael B Ballard Civil War News With contributions from multiple historians this volume addresses the role intellectuals played in framing the Civil War and implementing their vision of a victorious Union Broadly defining intellectuals to encompass doctors lawyers sketch artists college professors health reformers and religious leaders the essays address how these thinkers disseminated their ideas sometimes using commercial or popular venues and organizations to implement what

they believed To what extent did educated Americans believe that the Civil War exposed the failure of old ideas Did the Civil War promote new strains of authoritarianism in northern intellectual life or reinforce democratic individualism How did it affect northerners conception of nationalism and their understanding of their relationship to the state These essays explore myriad topics including How antebellum ideas about the environment and the body influenced conceptions of democratic health How leaders of the Irish American community reconciled their support of the United States and the Republican Party with their allegiances to Ireland and their fellow Irish immigrants How intellectual leaders of the northern African American community explained secession civil war and emancipation The influence of southern ideals on northern intellectuals Wartime and postwar views from college and university campuses and the ideological acrobatics that professors at Midwestern universities had to perform in order to keep their students from leaving the classroom How northern sketch artists helped influence the changing perceptions of African American soldiers over the course of the war Collectively So Conceived and So Dedicated offers an in depth look at this part of the nation s intellectual history and suggests that antebellum modes of thinking remained vital and tenacious well after the Civil War *Subject Index of Modern Books Acquired* British Library,1911 American Presidents Fenton S.
